NOTE

All persons are respectfully requested to examine the foregoing reports of births, marriages and deaths and report to the Town Clerk any errors or omissions that may be discerned therein, so that the records may be corrected. An error in the record, other than a mistake in copying a certificate or return, can be corrected only in accordance with a deposition under oath made by one who was required by law to furnish the information for the original record or by one or more creditable persons having knowledge of the case. (See General Laws, Chapter 46, Section 13.)

Births occurring late in the year are sometimes returned without the Christian name. In such cases parents should return the name to the Town Clerk as soon as selected, as incompleteness of the record may occasion trouble in the future.

Attention is particularly called to the following extracts from the General Laws:

GENERAL LAWS, CHAPTER 46

Section 1. Each city and town clerk shall receive or obtain and record *** facts relative to the births *** in his city or town.

Section 3. Every physician or medical officer registered shall keep a record of the birth of every child in cases of which he was in charge and ***shall, within fifteen days after such birth, mail or deliver to the clerk or registrar of the town where such birth occurred a report *** if the child is illegitimate, the name and other facts relating to the father shall not be stated except at the request in writing of both father and mother filed *** Upon presentation to him of a certificate of the town clerk stating that any such birth has been duly reported, the town treasurer shall pay to such physician or officer a fee of twenty-five cents for each birth so reported *** A physician or any such officer violating any provision of this section shall forfeit not more than twenty-five dollars ***.

Section 4. A member or servant of a family in which a child is born, having knowledge of the facts required *** shall furnish the same upon request of the clerk of the town *** or of any person authorized by him. (Penalty for refusing, not more than ten dollars.)

Section 6. Parents, within forty days after the birth of a child, and every householder within forty days after a birth in his house shall cause notice thereof to be given to the clerk of the town where such child is born.

Section 8. (Penalty for neglect to comply with the provisions of Section 6, not more than five dollars.)

GENERAL LAWS, CHAPTER 207

Section 36. If a marriage is solemnized in another state between parties living in this Commonwealth, who return to dwell here, they shall within seven days after their return, file with the clerk or registrar of the town where either of them lived at the time of their marriage, a certificate or declaration of their marriage including the facts required in a notice of intention of marriage.

Section 55. Whoever violates Section 36 shall forfeit ten dollars.

The Town Clerk hereby gives notice that he is prepared to furnish, parents, householders, physicians and registered hospital medical officers applying therefor, with blanks for return of births as required by law.

CHARLES L. HILDRETH,

Town Clerk.

TOWN CLERK'S REPORT ON DOGS

Number of Dogs Licensed January 1, 1942 to December 3	1, 1942:
207 Males at \$2.00 41 Females at \$5.00 29 Spayed Females at \$2.00	\$414.00 205.00 58.00
277 Dogs Total	\$677.00
	\$677.00
Number of Dogs listed by Assessors and not collected or reported on by Dog Officers thru December 31, 1942:	
Males	128
Females	14
Spayed Females	8
Total	150

The attention of owners and keepers of dogs is called to the following extracts from Chapter 140 of the General Laws as amended:

Section 137. The owner or keeper of a dog which is three months old or over shall annually, on or before March thirty-first, cause it to be registered, numbered, described and licensed for one year from April first following *** in the office of the clerk *** The owner or keeper of a licensed dog shall cause it to wear around its neck or body a collar or harness of leather or other suitable material, to which shall be securely attached a tag *** and upon which shall appear the license number, the name of the town issuing such license and the year of issue.

Section 138. A person who after April first in any year becomes the owner or keeper of a dog which is not duly licensed, and the owner or keeper of a dog when it becomes three months old after March thirty-first in any year, shall cause it to be registered, numbered, described, licensed, collared or harnessed and tagged as required by section one hundred and thirty-seven. A person who after April first in any year becomes the owner or keeper of a dog which is duly licensed in the town where kept shall forthwith give notice in writing to the clerk of such town—that he has become such owner or keeper, and said clerk—shall change the record of such license to show the name and address of the new owner or keeper.

Section 139. The fee for every license shall, except as otherwise provided, be two dollars for a male dog and five dollars for a female dog, unless a certificate of a registered veterinarian who performed the operation that said female dog has been spayed and has thereby been deprived of the power of propagation has been filed with the Town Clerk, in which case the fee shall be two dollars. A certified copy of such certificate on file in the office of any town clerk within the commonwealth may be accepted as evidence that the said operation has been performed.

DOG LICENSES ISSUED THRU DECEMBER 31, 1942

For License Year Ending March 31, 1943

- 30. Voted unanimously to take up Articles 29 and 30 before Article 3, Item 30.

Article 29. Voted that the Town accept gifts made to it by the Solomon Hyams Fund, Inc., during the years 1939, 1940, and 1941, and that the Town Treasurer be and hereby is authorized to accept and receipt on behalf of the Town for such gift as the said Hyams Fund may make to the Town during the year 1942.

Article 30. Voted that the sum of \$1229.05, together with accumulated interest thereon, received by the Town as gifts from the Solomon Hyams Fund, Inc., during the years 1938 to 1941, inclusive, be transferred to and used by the Finance Committee as a Reserve Fund under the Provisions of General Laws, Chapter 40, Section 6.

- 30. Voted unanimously to take up Article 31 before Article 3, Item 30.
- Article 31. Voted that the sum of \$3000.00 be raised and appropriated to be used as a Reserve Fund at the discretion of the Finance Committee as provided in General Laws, Chapter 40, Section 6.
 - Article 3—30. Voted to dismiss Item 30 which was relative to a Reserve Fund.
 - 31. Voted that the sum of \$980.81 be appropriated to pay Bills Outstanding as of December 31, 1941, to be divided as follows: Temporary Aid \$644.02; Old Age Assistance \$216.64; Health Department \$36.00; Police Department \$24.70; Fire Department \$44.45; Soldiers' Benefits \$15.00.
- Article 4. Voted unanimously that the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1942, and to issue a note or notes therefor, payable within one year, and to renew any note or notes which may be given for a period of less than one year in accordance with Chapter 44, section 17 of the General Laws.
- Article 5. Voted that the Board of Selectmen be and hereby are authorized to act as the Agent of the Town in any suit or suits which

may arise during the current year, with authority to settle and adjust claims or demands for or against the Town, and to employ counsel whenever necessary in their judgment.

Article 6. Voted unanimously that Morris A. Hall be elected a member of the Whitney Playground Committee.

Article 7. Voted that the Town appropriate the sum of \$300.00 for the Care of the Whitney Playground.

Article 8. Voted that the sum of \$4200.00 be raised and appropriated for the purpose of carrying on Federal and State Projects, the cost of administration and the cost of materials and supplies for the same, and that the appropriation be used for a Luncheon Project and that the Project be put on a contributory basis and be made practically self supporting.

Article 10. Voted that the Board of Selectmen be and hereby are authorized to sell the old Fire House Building at Forge Village and require the purchaser as a condition of the sale to remove the said building from land of the Abbot Worsted Company within such time as the Selectmen shall direct; and to execute and acknowledge on behalf of the Town such instruments as may be necessary to pass title to the said building.

Article 11. On a motion that the sum of \$540.00 be raised and appropriated to reimburse Cyril A. Blaney for expenses incurred by him in the defense of the suit of Raymond vs. Cyril A. Blaney while acting as physician to the Board of Health in the Health Clinic, a standing vote resulted in a tie 64 Yes to 64 No; Roger K. Poole and Francis J. Brown acted as Tellers. The Moderator then appointed Roger K. Poole, Francis J. Brown, Alice V. Day, John J. MacLeod and Leo J. Connell as Tellers and a written ballot was taken by Precincts, the check lists being used. The result of the vote was Yes 66, No 95, Blanks 5, Total Vote 166, and the motion was therefore lost.

Article 12. Voted that the sum of \$4550.00 be raised and approppriated, and the further sum of \$1200.00 be transferred from the Highway Equipment Account for the purpose of purchasing a new power grader for the Highway Department, the same to be purchased under the supervision of the Board of Selectmen.

Article 13. Voted that the Selectmen be and hereby are authorized to transfer by a good and sufficient bill of sale title to the Fordson grader now used in the Highway Department and apply the sum received therefor against the purchase price of said new power grader.

Article 14. Voted that the sum of \$4000.00 be transferred from the Machinery Fund to the Highway Equipment Account.

Article 15. Voted to dismiss this Article which was relative to the purchasing of an automobile truck for the Highway Department.

Article 16. Voted to dismiss this Article,

Article 17. Voted that the sum of \$450.00 be raised and appropriated for the purpose of purchasing an automobile for the Police Department, said purchase to be made under the supervision of the Board of Selectmen.

Article 18. Voted that the Board of Selectmen $b_{\rm e}$ and hereby are authorized to transfer by a good and sufficient bill of sale title to the police car now used by the Police Department and apply the sum received therefor against the purchase price of the new police car.

Article 19. A motion to dismiss this Article was lost.

Voted that the sum of \$8500.00 be raised and appropriated for the purpose of purchasing a new fire truck and equipment, the same to be purchased under the supervision of the Engineers of the Fire Department.

Article 20. Voted 45 to 6 that the sum of \$400.00 be raised and appropriated for Band Concerts during the current year.

Article 21. Voted that the sum of \$27.50 be raised and appropriated for the purpose of paying a judgment rendered against the Town in a Court of Law.

Article 23. A motion that the sum of \$1000.00 be raised and appropriated for the purposes set forth in Section 1 of Chapter 487 of the Acts of 1941, and including the expenses of the Tire Rationing Board, the said sum to be expended under the direction of the Westford Committee on Public Safety, was lost.

Voted that the sum of \$300.00 be raised and appropriated for the purposes set forth in Section 1 of Chapter 487 of the Acts of 1941, and including the expenses of the Tire Rationing Board, the said sum to be expended under the direction of the Westford Committee on Public Safety.

Article 24. A motion that the name of Depot Street be changed to Tyngsboro Road, and the name of Depot Road be changed to Tyngsboro Road, so that the road leading from Main Street in Westford to the Tyngsboro line will for its entire length be named Tyngsboro Road was lost by a vote of Yes 9, No 16.

Article 25. Voted that the Selectmen be and hereby are authorized to enter into a contract on behalf of the Town with the Abbot Worsted Company on such terms and conditions as they deem advisable for hydrant service at Brookside for a period not to exceed five years.

Article 26. Voted that the Selectmen be and hereby are authorized to enter into a contract on behalf of the Town with the Westford Water Company on such terms and conditions as they deem advisable for hydrant service for a period not to exceed five years.

Article 32. Voted that in order to obtain a final dividend of \$165.69 on claims numbered 11844 to 11849, inclusive, of the Town of Westford against the Traders National Bank of Lowell, Mass., the Receiver's Certificates evidence such claims against the said insolvent Traders National Bank of Lowell not having been sold or assigned to any person but having been lost or destroyed and now being the property of the Town, the Selectmen be and hereby are authorized on behalf of the Town to enter into an agreement providing in substance that the Town will, upon receipt of said sum of money from the Comptroller of the Currency, indemnify said Comptroller against any loss which might be sustained in the event the said Receiver's Certificates are surrendered by an assignee and ownership thereof established in any other person or firm other than the Town of Westford, and the said agreement to further provide that in the event the said documents are ever located they will be immediately forwarded to the Comptroller of the Currency, Division of Insolvent National Banks, Washington, D. C.

Article 33. Voted that the Board of Assessors be and hereby are authorized to use as free cash a sum of money in such amount as the Commissioner of Corporations and Taxation of the Commonwealth shall approve, not however, in excess of \$6000.00; the said sum of money to be applied in determining the tax rate for the year 1942.

Article 34. Voted to accept the minutes of the meeting.

Article 35. Voted to dissolve the meeting.

CHARLES L. HILDRETH,

Town Clerk.

REPORT OF SELECTMEN

To the Citizens of Westford:

The Board organized for the year with Arthur M. Whitley, Chairman, Arthur L. Healy, Secretary and Cyril A. Blaney as the third member.

Reports of the various committees and boards are herein printed. Leo R. Larkin was appointed Forest Warden, and the rest of the appointments were the same as of the previous year.

A report of the Annual Audit is printed herein.

Owing to the war many curtailments had to be made in various ways, and no new equipment for the highways was purchased.

The resignation of Harold W. Hildreth as Town Accountant was accepted with regrets.

The W. P. A. School Lunch has been carried on during the school year and as the figures in the Town Accountant's report will show, has with the exception of the first three months nearly paid for the part the Town has contributed. The first three months the lunches were given without charge, due to the fact it was not voted otherwise until the annual Town Meeting. The price is now fifteen cents per lunch.

Signed:

ARTHUR M. WHITLEY
ARTHUR L. HEALY
CYRIL A. BLANEY

Selectmen

REPORT OF HIGHWAY SUPERINTENDENT

Board of Selectmen.

Gentlemen:

The following is a report of the Highway Superintendent for year ending 1942.

The work of the department has been carried on during the year in about the manner of previous years. As in the past four years an estimate of the types and cost of the work by streets was made and approved by the State Department of Public Works on Chapter 81 and by both the State and County on Chapter 90 Maintenance. Bids on all materials to be used were asked for, awards made and approved by the Selectmen.

The allotment on Chapter 81 for year 1942 was \$22,825. The State contributed \$12,450 and the Town \$10,375, making a total of \$22,825. All of the money was not spent, on account of not being able to buy asphalt, tar and other materials. The sum of \$3000.00 for Chapter 90 Maintenance to which the State and County contributed like amounts, making a total of \$9000.00.

Respectfully submitted,

AUSTIN HEALY

Supt. of Streets

CYRIL A. BLANEY,

Selectmen of Westford.

January 15, 1943.

REPORT OF THE STATE AUDITOR

Mr. Theodore N. Waddell Director of Accounts Department of Corporations and Taxation State House, Boston.

Sir:

As directed by you, I have made an audit of the books and accounts of the town of Westford for the period from September 7, 1941, the date of the previous audit, to August 1, 1942, and submit the following report thereon:

The recorded financial transactions of the several departments receiving or disbursing money for the town, or committing bills for collection, were examined, checked, and verified by comparison with the books of the town accountant and the town treasurer.

The books and accounts kept by the town accountant were examined and checked. The receipts as recorded on the ledger were checked with the records of the several departments making payments to the treasurer and with the treasurer's books, while the recorded payments were checked with the treasury warrants issued by the selectmen and with the treasurer's cash book. The appropriations and transfers as recorded on the ledger were checked with the town clerk's records of town meetings, and with the finance committee's records of transfers from the reserve fund. A trial balance was taken off, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town on August 1, 1942.

The books and accounts of the town treasurer were examined and checked. The receipts, as recorded, were analyzed and checked with the records of the several departments collecting money for the town and with the other sources from which money was paid into the treasury, while the payments were compared with the selectmen's warrants authorizing the treasurer to disburse town funds. The cash book additions were verified and the cash balance on August 1, 1942, was proved by actual count of the cash in the office and by reconciliation of the bank balances with statements furnished by the banks of deposit.

The payments made for maturing debt and interest were checked and compared with the amounts falling due and with the cancelled securities on file.

The savings bank books and securities representing the investment of trust funds in custody of the town treasurer were examined and listed, the income being proved and the transfers to the town being compared with the treasurer's recorded receipts.

The records of tax titles were examined and reconciled with the tax books and with the town accountant's ledger, being further verified by comparison with the records in the Registry of Deeds.

The books and accounts of the tax collector were examined and checked. The poll, property and motor vehicle excise taxes outstanding according to the previous examination and all subsequent commitments were audited and checked to the warrants for their collection. The payments to the treasurer were checked to the treasurer's cash book, the recorded abatements were compared with the assessors' records of abatements granted, and the outstanding accounts were listed and reconciled with the respective ledger accounts.

The departmental accounts committed for collection were examined and checked. The commitments were proved, the recorded receipts were checked with the payments to the treasurer, the abatements were compared with the records in the departments authorized to grant them, and the outstanding accounts were listed and reconciled with the respective ledger accounts.

Verification of the correctness of the outstanding tax and departmental accounts were made by mailing notices to a number of persons whose names appeared on the books as owing money to the town, and from replies received it appears that the accounts, as listed, are correct,

The records of licenses issued by the selectmen, town clerk, and health department were examined and checked, and the payments to the State and the town were verified.

The surety bonds of the town officials required by law to furnish them for the faithful performance of their duties were examined and found to be in proper form.

The records of the sealer of weights and measures, as well as of all other departments collecting money or committing bills for collection, were examined, the payments to the treasurer being compared with the treasurer's recorded receipts.

There are appended to this report, in addition to the balance sheet, tables showing a reconciliation of the treasurer's and the collector's cash, summaries of the tax, tax title, and departmental accounts, together with tables showing the condition and transactions of the trust funds.

While engaged in making the audit, cooperation was received from the officials of the town, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

HBD:MMH

HERMAN B. DINE

REPORT OF FIRE ENGINEERS

The Board of Fire Engineers submit the following report for the year ending December 31, 1942.

The various companies responded to 43 alarms, other than forest fires; namely, 4 buildings, 17 chimney fires, 1 furnace, 2 oil burners, 3 brooder houses, 4 automobiles, 4 dump fires, 1 tractor, 1 box car, 1 gasoline tank, 1 out of town and 3 false alarms. 31 alarms for forest fires were answered making a total of 74 calls. In addition to fire alarms assistance was rendered in two drownings and rescuing a horse from a barn scuttle.

The following new equipment was purchased:

- A new pumping engine complete with necessary equipment such as hose, nozzles, ladders, first aid equipment and necessary fittings.
- A new portable lighting unit for various emergency uses.
- A new body for the Chevrolet Chemical Truck, complete with pump and equipment. This unit should prove very valuable to the Town because it can carry approximately 500 gallons of water for use in the outlying districts where no water is available for immediate use.

Due to War conditions the quality of hose now manufactured is so inferior that we do not feel it advisable to purchase any for the duration unless an extreme emergency arises. However, at the end of the war we advise that the purchase of new, good quality, hose be resumed at regular intervals.

We are proud to report that men have entered the armed services in the past year.

Respectfully submitted,

EDMUND ROGERS, HAROLD WRIGHT, RICHARD HALL.

REPORT OF THE FOREST WARDEN

To the Board of Selectmen:

Dear Sirs:

I wish to report for the year 1942, that there were 31 Brush and Grass Fires, and five Dump Fires. Dump Fires cost the Town \$160,00.

I issued 183 Fire Permits.

The usual appropriation of \$1000, is asked for the year 1943.

Respectfully submitted.

LEO R. LARKIN.

Forest Warden.

REPORT OF THE TREE WARDEN

As usual my work has been removing dead trees from the roadside and removing broken limbs from others.

I would suggest that some maple trees be set out on Depot street.

The ice storm of December 28th, has left the trees in a bad condition with loss of broken limbs which should be taken care of. I suggest the sum of \$1200 be appropriated for taking care of them.

Respectfully submitted.

HARRY L. NESMITH.

Tree Warden.

REPORT OF THE TREASURER

Westford, Mass., January 14, 1943.

Balance on hand January 1, 1942	
Balance on hand December 31, 1942	,
	\$449 497 07

Respectfully submitted,

CHARLOTTE P. GREIG,

Treasurer.

REPORT OF FISH AND GAME WARDEN

I hereby submit my annual report as Fish and Game Warden for the year 1942.

The following fish and game were allotted to the Town	of Westford.
July 29, 1942—Long Sought For Pond 16	00 Trout
July 29, 1942—Snake Meadow 5	00 Trout
July 30, 1942—Keyes Pond 12	00 Trout
Others liberated in brooks in town.	
Pheasants (Adult)	. 20

If information is wanted or any complaints are to be investigated, people interested may get in touch with me by letter or calling at my home.

I take pleasure in announcing no disturbing features and take this opportunity to thank each and everyone for the sincere cooperation you have accorded me.

Respectfully submitted,

EDMUND L. PROVOST,

Game Warden.

REPORT OF SEALER OF WEIGHTS AND MEASURES

As Sealer of Weights and Measures for the Town of Westford, I submit the following report for 1942.

DAVID I. OLSSON,

Tax Collector.

REPORT OF THE BOARD OF HEALTH

Westford, Mass., January 18, 1943.

The Westford Board of Health submits the following report for the year ending December 31, 1942:

The Pre-School and School Clinics, consisting of Vaccination against Small-Pox and immunization against Diphtheria were held and were well attended. Many parents take advantage of this opportunity to immunize their children against these dread diseases.

The School Dental Clinic re-opened in March of this year, with Dr. Glenn D. Estabrook of Littleton, Mass., in charge. A routine oral examination of all school children was made and notices of defects were sent home to their parents. Parental consents have been obtained and all pupils, who for one reason or another, cannot consult their family dentist are gladly treated at the Dental Clinic. Dr. Estabrook spends five hours a day, one day a week, at the Clinic, which is held in the Abbot Hospital in Forge Village.

Dr. John Lapham, Vet. was hired for the year by the Board to supervise all dairy farms.

An Anti-Rabitic Clinic was conducted by Dr. Lapham, but the public response was not as great as the Board would desire. We hope that many more persons will avail themselves of the opportunity to protect their pets from Rabies in 1943. This would be a great Public Health measure as it would protect the public from the seriousness of a bite from a Rabitic animal.

A Tuberculosis Patch Test Program which was financed by the Westford Seal Sale Committee, with the fullest cooperation of the Westford School Department was conducted by the Board, in all the schools. This offer was open to the public, including Pre-School children and Adults, resulting in 540 persons being tested. Of this number, there are 58 persons, who show positive re-actions and will receive a free chest X-Ray.

In that out of town people have taken advantage of our healthful location and have established certain large permanent camping sites,

for the summer months, which are attended by many thousands of children, it has been necessary for the Board to keep a careful watch on these properties, in order that the general health conditions may be kept at a high level.

The milk situation was very carefully supervised by the Board and its agents.

Inspection of Liquor Establishments have been made and conditions, on the whole, were found to be good.

The Board has temporarily adopted the rules and regulations of the State Department of Public Health, relative to Diseases dangerous to the Public Health.

The Board is glad to announce that a sum of money has been returned to the Treasury from our appropriation. We felt, at this time, that it would be better not to procure a new Board of Health car, although the present one is two years old.

The Board of Health has functioned well during the year receiving the fullest cooperation of all its members. Regular monthly meetings were held and also several special meetings.

Dr. RALPH K. COLEMAN, Chairman.
Dr. DWIGHT W. COWLES, Secretary.
Dr. CYRIL A. BLANEY.

REPORT OF PUBLIC HEALTH NURSE

Dr. Ralph K. Coleman, Chairman, Board of Health, Westford, Mass.

Dear Sir:

Following is the report of the Public Health Nurse from January 1, to December 31, 1942:

	Absentees from school visited in their homes	79

CHARLES A. BLODGETT, ALBERT R. WALL, JOHN R. GREENE.

REPORT OF THE BOARD OF PUBLIC WELFARE

The Board organized for the year 1942 with Reginald Blowey, Chairman, William L. Wall, Secretary, and Samuel A. Richards, newly-elected member.

The case load for Old Age Assistance increased throughout the year and grants to individuals were all adjusted to meet the rising cost of living. As there was no unemployment problem this year, the number on welfare was low.

At the Infirmary a new shed for housing farm machinery was built. The house and new shed were then painted. Four additional inmates were accepted from Chelmsford, making the total number of inmates fifteen during the year.

Respectfully,

REGINALD BLOWEY
WILLIAM L. WALL
SAMUEL A. RICHARDS

Board Public Welfare

EXTENSION SERVICE IN THE TOWN OF WESTFORD IN THE YEAR 1942

The following is a report of the work of the Middlesex County Extension Service in the town of Westford in the year 1942.

Dairy farmers were advised on feeding dairy cattle, on improvement of pastures thru plowing, liming, fertilizing, and seeding with the addition of ladino clover. Some farmers were advised on fertilizing and liming and proper seed bed preparation for growing alfalfa. A meeting to discuss milk marketing problems was held in December with Professor E. W. Bell, State College, as the discussion leader. John Howard, Henry B. Wilder, and Edson J. Blaisdell cooperated in the alfalfa top dressing project. Cold Spring Farm is a member of the Middlesex County Herd Health Association.

A fruit meeting was held at Ben Drew's Farm to discuss the latest insect and disease control. A spray notice giving the insect and disease control recommendation was sent to all fruit growers. This aided the growers in producing one of the largest and cleanest crops on record. Many visits were made to aid growers in special insect, disease and cultural practices.

Poultrymen have been assisted in production and disease problems, and in record keeping through farm visits and circular material. Harry M. Ingalls has been president of the Middlesex County Poultry Association, in which many Westford poultrymen have been active.

Sixty-six people attended three meetings on food preservation where the latest methods on canning were demonstrated.

One hundred and three boys and girls were enrolled in 4-H Club Work and helped in the war effort in production and conservation by carrying on activities in canning, clothing, handicraft, conservation, dairy, poultry, and gardening. These clubs were under the supervision of the following leaders: Mrs. Clifford F. Johnson, Mr. and Mrs. Warren M. Nixon, Peter Perry, Chester V. Sweatt, K. Merton Bozoian, Daniel C. Staples, Carlton Chamberlain, and Henry B. Stone. An achievement program and exhibit brought the winter season to a close. Garden and Canning members exhibited in store windows.

Six girls in Mrs. Willard Moore's club canned 681 jars of fruits and vegetables. Four attended Camp Middlesex at Ashby. Esther Moore was among the prize winners in the State Canning exhibit held at Massachusetts Horticultural Hall in Boston. Jack Downing and Lawrence Nixon won recognition in the Middlesex North Garden Contest, while David Burnham's garden record won him recognition in a County Contest. Edwin Nixon was awarded baby chicks on his fine record in the 4-H Egg Laying Contest.

Lawrence Nixon and Carlton Chamberlain acted as counselors at Camp Middlesex.

In the Cameron School Mr. Perry's Manual Training Club is buying War Stamps 100 percent; the Girls Club is buying 90 percent; and, in the Frost School, which includes Mr. Bozoian's Conservation Club, Mrs. Clifford Johnson's Sewing Club and Warren Nixon's Poultry Club, they are buying 92 percent. This points towards victory.

MRS. WARREN M. NIXON.

REPORT OF THE WESTFORD COMMITTEE ON PUBLIC SAFETY

During the past year we have cooperated with the Massachusetts Committee on Public Safety and worked along the lines they have suggested.

Several practice blackouts were held and it was very gratifying to see how smoothly and successfully these were carried out as to detail and with no confusion whatever.

The several division heads and their members, the Wardens, the Firemen and Auxiliary Firemen, Police and Auxiliary Policemen are to be commended for their good work, and we found the Townspeople most cooperative in these trial blackouts.

The blackout signals cannot be heard in all parts of the Town and to improve this situation we are arranging to install at Parkerville, at a small expense, a whistle offered by the Fire Engineers and also one at Nabnasset Lake.

The Report Center at the Town Hall, under the supervision of Chief Air Raid Warden, Allister F. MacDougall, is being operated as last year by volunteer service of the Townspeople and the American Legion is maintaining the Observation Post in the Tower of the Town Hall.

Mr. Roger K. Poole, Chairman of the Salvage Committee moved from town just before the start of the collection of Scrap Metal and Mr. Morris A. Hall was appointed in his place. The Townspeople responded splendidly to a well organized collection campaign and about eighty or eighty-five tons of metal were collected.

Under the direction of the Red Cross, groups are meeting in different parts of the town to work on surgical dressings, so much needed, while other groups are sewing and knitting.

Much credit is due Mrs. Dorothy M. Sargent, Chairman of the Women's Division and her able assistants for instructing numerous classes in First Aid and Advanced Classes, not only in Westford, but also for assisting with the work in neighboring towns.

The Massachusetts Women's Defense Corps under the direction of Lieut. Jessie Abbott have conducted classes which include Nutrition, Canteen Service, Chemical Warfare, Air Raid Precaution, Military Drill, etc.

We have endeavored to organize and make such preparations as would be necessary for the safety and protection of persons and property during any emergency.

WILLIAM R. TAYLOR,

Chairman.

REPORT OF THE WHITNEY PLAYGROUND COMMITTEE

Full credit is given by this committee to Mr. John G. S. Peterson, whose care of the lawns and shrubbery around the playground has been painstaking and efficient. The frequent rains last spring and summer kept the lawns and surrounding shrubbery green and beautiful. It also made necessary more frequent cutting of the lawns. Young and old alike, in our community, may well be proud of this beautiful recreation park.

This committee is also expected to supervise the care of shade trees on Depot street, for which the Whitney Shade Tree Fund was set up.

It is the sole duty of the Tree Warden and his assistants to perform the necessary work for the protection of the Trees.

Last September this committee called the Tree Warden's attention to necessity for action by him to remove dead branches from many trees and try and check further decay.

Since that time wind and ice storms have broken down many branches, but much remains to be done.

We hope that next spring the Tree Warden will be able to take care of this situation. We shall be glad to cooperate with him in every way we can.

JOHN FISHER, CHARLES L. HILDRETH, MORRIS A. HALL,

Whitney Playground Committee.

Westford, Massachusetts,

January 16, 1943.

Commonwealth of Massachusetts Middlesex ss.

Then personally appeared William R. Taylor, and made oath that the above is a true statement of the cost of construction of the Westford Water Company to January 1, 1943 and the Receipts and Expenditures from January 1, 1942 to December 31, 1942, before me.

FREDERIC A. SNOW.

Notary Public.

WESTFORD RATIONING BOARD 332

January 18, 1943

To the Citizens of Westford:

Early in January 1942 the selectmen were asked by Governor Saltonstall to appoint three citizens to act as a rationing board for the town of Westford, the original reason being that practically all supplies of rubber were cut off by the capture by the Japanese of the rubber producing islands of the Pacific.

Late in 1941 all tire and tube supplies held by dealers and individuals were frozen by order of the Federal Government. After the rationing started and during the greater part of 1942 tires and tubes were allowed only to various selected classes such as doctors, nurses, clergymen, farmers, and defense workers.

Early in May the rationing of gasoline was added and for this a registration of all car owners was held at the schools under the supervision of the Superintendent of Schools, then Roger K. Poole, and the teachers of the town.

Next in line was the registration of all citizens of the town for the War Rationing Book, commonly called the Sugar Rationing Book. This, also, was held entirely under the Superintendent of Schools and teachers of the town.

A third registration of all users of fuel oil was held in October under the supervision of Superintendent of Schools, Chester V. Sweatt, and the teachers, aided by some of the citizens.

As the year progressed typewriters, bicycles, certain types of rubber boots, coffee, and heating stoves were added to the rationed list. The superintendent of schools, teachers, and citizens who helped in the registration were very cooperative.

The original rationing board consisted of Edward T. Hanley, William G. Chace and Victor G. Doucette. Due to the additional work, particularly by the adding of the rationing of fuel oil and other commodities, William E. Wright, John Fisher, Oliver A. Reeves and

James L. Knowlton were added to the board. They have lightened the labor of the other members by giving very generously of their time.

Mr. Chace has resigned from the board as of January 15th, 1943 to accept a commission in the U.S. Naval Reserves as Lieutenant Junior Grade. His efficient services were much appreciated by the members of the board.

At the original formation of the board it was found necessary to have a place to meet and a clerk to follow up the many details as outlined by the Office of Price Administrator and Director of State Rationing Boards. Mrs. Hilda I. Bosworth was appointed Clerk of the Board and the work was carried on at her office. As the work increased it became necessary to appoint an additional clerk and the board secured the services of Miss Blanche J. Wilk. The Federal Government has been paying for most of this work, with the Town making up a small deficit.

Mrs. Bosworth and Miss Wilk have given unsparingly of their time in preparing hundreds of forms and giving out certain information made necessary by the demands of the citizens.

EDWARD T. HANLEY

TOWN OF WESTFORD WARRANT

COMMONWEALTH OF MASSACHUSETTS

Middlesex, ss

To the Constable of the Town of Westford, in said County,

GREETINGS:

You are hereby required in the name of the Commonwealth aforesaid, to notify and warn all the inhabitants of said Town qualified to vote in elections, and also in Town affairs, to meet at their several polling places, viz:

Precinct 1. Town Hall, Westford Center.

Precinct 2. Abbot Hall, Graniteville.

Precinct 3. Nabnasset School, Brookside.

Precinct 4. Abbot Hall, Forge Village.

MONDAY, FEBRUARY 8, 1943

being the second Monday in said month, at 12:00 o'clock noon, for the following purposes:

To bring in their votes for the following officers:

For Three Years

Two Members of the School Committee

One Member of the Board of Cemetery Commissioners

One Trustee of the Public Library

One Member of the Board of Health

For One Year

One Moderator

One Constable

One Tree Warden

One Selectman

One Member of the Board of Public Welfare

One Assessor

All on one ballot.

The polls will be open from 12 o'clock noon to 8:00 P. M.,

and

to meet in the Town Hall at Westford Center on the following

MONDAY, FEBRUARY 15, 1943

at 1:00 o'clock in the afternoon, then and there to act upon the following Articles, viz:

- ART. 1, To hear reports of Town Officers and Committees; or act in relation thereto.
- ART. 2. To determine the salary and compensation of elected officers and officials as provided by law.
- ART. 3. To appropriate money to meet the costs and expenses of the following departments, officers and purposes:
 - 1. General Government.
 - 2. Town Hall.
 - 3. Police Department.
 - 4. Fire Department.
 - 5. Hydrants.
 - 6. Sealer of Weights and Measures.
 - 7. Fish and Game Warden.
 - 8. Forest Fires.
 - 9. Town Forest.
 - 10. Tree Warden.
 - 11. Moth Department.
 - 12. Health Department.
 - 13. Cattle Inspector.
 - 14. Highway Purposes.
 - 15. Department of Public Welfare.
 - 16. Soldiers' Benefits.
 - 17. School Department.
 - 18. Vocational Tuition.
 - 19. Public Library.
 - 20. Care of Common.
 - 21. Commemoration of Memorial Day.
 - 22. Publishing of Town Reports.
 - 23. Compensation Insurance.
 - 24. Fire Insurance.
 - 25. General Loans.
 - 26. Interest on General Loans.

- 27. Interest on Revenue Loans.
- 28. Cemeteries.
- 29. Street Lights.
- 30. Finance Committee Reserve Fund.
- 31. Unpaid bills of previous years.
- ART. 4. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the current financial year and to issue a note or notes therefor payable within one year, and to renew any note or notes as may be given for a period of less than one year, in accordance with Section 17 of Chapter 44 of the General Laws; or act in relation thereto.
- ART. 5. To see if the Town will authorize the Selectmen to act as its agent in any suit or suits which may arise during the current year, with authority to settle and adjust claims or demands for or against the Town, and to employ counsel whenever in their judgment it is advisable so to do; or act in relation thereto.
- ART. 6. To see if the Town will vote to raise and appropriate a certain sum of money for the purpose of paying the County of Middlesex, as required by law, the Town's share of the Middlesex County Tuberculosis Hospital as assessed in accordance with the provisions of Chapter 111 of the General Laws; or act in relation thereto.
- ART. 7. To see if the Town will vote to raise and appropriate the sum of Three Hundred (\$300) Dollars, or some other sum, for the care of the Whitney Playground; or act in relation thereto.
- ART. 8. To see if the Town will vote to raise and appropriate a certain sum of money for the purpose of carrying on Federal and State projects, the cost of administration, and the cost of materials and supplies for the same; or act in relation thereto.
- ART. 9. To see if the Town will vote to raise and appropriate the sum of Four Hundred (\$400) Dollars, or some other sum, for Band Concerts during the current year; or act in relation thereto.
- ART. 10. To see if the Town will vote to raise and appropriate the sum of Five Hundred (\$500) Dollars, or some other sum, for the purpose of repairing the damages to the trees on the Common caused by ice storms and windstorms; or act in relation thereto.

- ART. 11. To see if the Town will vote to raise and appropriate a sufficient sum of money for the purpose of placing War Damage Insurance on some or all of the buildings owned by the Town; or act in relation thereto.
- ART. 12. To see if the Town will vote to raise and appropriate the sum of six hundred (\$600) Dollars, or some other sum, for the purpose of Air Raid Warning activities, and for the purposes set set forth in Chapter 487 of the Acts of 1941, the said sum to be expended under the direction of the Westford Committee on Public Safety, or act in relation thereto.
- ART. 13. To see if the Town will vote to raise and appropriate a sufficient sum of money for the purposes of defraying the salaries and expenses of the Ration Board, the said sum to be expended under the direction of the Westford Ration Board; or act in relation thereto.
- ART. 14. To see if the Town will vote to transfer a certain sum of money from the Machinery Fund to the Highway Equipment Account; or act in relation thereto.
- ART. 15. To see if the Town will vote to transfer the amount appropriated under Article 3 of the warrant for the Special Town meeting of May 5, 1941, to the account entitled "Welfare Department Account," as provided in Chapter 65 of the General Laws; or act in relation thereto.
- ART. 16. To see if the Town will vote to authorize the Selectmen to sell for junk or for whatever other sum the said Selectmen may obtain therefor, the cannon and cannon balls on the Common; or act in relation thereto.
- ART. 17. To see if the Town will vote to authorize the Cemetery Commissioners to sell for junk or for whatever other sum the said Cemetery Commissioners may obtain therefor, the horse-drawn hearse owned by the Town; or act in relation thereto.
- ART. 18. To see if the Town will vote to raise and appropria certain sum of money for the purpose of purchasing for the of the Cemetery Department a certain Ford truck which has rented and used by the Cemetery Commissioners during the year, the said purchase to be made under the direction Cemetery Commissioners; or act in relation thereto.

- ART. 19. To see if the Town will vote to raise and appropriate a certain sum of money for the purpose of purchasing a new or used truck for the use of the Cemetery Department, the said purchase to be made under the supervision of the Cemetery Commissioners; or act in relation thereto.
- ART. 20. In the event of an affirmative vote under Article 19, to see if the Town will vote to authorize the Cemetery Commissioners to transfer by good and sufficient Bill of Sale title to the Ford truck purchased under Article 18, and apply the sum received therefor against the purchase price of the truck purchased under Article 19; or act in relation thereto.
- ART. 21. To see if the Town will vote to raise and appropriate the sum of Ten (\$10) Dollars and elect a Dirtctor, under the provisions of Sections 40 to 45 of Chapter 128 of the General Laws as amended: or act in relation thereto.
- ART. 22. To see if the Town will vote to accept Oak and Chestnut Streets, as laid out by the Selectmen, as shown by their report and plan duly filed on the Office of Town Clerk; or act in relation thereto.
- ART. 23. To see if the Town will vote to discontinue any or all of the following roads:

Desmond Road Granite Street Flushing Pond Road Cowdrey Hill Road

Vose Road from Old Lowell Road to Griffin Road; or act in relation thereto.

- ART. 24. To see if the Town will vote to accept the devise, under the eighth clause of the will of Oscar R. Spalding, late of said Westford, deceased testate, a certain parcel of land therein referred to containing about one hundred and seven acres and commonly known as the Snow Swamp Lot.
 - 25. To see if the Town will vote to authorize the Board of Assessors to use as free cash a sum of money not exceeding Ifteen thousand (\$15,000) dollars, such amount to be approved by the Commissioner of Corporations and Taxation of the Commonalth, and said sum to be applied to determining the tax rate for current year 1943; or act in relation thereto.

And you are directed to serve this warrant by posting up true and attested copies thereof at the Town Hall and at each Post Office in said Westford, seven days at least before the time of holding said meeting.

Hereof fail not, and make return of this warrant, with your doings thereon, to the Town Clerk, at the time and place of holding the first meeting aforesaid.

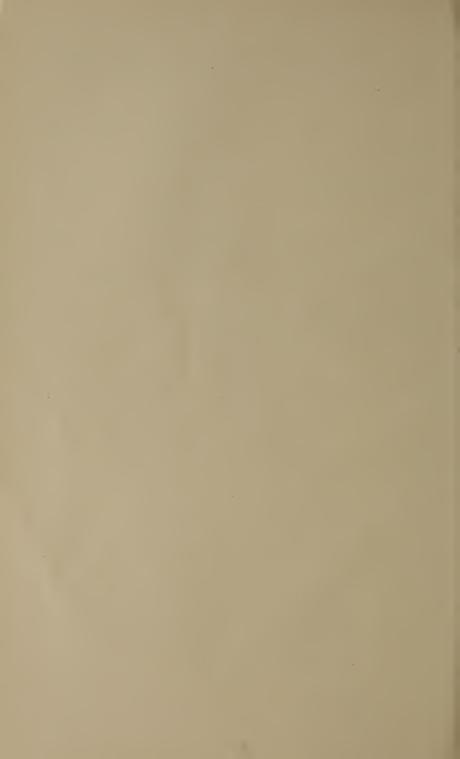

Given under our hands this twenty-sixth day of January in the year of our Lord 1943.

ARTHUR M. WHITLEY
ARTHUR L. HEALY
CYRIL A. BLANEY

Selectmen of Westford

A true copy. Attest:

Constable of Westford.

REPORT OF SCHOOL COMMITTEE

January, 1943.

Citizens of Westford, Westford, Massachusetts.

I hereby submit my annual report as Chairman of the School Committee for the year 1942:

Mr. Roger K. Poole, our Superintendent of Schools for the past three years, resigned in mid-August. We elected Mr. Chester V. Sweatt, former principal of Sargent School, for a one-year term.

Mr. Thomas Curley and Mr. Clifford Courchaine were elected to fill the vacancies left by Mr. George Gibbons and Mr. Eric Anderson, whose terms expired. At the first meeting of the new board, Mr. James Mulligan was chosen chairman and Mrs. Dorothy Chandler, secretary.

Major repairs were made at Sargent School and Westford Academy. They were badly needed in both schools.

The interior of Sargent School was redecorated, and new curtains and fluorescent lights installed. War Time, with the dark winter mornings, is showing constantly how badly these lights were needed. It is regretted that they could not be installed in other schools where they are needed equally as much. Sargent School is now a building of which we can all be proud.

Much badly needed work was done on the Academy. The exterior was reshingled and badly weathered finish work replaced. We advertized for painting bids in the fall, but as no replies were received, it was decided to delay the work until 1943. During the Christmas vacation, new stair treads and hall floors were laid. The hall walls and ceilings were refinished to the second landing. Both the latter repair jobs have added greatly to the appearance, safety, and utility of the Academy. The old treads were so thin that they were noisy and dangerous. The new work has eliminated 70 per cent of the noise in the building.

In order to induce teachers to remain in Westford, a general salary increase of 10 per cent was voted to meet the rising cost of living. Thus far we have been fortunate in not losing many of the staff.

We are respectfully asking for the sum of \$79,800 with which to operate the public schools during 1943, and \$500 for vocational tuition. The increase over last year's amount, is due to the salary raises and needed repairs on the Academy building which we feel are imperative.

This year we received \$6,140.80 from the state as our share of income taxes and \$1,852.37 for tuition and transportation on state wards, also \$183.60 from Tyngsboro, tuition and transportation for two pupils. This money like all others received by the town goes to the Town Treasurer and is used in the reduction of taxes. It is not available for use directly in the schools.

Respectfully submitted,

JAMES P. MULLIGAN,

Chairman.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Westford School Committee:

I herewith submit my first annual report as superintendent of the Westford Schools.

1942, our first year in the War, has brought a re-evaluation of education in the minds of American people. We have always had a great faith in education, but today as perhaps never before we realize that there are different brands of education. Until recent years we felt what the world needed was more and still more education. We felt all the evils of the world—wars, poverty, crime, selfishness, and the like—could be solved if people could have more schooling. Now we know that education can be just as much a cause of those evils as a preventative. Witness the German nation—eighty million people so highly trained in the theory that war and brute force are virtues that they are willing to risk everything they have in seeking the false goal of race superiority.

Americans still believe in education, but some are not quite so sure as formerly. We are questioning the process, and we rightly should, but we shouldn't lose faith. Our error was in accepting education as a sacred fetish rather than a means to an end, for education can serve an evil master as well as a good one. Education is still the answer to many problems, but only if it is a quality of education that contributes to a purpose—in America, democratic living.

This being true, it is the job of us teachers, together with the assistance of all parents and townsfolk, to help our boys and girls secure a worthy conception of the American way of life. Knowledge in itself isn't enough, for knowledge can be used for evil purposes as well as good. Skills, habits, attitudes, and appreciations are the vital elements. Our job as teachers is to do all we can to help our boys and girls to develop into worthy men and women according to the democratic standard.

This we teachers in Westford are trying to do. We are striving to acquaint ourselves more fully with the ideals and principles of democratic living. Our teachers' meetings are devoted to this purpose. Many teachers are reading and thinking more about these ideals and principles than ever before. We are trying to help our pupils to learn to govern their own actions with a minimum of teacher help. (This does not mean that children are allowed to run wild without control,

for if a child cannot govern his own actions, the teacher must exert that control.) We are trying to make our schools happy, homelike places where children like to be. Our ideal is to create an environment where the knowledges, skills, habits, attitudes, and appreciations necessary for worthy living can be developed.

The above is the long-range view, but the war is demanding certain adjustments. We are very much aware of these war needs and are cooperating in all ways we can. Everyone is acquainted with rationing and the part played by Westford teachers. Last February, a U. S. O. party was organized by the teachers for a group from Fort Devens and was a great success. Much of the success of this party was due to the excellent cooperation of other Westford organizations, whose contributions made the party possible. Our teachers are trying to help pupils to get a sane perspective of the war, the issues involved, and the problems ahead.

In the Academy, every effort is being made to use all the resources of the school and community to help pupils prepare themselves for the war services ahead. Academy pupils have assisted on scrap drives and have been of tremendous assistance in maintaining the aircraft observation post. Elementary school children have furnished the enthusiasm, drive, and persistency in making a success of scrap collections and increasing war stamp sales.

Much progress has been made in our faculty in developing a cooperative spirit. Teachers share their skills and knowledge, and as the process is inter-active, all are benefitted. They recognize that cooperation involves taking and sharing responsibility by all concerned—superintendent, teachers, parents, and pupils. They recognize that deceit and unfairness soon undermine the happiness of teachers and pupils. Classroom activities cannot be carried on in a happy atmosphere when teachers feel superintendents, supervisors, and principals are trying to "get something on them." On the other hand, it is also recognized that only as each teacher accepts her responsibilities and shares in administrative duties at all times can each school or the entire system function smoothly.

There is a definite trend on the part of our teachers to make their rooms more like workshops, which is what they should be, for going to school is the particular work of the young, imposed on them by society. In keeping with the workshop idea was the installation of several bookcases in various schools. More cases are under construction by the men teachers and the more capable boys in manual training.

School buildings, grounds, and materials contribute in developing knowledges, habits, skills, attitudes, and appreciations, but only as they contribute are they worthwhile. For example, it is difficult and rather hopeless to get children, or adults, to respect property when that property is in a bad state of disrepair. On the other hand, property kept in good condition incites pride and our attitudes change accordingly for there are few people who do not like their surroundings to be clean and attractive. Physical things aren't goals; they are the tools used. One can generally dig a better ditch with a good shovel than with a poor one, but unless one's attitudes, appreciations, habits, knowledges, and skills are of high quality, his work is most likely to be inferior. All repairs, decorating, and improvements on our buildings should be done to contribute to building worthy ideals, habits, attitudes, and appreciations. The only other possible justification for keeping our school plant in good condition is the one we all know-it is cheaper in the long run.

Benjamin Franklin is supposed to have said that the only things human beings are sure of are death and taxes. As every property owner knows, repairs likewise are as sure for buildings. It would seem that inasmuch as a certain amount of maintenance is necessary each year, we should investigate thoroughly the extent of the yearly replacement. This would allow long-range planning and annual repair work. We could plan painting so that once in five years either the interior or exterior of a building would be done. It would take a few years to get the schedule in full operation and, necessarily, rather heavy expenditures until then. The following schedule is suggestive:

Academy: Exterior 1943, 1950, 1955.

Interior 1942, 1943, 1944, 1945, 1948, 1953.

There is so much to be done in the Academy that the immediate work is here

scheduled over the next three years.

Cameron: Exterior 1946, 1951, 1956.

Interior 1944, 1949, 1954.

Sargent: Exterior 1945, 1950, 1955.

Interior 1947, 1952, 1957.

Frost: Exterior 1944, 1949, 1954.

Interior 1946, 1951, 1956.

Nabnassett: Exterior 1947, 1952, 1957.

Interior 1945, 1950, 1955.

By using a schedule, it would be possible to plan our repairs to fit our means. If a five-year schedule is too expensive, then we should plan on a six, seven, or eight-year basis, but we should plan. The routine work such as repairing loose windows, replacing worn floors, loose plaster, antiquated equipment, etc., amounts to about \$2000 yearly. Once our buildings are put in shape, \$2000 to \$3000 would seem, as things are today, to be a very reasonable amount for maintenance. On the basis of the 1935 valuation of \$118,300 for all our school buildings, which is extremely low, this figures an annual repair bill of 1.7% to 2.5%.

In 1942, the interior of Sargent School was completely redecorated. Mr. Spinner, the janitor, did an excellent job of painting and whitewashing in the basement rooms. The interior of this building is in excellent condition. Fluorescent lighting has been installed, and the results are most satisfactory. Light meter tests averaged three candle power per room on the pupils' desks with the old fixtures. The fluorescent lights now give 10 to 15 candle power which is considered reasonably satisfactory. We now have two schools equipped with more adequate lighting, and as soon as the war permits, the remaining schools should be so equipped.

A beginning was made on major repair work in the Academy. The treads were replaced on all stairs and hall floors relaid. Battle-ship linoleum was laid in the hallway in an effort to cut down on the noise of passing classes with results beyond expectation. The replacement of stair treads was an urgent necessity as many treads were worn to the danger point. The walls and ceilings to the second landings were painted and refinished.

The Academy was reshingled and rotting finish work replaced. When it was felt last fall that funds were available for the painting of the Academy, we advertised for bids. No bids were received, and because of the lateness in the season, the work was postponed until 1943.

There was an unusually large turnover in our personnel during the past year. Miss Ethel Caldwell resigned to accept a position at Willimantic, Conn. Mr. George Charron left us to do guidance work in the Nashua, N. H., schools. Mr. Julius Mueller resigned during the summer to become principal of Dalton High School. Mr. Frederick Delaney left us to teach science at Rockport High School. Miss Mary Healy resigned early in the spring to be married. Mrs. Letitia O'Clair retired in June. Miss Mary Reynolds resigned in September to accept other work. Miss Anna McPartlin accepted a position in the Winchester Schools. To all of you we wish success in your new work.

To Mrs. O'Clair, Westford extends its appreciation for your long and loyal service. Many boys and girls have gone through your classroom and are better men and women today for having had you as a teacher.

We were especially fortunate in securing replacements. In the Academy, Mr. Anthony Brackett, former submaster at Cape Elizabeth, Me., High School was elected principal; Mr. Samuel Frolio, formerly science teacher at Dover, N. H., was chosen to fill the science vacancy; Mrs. Helen Rochefort, an experienced teacher, was employed to teach languages.

Mrs. Ruth Wright was elected principal of Sargent School. Mrs. Wright was formerly a teacher at Sargent School and substituted at Frost School last spring.

Miss Esther Burns, who substituted at Sargent School last year, was chosen for the first grade teacher at Frost School; Miss Edwards, the former first grade teacher, was transferred to departmental work in the same building.

At Cameron, Miss Janet Kenney was elected to the fourth grade position. Miss Helen Johnston was chosen for the third grade there. Both Miss Johnston and Miss Kenney are recent graduates of Lowell Teachers College.

Miss Phyllis Boynton, who taught at Wytopitlock, Maine, last year was appointed for the first three grades at Nabnassett. Miss Helen Brownrig, recent graduate of Salem Teachers College, was appointed teacher of the special class.

On behalf of the school children of Westford, I extend thanks to the Abbot Worsted Company and the C. G. Sargent's Sons Corporation for the generous Christmas gifts.

The teaching staff values highly the excellent cooperation given it during the past year by the School Board and townsfolk and wish you to know that it is united in the ambition to make Westford Schools the finest possible. May I personally thank the School Board, principals, teachers, townsfolk, and pupils for their cooperation, hard work, and devotion to this ideal.

REPORT OF THE PRINCIPAL OF WESTFORD ACADEMY

for the Year Ending December 31, 1942

January 1, 1943

Mr. Chester G. Sweatt, Superintendent of Schools, Westford, Massachusetts.

Dear Mr. Sweatt:

It is a pleasure to submit the annual report of Westford Academy.

Westford Academy opened its doors September 21, 1942 challenged by the world conflict. In company with all other secondary schools throughout the land, Westford Academy was under the necessity of doing its part to help win the War. This part means particularly to meet the wartime needs of the boys and girls in the community. Westford Academy has tried to meet the needs of its community adequately. Westford Academy has endeavored to adjust itself to the changing conditions of the times and constantly to be ready to answer new demands.

One of the first of these new demands was the changes made necessary by the late school opening. Instead of schools starting September 9, the traditional Wednesday after Labor Day, schools began nearly two weeks later in order to allow students to assist in harvesting. Even after school was officially under way, several students continued with their labors, and all during the fall boys were excused for periods of from a half day to two or three days in order to lend assistance to farmers faced by an acute labor shortage.

Adjustments were made by the faculty in the program of studies in order to allow for these irregularities.

When school opened in September, many boys and several girls were regularly employed in full time jobs. In some instances these boys and girls continued with their work, shifting only the hours at which they reported to their place of employment in order to be in school. As the year has progressed, the number of pupils working at regular jobs after school hours has increased. Adjustment has had to be made by the faculty in order to allow for this situation.

At the time of the opening of school, boys 18 to 20 years of age were not subject to draft, although they realized that whether the proposed changes in the draft legislation were made or not, they would be faced with induction in a few years. With the prospect of being called to active military duty shortly, boys felt the need of school work which would fit them to become better fighting men. Changes have been made in the curriculum of the Academy to provide this training. The wisdom of the alterations in the program of studies has been demonstrated by the present draft legislation calling all boys over 18 to the colors.

Although not subject to active military service, girls realized last September that they might soon be called upon to play an important role in war industry. The girls, therefore, demanded new features in the school curriculum and modifications of established practices. Such additions and modifications have been made.

Perhaps one of the most apparent changes has been the modification of the graduation requirements. According to present regulations, any senior who leaves school at midyears in order to enlist in the armed services or to be inducted into them will receive his diploma at the regular graduation ceremonies of the Academy. He must, however, be passing all of his required subjects at the time of his leaving school, he must be a good school citizen, and he must have the recommendation of the Principal of the Academy as a student worthy of the honor of receiving a diploma. Under somewhat the same regulations pupils may leave school at midyears in order to attend an institution of higher learning and receive their diplomas in June from Westford Academy.

Another change very decidedly brought about by the War has been the institution of a course in pre-flight aeronautics. Upon the successful completion of the course a pupil may take the official C. A. A. examinations. This course is taught in a very practical manner, with a minimum of theory, and a stress upon actual problems of aeronautics. It has one of the largest enrollments of any course in the Academy.

A course introduced this September, largely because of the War, is Spanish. During the year 1942-1943 a beginning course in Spanish will be taught. Next year it is hoped to add an advanced course. This study is the most popular of our language courses.

A further addition brought about by the War is the effort to give each senior as much practical work experience as possible. Senior

girls are being allowed to do an increasing amount of clerical work in the office of the Principal and the Superintendent, and as assistants in the work of the rationing board. Boys are encouraged to work at part time jobs in the community.

Another change brought about by the War, but not started since September, is the manning of the observation post in the tower of the Town Hall. The post is operated by Academy students from eight until four during the school week. The Academy is officially enrolled in the High School Victory Corps.

Although such features as a modification of graduation requirements and the institution of new courses may be the outstanding innovations of the past year, an even greater change has been witnessed—a change in attitude. Pupils came to school with a seriousness of purpose on September 21, 1942, which has not been equalled in recent years. For the most part this seriousness of purpose has been maintained. The content of many courses has been made stiffer and the work of the harder studies has been done without complaint. Such courses as aeronautics, chemistry, and mathematics have had larger numbers than usual enrolled. In several instances where pupils could not take mathematics because of a maximum recitation load of required subjects, they have entered advanced mathematics courses as non-credit pupils. Auditors are not usually found in secondary schools.

The return of friends and relatives from the armed services on furlough has demonstrated clearly to the boys the necessity of sound scholarship. This has resulted in boys taking more difficult courses and in studying harder. Particularly has this been true in mathematics.

Another change which the War has brought about in the Academy has been the great curtailment of inter-school athletics. Few games have been played with other schools and no organized schedule has been maintained. On the other hand there has been an increase in intra-mural activity.

There has been, perhaps, a greater interest in social activities of the school to take the place of the outside interests which the pupils formerly found. This has been a decidedly healthful occurrence from the point of view of school morale. Pupils have learned to be self-reliant in the matter of their entertainments.

A new spirit has also been shown on the part of the faculty. The teachers have had little patience with triflers this year. During the

years of depression, when it was probably wise to keep boys and girls in school and out of mischief, work was made easy and pupils were constantly prodded in order to force them to learn. This year it is felt that only those desiring to learn are worthy of special attention. Extra conference periods have been arranged in which pupils may receive teacher help.

The faculty has also tried to encourage self discipline and restraint on the part of the pupils. It is realized that in many cases only a short interval of weeks may pass before a boy or girl who has been constantly supervised by parents and teachers will be suddenly removed from his home community and forced to make all decisions for himself. If this new life comes upon him without any preparation he is likely to make many mistakes. It has, therefore, been the purpose of the faculty of the Academy to encourage independent thinking and activity, with only a minimum of teacher control.

The teachers have also kept constantly in mind the demands upon education to do everything possible to aid in the war effort. There has been a continuous evaluation of each course on the part of the teachers to be certain that in every way possible the course is being used to help win the War. New material is constantly being introduced and obsolete material, or material not as vital to the war effort, is being thrown out. The faculty has determined to do its bit.

Although the first purpose of Westford Academy this year has been to do its part in the effort to win the War, it cannot be said that everything of interest in the Academy has been directly connected with the world conflict. The planned changes in the curriculum, for example, have been completed according to schedule. In all four years of the Academy there is now a "Core Curriculum" and a large number of elective subjects. We do not have a number of compartments in our curriculum, as, for example, a Commercial Course, a College Preparatory Course, and a General Course, but rather a basic educational program for all pupils. Students are individually counseled as to which subjects will best help them to achieve the goals which they have set for themselves.

The "Core Curriculum" was completed this year with the institution of a course in Problems of Democracy. All pupils are now required to take English each year and to take Civics the freshman year, World History the sophomore year, United States History the junior year, and Problems of Democracy the senior year.

Additions to the elective studies in the curriculum include Aeronautics, Home Chemistry, Spanish, and Home Nursing. Each of these subjects have good enrollments and are proving to be highly worthwhile.

The handwriting program has been slightly altered this year with the introduction of "hospital classes" for those who do not come up to a set standard in the legibility of their handwriting. The handwriting of every pupil in school is checked each month, and those who do not meet the standard are given special training.

The motion picture projector, the generous gift of the Trustees of Westford Academy, is in frequent use, both as a method of instruction in the classroom and as a means of educational entertainment.

The club activity program once a week continues to be a popular part of school life. An opportunity is provided for each student to join the club of his choice where some activity in which he is interested is pursued.

Changes in the faculty this year consisted of the election of Mr. Anthony G. L. Brackett as principal, Mr. Samuel F. Frolio as instructor in science, and Mrs. Helen R. Rochefort as teacher of foreign languages.

Miss May E. Day is most generous of her time in coming to the Academy one day every three weeks with a supply of books from which pupils may make selections for outside reading.

I should like to be able to make some forecast as to what the needs of the Academy may be in the future, but because of the war conditions it would seem unwise to do more than offer a few observations. It may very well be that the next year will bring about great changes in our curriculum. We believe that everything in our present curriculum is good, not that it is incapable of improvement, but that it is basically sound. In these times of national peril, however, we must be ever ready to sacrifice whatever is necessary for the good of the country. This may mean that some of the courses which do not directly contribute to the war effort will have to be abandoned for the duration.

It may be that the length of the school year will have to be radically altered. If the present plan of the government and of the colleges to ask for high school seniors after three years and a half of secondary school continues, as we have every reason to believe it will continue, then we must try to crowd into the three and a half years all of the good that we previously did in four years. We will have to evaluate carefully and throw aside some of the things we have previously felt to be essential.

There is one demand of the present which seems to be particularly certain to continue, and that is that our boys must be tougher physically. That means that we should institute a program of health education and that we should start regular physical training classes. Such classes should be compulsory for all boys unless excused by the school doctor because of physical incapacity.

It would seem that I have covered the essential features of the activity of Westford Academy during the past year. Below are certain statistics which should be of interest to the citizens of Westford.

Winners of Prizes (Given By Trustees)

Awarded at Graduation Exercises

Member of Senior Class for Excellence in English during the Senior year:

Five Dollars-Austin Fletcher, '42

Member of Senior Class for Excellence in Senior Stenography: Two and one-half Dollars—Blanche Johanna Wilk, '42

Member of Senior Class for Excellence in Senior Typewriting: Two and one-half Dollars—Inez Joyce Whitney, '42

Washington and Franklin Certificate for Excellence in U. S. History (Given by Massachusetts Society of Sons of the American Revolution):

Rena Frances Shea, '42

Awarded at Class Day Exercises

Member of the Junior Class who, in the estimation of classmates and members of the Faculty, has done the most for the Class and for Westford Academy:

Ten Dollars-John Edgar LeCourt, '43

Member of the Sophomore Class who, in the estimation of classmates and members of the Faculty, has done the most for the Class and for Westford Academy.

Ten Dollars-Thomas William Gower, '44

Member of the Freshman Class with the Highest General Average for the Year:

Five Dollars-Pauline Edna Ferguson, '45

In conclusion I wish to express my appreciation and thanks for the splendid cooperation on the part of the teachers, the Superintendent, and the School Board in the making of this past year a successful one. As a newcomer to this town, I should like to add that I have been most favorably impressed by the excellent support of the parents in matters of student control.

Respectfully submitted,

ANTHONY G. L. BRACKETT,

Principal of Westford Academy.

REPORT OF SCHOOL PHYSICIAN

Members of the School Committee:

The following is my report as school physician for the year ending December 31, 1942:

The usual physical examination was made on all the children attending the public schools of Westford. A separate physical examination is made to recheck all of the cases in which major physical defects are found, and the children may receive treatment if any is indicated.

I cooperated with the Westford Seals Sales Committee and the Board of Health in administering tuberculosis tests to all the school children desiring it.

I have responded to calls at the schools for emergency cases when called by the school principals.

Cooperation by the Board of Health nurse, teachers, and parents of the children has been splendid.

Respectfully submitted,

DR. D. W. COWLES.

REPORT OF THE SCHOOL NURSE

January 14, 1943.

Mr. Chester V. Sweatt, Superintendent of Schools, Westford, Mass.

Dear Sir:

Following is the report of the School Nurse from January 1, to December 31, 1942:

School Visited	263
Dressings and First Aid	29
Children examined for minor ailments	34
Children recommended for exclusion because of Pediculosis and other skin infections	11
Children recommended for exclusion because of Contagious Disease Contact	16
Assisted at Clinic for Mentally Retarded Children. Number of children seen	30
Vaccinations checked.	
Weighed and measured all school children.	

Audiometer, loaned by State Department of Public Health, used to check hearing of school children.

Assisted School Dentist in Oral examination of all school children.

Assisted School Physician with Physical Examination of School Children in Spring and Fall of 1942.

Respectfully submitted,

VERONICA P. MEAGHER, R. N.

REPORT OF THE SUPERVISOR OF MUSIC

Mr. Chester V. Sweatt, Superintendent of Schools, Westford, Massachusetts.

Dear Sir:

The following is my report as Supervisor of Music in Westford Schools:

Even though the children have had to adjust themselves to many new personalities in the schools this year, the loyal cooperation on the part of the pupils and teachers has been most gratifying. I am pleased with the progress made in carrying on my line of work.

Our course in Appreciation of Music has taken on many more activities, and the schools are being visited more often by parents to see these units function.

Glee Clubs are organized in all of the schools under the direction of the homeroom teacher, and rehearsals are held after school hours. Some very fine singing of Christmas songs was done by the group from the Sargent School at the Parent Teachers' Meeting in Westford and at the M. E. Church Fair in Graniteville in December. I also heard some splendid rehearsals at the Cameron and Frost Schools.

On February 2, the Academy Glee Club entertained the P.T.A. in the High School Auditorium and gave a concert there on May 8 for the purpose of getting caps and gowns for the Commencement exercises in June. However, I am sorry to relate that the proceeds amounted to less than two dollars, after all their untiring efforts and splendid performance.

On May 30, the children from all of the schools assembled at Westford Common for the Memorial Day Exercises. A group from grades six and seven of the Sargent School sang "Brave Comrades Sleep" at the Civil War Monument, and the combined schools sang "Pledge to the Flag" and "Star Spangled Banner" most creditably at the World War Monument.

At present, rehearsals for the performance of the "Nutcracker Suite" are in progress at the Frost School, the concert to be given in the spring.

In conclusion, I wish to acknowledge the cooperation of the Superintendent and express my sincere gratitude to the teachers for their helpful support in making this year happy and successful.

Respectfully submitted,

LILLEY M. MORAN,

Music Supervisor.

REPORT OF THE SUPERVISOR OF HANDWRITING

December 22, 1942.

Mr. Chester V. Sweatt, Supt., Westford Public Schools, Westford. Mass.

My dear Mr. Sweatt:

I am pleased to submit the following report on the operation of the Handwriting program in your schools.

Our records show that 20% of your pupils made a score of "A" or "Excellent" on the initial test administered in September, 1940. In the tests administered at the close of the school term last year, 71% of the pupils received a grade of "A." This indicates excellent achievement on the part of your teachers and pupils for which I should like to extend my congratulations.

Last year was the first year in which the Handwriting program was extended to the high school. It is interesting and gratifying to note that 62.9% of the high school pupils received a grade of "A" at the close of the year in Handwriting.

Our supervisors made ten visits to the classrooms during the school term. Master copies of the assignment were placed on the blackboard monthly for instructional purposes; approximately 17,250 samples of informal handwriting were graded in addition to 5,750 formal test papers. A report was sent to each teacher monthly giving a careful diagnosis of the handwriting of each pupil.

The necessary instructional materials were furnished from my office; these included instructional folders for the pupils, monthly outlines for the teachers, room motivation certificates, individual handwriting certificates for high school seniors and eighth grade pupils, monthly and term specimen envelopes, term testing paper, etc.

In general, I think that the program has operated effectively and I have been pleased with the excellent cooperation.

Sincerely yours,

W. L. RINEHART,

WESTFORD SCHOOL CALENDAR

ANNUAL REPORT

OF THE

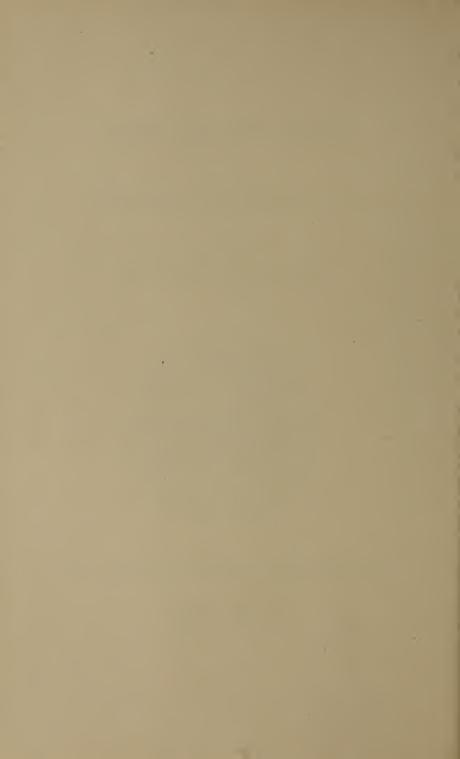

J. V. FLETCHER LIBRARY

OF THE

Jown of Westford

For the Year Ending December 31, 1942

REPORT OF THE TRUSTEES OF THE J. V. FLETCHER LIBRARY

January 1, 1943.

The Trustees of the J. V. Fletcher Library respectfully submit their annual report for 1942, including the report of the Librarian and the list of books added in 1942.

The Trustees feel that further repairs in the building are needed therefore they ask for the following appropriation, viz:

- 1. The sum of twenty-four hundred dollars (\$2,400.00) to meet the current expenses of the main library and its branches.
 - 2. The receipts from the dog licenses in 1942.
 - 3. The receipts from the sale of discarded materials in 1942.

Respectfully submitted,

WILLIAM C. ROUDENBUSH, Chairman WILLIAM R. TAYLOR ALICE M. HOWARD, Secretary.

Receipts from fines and sale of waste material	\$	159.34

REPORT OF THE LIBRARIAN

January 1, 1943.

To the Trustees of the J. V. Fletcher Library:

The librarian herewith submits her twenty-fifth annual report in the eighty-fourth year of the Westford Library and the forty-sixth in the present building.

The grade school children who go by bus still come to the library during their noon hour for books of recreation and reference work which makes a very busy half hour. Books for English book reports are taken to the Academy once in three weeks but the pupils do not have the chance to come to the library after school as formerly so do not read as much.

During Book Week in November the librarian was invited to Miss Tuttle's room to give a talk on books and the library and to give out certificates earned by the children for reading a certain number of books from the state reading list. Others have been added since so that the complete record to date is two honor certificates (20 books) to Frederick A. Burne and Edwin Cox, with seven five-book certificates to six other children. Fifteen children in Graniteville earned one or more certificates last spring.

A general renovation of the library took place last winter. As the shelves in the stack room were very much crowded, many of the oldest and least used books were removed to the attic and arranged so they may be consulted when needed. Out of date magazines and worn out books were sold for salvage; Massachusetts state reports and Smithsonian reports on top of the stacks were removed to the basement where a book room has been arranged. The collection of books from the Social Library (1797-1859), nucleus of the present library, were placed in the cases in the former trustees' room upstairs. In checking with the quaint catalogs of 1816 and 1841 it was surprising to see how many of those old leather bound volumes were still in existence. We also have many of the books of the Agricultural Library which was given to the town in 1873. Added to these are the gifts from various people which gives the library an interesting collection of old books from the eighteenth century on.

About 15 books of limited use here which the library did not own have been borrowed mainly thru the Division of Public Libraries.

Last winter an exhibit was arranged in the Frost museum case of articles representing countries in the war zone of the Pacific. Included were three knives brought from the Philippines at the close of the Spanish-American war by Walter Cutter, motorman of the Westford electric car line, three Chinese puppets, scarf from Java and bullock cast from Ceylon loaned by Miss Marion F. Winnek and dolls from Siam, Java and other countries belonging to the librarian. Books on this region were placed on the table nearby and maps of the war zones were hung in both rooms.

Later an exhibit of articles from the historical room collection was shown, among which were samples from the blue dinner set belonging to Miss Grace Wood's mother; Ephraim Abbot's commonplace book sewed on newspaper of 1800; gill measure of Colonel John Robinson which was used to measure out the men's daily ration of rum in the Revolution; and two horn spoons belonging to Charlotte Bronte.

As a new atlas was needed the one published by the Encyclopedia Britannica was purchased. At the close of the war the company will furnish new maps to bring it up to date.

The library cooperated with the American Library Association and the Division of Public Libraries in collecting books for the soldiers. About 600 were brought to the deposit station in Forge Village and to the library after which they were taken to the central station in Lowell. More will be needed this coming year.

The Library hall has been put to good use this year. The canteen class of the Woman's Defense Corps met there weekly on Thursday afternoons for ten weeks last spring. Since Septembr 17 the Red Cross has met from two to four every library afternoon to fold bandages. This is open to everyone and more workers are needed.

A few magazines have been dropped as not used. All except current numbers may be borrowed for one week and the list for the coming year is as follows:

REGULATIONS

Legacy of Albert E. Prescott

The J. V. Fletcher Library is open Tuesdays, Thursdays, and Saturdays (legal holidays excepted) from 1:30 till 5, and from 6:30 till 9:00 P. M.

The Forge Village deposit station at the Post-Office in charge of Mrs. Josephine Connell is open daily.

New books of fiction can be kept only one week; but there may be one renewal. All other books may be kept four weeks. Renewals may be made by telephone or by postal.

No books shall be transferred, or acknowledged as returned, unless delivered to the librarian.

For each day that a book is kept beyond the prescribed time a fine of one cent is charged.

Borrowers finding books mutilated or defaced should report the fact to the librarian.

LIST OF BOOKS ADDED, 1942

NOTE

All persons are respectfully requested to examine the foregoing reports of births, marriages and deaths and report to the Town Clerk any errors or omissions that may be discerned therein, so that the records may be corrected. An error in the record, other than a mistake in copying a certificate or return, can be corrected only in accordance with a deposition under oath made by one who was required by law, to furnish the information for the original record or by one or more creditable persons having knowledge of the case.

(See General Laws, Chapter 46, Section 13 as amended.)

Births occurring late in the year are sometimes returned without the Christian name. In such cases parents should return the name to the Town Clerk as soon as selected, as incompleteness of the record may occasion trouble in the future.

Attention is particularly called to the following extracts from the General Laws:

GENERAL LAWS, CHAPTER 46

Section 1. Each city and town clerk shall receive or obtain and record * * * facts relative to the births * * * in his city or town.

Section 3. Every physician or medical officer registered shall keep a record of the birth of every child in cases of which he was in charge and * * * shall, within fifteen days after such birth, mail or deliver to the clerk or registrar of the town where such birth occurred a report * * * if the child is illegitimate, the name and other facts relating to the father shall not be stated except at the request in writing of both father and mother filed * * * Upon presentation to him of a certificate of the town clerk stating that any such birth has been duly reported, the town treasurer shall pay to such physician or officer a fee of twenty-five cents for each birth so reported * * * A physician or any such officer violating any provision of this section shall forfeit not more than twenty-five dollars * * *.

Section 4. A member or servant of a family in which a child is born, having knowledge of the facts required * * * shall furnish the same upon request of the clerk of the town * * * or of any person authorized by him. (Penalty for refusing, not more than ten dollars.)

Section 6. Parents, within forty days after the birth of a child, and every householder within forty days after a birth in his house shall cause notice thereof to be given to the clerk of the town where such child is born.

GENERAL LAWS, CHAPTER 207

Section 36. If a marriage is solemnized in another state between parties living in this Commonwealth, who return to dwell here, they shall within seven days after their return, file with the clerk or registrar of the town where either of them lived at the time of their marriage, a certificate or declaration of their marriage including the facts required in a notice of intention of marriage.

Section 55. Whoever violates Section 36 shall forfeit ten dollars.

The Town Clerk hereby gives notice that he is prepared to furnish, parents, householders, physicians and registered hospital medical officers applying therefor, with blanks for return of births as required by law.

CHARLES L. HILDRETH,

Town Clerk.

TOWN CLERK'S REPORT ON DOGS

Number of Dogs Licensed January 1, 1943 to December 31, 1943:

178	Males at \$2.00\$	356.00
32	Females at \$5.00	160.00
37	Spayed Females at \$2.00	-74.00
247	\$	590.00
	Clerk's fees at 20 cents on 247 licenses\$ 49.40	
	Paid to Town as per Treasurer's Receipts 540.60 \$	590.00

The attention of owners and keepers of dogs is called to the following extracts from Chapter 140 of the General Laws as amended:

Definition: "License period," the time between April first and the following March thirty-first, both dates inclusive.

Section 137. A person who at the commencement of a license period is, or who during any license period becomes, the owner or keeper of a dog when it becomes three months old during a license period, shall cause it to be registered, numbered, described and licensed until the end of such license period, and the owner or keeper of a dog so registered, numbered, described and licensed during any license period, in order to own or keep such dog after the beginning of the succeeding license period, shall, before the beginning thereof, cause it to be registered, numbered, described and licensed for such period.——The registering, numbering, describing and licensing of a dog——shall be——if kept in any——town in the office of the clerk thereof.

be furnished in the same manner as the license blanks, and if any such tag shall be lost the owner or keeper of such dog shall forthwith secure a substitute tag from the town clerk——at a cost of ten cents which, if received by a town clerk, shall be retained by him unless otherwise provided by law.

Section 139. Fees for licenses. The fee for every license shall, except as otherwise provided, be two dollars for a male dog and five dollars for a female dog, unless a certificate of a registered veterinarian who performed the operation that said female dog has been spayed and has thereby been deprived of the power of propagation has been filed with the town clerk, in which case the fee shall be two dollars. A certified copy of such certificate on file in the office of any town clerk within the commonwealth may be accepted as evidence that the said operation has been performed.———

DOG LICENSES ISSUED THRU DECEMBER 31, 1943

For License Year Ending March 31, 1944.

- 30. Voted that the sum of \$3000.00 be raised and appropriated to be used as a Reserve Fund at the discretion of the Finance Committee as provided in General Laws, Chapter 40, Section 6.
- 31. Voted that the sum of \$1088.42 be raised and appropriated for the purpose of paying Unpaid Bills of previous years, to be divided as follows: Selectmen \$74.40; Assessors \$42.95; Police Department \$7.16; Fire Department \$44.46; Board of Health \$10.89; Board of Public Welfare, Temporary Aid \$456.10; Infirmary \$54.62; Old Age Assistance \$174.36; Committee Public Safety, Report Center \$9.52, Tower \$26.51, Rationing Board \$187.45.

Article 4. Voted unanimously that the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the current financial year beginning January 1, 1943 and to issue a note or notes therefor payable within one year, and to renew any note or notes as may be given for a period of less than one year, in accordance with Chapter 44, Section 17 of the General Laws.

Article 5. Voted that the Board of Selectmen be and hereby are authorized to act as the Agent of the Town in any suit or suits which may arise during the current year, with authority to settle and adjust claims or demands for or against the Town, and to employ counsel whenever in their judgment it is deemed advisable so to do.

Article 6. Voted that the sum of \$2250.00 be raised and appropriated for the purpose of paying the County of Middlesex, as required by law, the Town's share of the Middlesex County Tuberculosis Hospital as assessed in accordance with the Provisions of Chapter III of the General Laws.

Article 7. Voted that the sum of \$300.00 be raised and appropriated for the Care of the Whitney Playground.

Article 8. Voted to dismiss this Article relative to Federal and State Projects.

- Article 9. Voted that the sum of \$400.00 be raised and appropriated for Band Concerts during the current year.
- Article 11. Voted to dismiss this Λ rticle relative to placing War Damage Insurance.
- Article 12. Voted that the sum of \$600.00 be raised and appropriated for the purpose of Air Raid Warning Activities and for the purposes set forth in Chapter 487 of the Acts of 1941, the same to be expended under the direction of the Westford Committee on Public Safety.
- Article 13. Voted that the sum of \$1200.00 be raised and appropriated for the purpose of defraying the salaries and expenses of the Ration Board, the said sum to be expended under the direction of the Westford Ration Board.
- Article 14. Voted that the sum of \$3634.55 be transferred from the Machinery Fund to the Highway Equipment Account.
- Article 16. Voted unanimously that this Article relative to the sale of the Cannon and Cannon Balls on the Common for junk, be dismissed.
- Article 17. Voted that the Cemetery Commissioners be and hereby are authorized to sell for junk or for whatever other sum the said Cemetery Commissioners may obtain therefor, the horse-drawn hearse owned by the Town, and to transfer title to the same on behalf of the Town by a good and sufficient Bill of Sale.
- Article 18. Voted to dismiss this Article relative to the purchase of a Ford Truck for the use of the Cemetery Department.
- Article 19. Voted to dismiss this Article relative to the purchase of a new or used truck for the use of the Cemetery Department.
- Article 20. Voted to dismiss this Article relative to an affirmative vote under Article 19.
- Article 21. Voted that the sum of \$10.00 be raised and appropriated for Demonstration Work in Agriculture and Home Economics, and that a Director be elected, under the Provisions of Chapter 128, Sections 40-45 of the General Laws, as amended. Mabel M. Nixon was elected by ballot.
 - Article 22. Voted 9 Yes to 13 No not to dismiss this Article.

Voted that the Town accept Oak and Chestnut Streets as laid out by the Selectmen as shown by their report and plan duly filed in the office of the Town Clerk.

Article 23. Voted that the following Streets and Roads, if they have legally been accepted by the Town, be discontinued: Desmond Road; Granite Street; Cowdrey Hill Road; Vose Road from Old Lowell Road to Griffin Road.

Article 24. Voted that the Town accept the devise under the eighth clause of the will of Oscar R. Spaulding, late of said Westford deceased testate, of a certain parcel of land therein referred to, containing about one hundred and seven acres and commonly known as the Snow Swamp Lot. It was later unanimously voted to reconsider this Article and it was voted that under this Article this additional vote be passed:

Voted that the Town Clerk be instructed, on behalf of the Town, to write a letter of thanks to Mrs. Oscar R. Spaulding, Executrix under his will, for this devise.

Article 25. Voted that the Board of Assessors be and hereby are authorized to use as free cash a sum of money in such amount as the Commissioner of Corporations and Taxation of the Commonwealth shall approve, not however, in excess of \$15,000.00; the said sum of money to be applied in determining the tax rate for the year 1943.

Article 26. Voted unanimously to reconsider Article 1. Voted that the Finance Committee's Report as printed in the Town Report, Article 3, Item 10, be corrected to read "Tree" instead of "Fire" Warden.

Article 27. Voted to accept the minutes of the meeting.

Article 28. Voted to dissolve the meeting.

A True Record, Attest:

CHARLES L. HILDRETH.

Town Clerk

SPECIAL TOWN MEETING-MAY 4, 1943

At a legal meeting of the inhabitants of the Town of Westford, qualified by law to vote in Town affairs, held at the Town House, Tuesday, May 4, 1943, at eight o'clock P. M., the following business was transacted:

Ben W. Drew, Town Moderator, called the meeting to order.

Voted to dispense with the reading of the warrant.

Voted to defer the report of the Finance Committee until a later time.

Article 1. Voted that the appropriation of Thirty Six Hundred Thirty Four and 55/100 Dollars for Highway Equipment, under Item 14 of Article 3 of the Warrant for the Annual Town Meeting held February 15, 1943, be rescinded. The Finance Committee verbally approved this article.

Article 2. Voted that the Treasurer be and hereby is authorized to sell the following bonds and stocks given to the Town for maintenance of the Metcalf Monument, and reinvest the greater amount of the proceeds received from said sale in United States Government Bonds Series G, to be held in trust under the same terms as were the said bonds and stocks.

- 1 Erie RR Co. General Mortgage $4\frac{1}{2}\%$ Income Bond Series A, Due Jan. 1, 2015, No. GD 4004, \$500, Bearer.
- 1 Erie RR Co. First Consolidated Mortgage 4% Bond Series B. No. BB 3392, \$500, Bearer. Due Jan 1, 1995.
- 1 Scrip Certificate for preferred stock, Series A, void on and after July 2, 1946, for 80/100 of one share No. SP 7591.
- 1 Certificate made payable to the Town of Westford for 11 shares of 5% preferred stock, Series A. Erie RR—PO 15334. No date.

Article 3. Voted that three persons be appointed by the Moderator from year to year, and be constituted a Committee with authority to sell from time to time at private or public sale, and on such terms as the said Committee shall deem best, parcels of land which have been acquired or may in the future be acquired by the Town under the provisions of Chapter 60 of the General Laws, as amended, and to transfer title thereto by executing in the name of and on behalf of the Town good and sufficient deeds of the same.

Article 4. Voted that the sum of One Hundred Ninety-Five Dollars be raised and appropriated for the purpose of converting the Police Tudor Sedan into an ambulance.

Article 5. Voted to accept the minutes of the meeting.

Article 6. Voted to dissolve the meeting.

A True Record, Attest:

CHARLES L. HILDRETH,

Town Clerk

REPORT OF SELECTMEN

January 20, 1944

To the Citizens of Westford:

The Board organized for the year with Arthur M. Whitley, Chairman, Arthur L. Healy, Secretary and Cyril A. Blaney as the third member.

The reports of various committees and boards are herein printed.

A report of the Annual State Audit is printed herein.

The W. P. A. School Lunch, under the supervision of Mrs. Charlotte P. Greig, ceased to operate in February.

The trimming of the trees on Westford Common, which were damaged by the hurricane, was most satisfactorily carried out under the direction of Mr. Edward M. Abbot and the work was done by the Davey Tree Expert Company.

A schedule form of fire insurance was adopted by the Selectmen, consolidating all policies and dividing the coverage into four equal parts allotting same to the local agencies.

Signed:

ARTHUR M. WHITLEY,
ARTHUR L. HEALY,
CYRIL A. BLANEY,

Selectmen.

REPORT OF HIGHWAY SUPERINTENDENT

Board of Selectmen, Westford, Mass.

Gentlemen:

The following is my report for the year ending December 31, 1943.

The usual Maintenance was carried out this year, which includes graveling, tarring and patching, with bituminous materials, of our various streets and those that come under our Chapter 81 Contract.

CHAPTER 90 CONSTRUCTION

This year the State and County did not appropriate any money for Chapter 90 Construction Work.

CHAPTER 90 MAINTENANCE

The usual Maintenance of Chapter 90 Highways was carried out under the provisions of this allotment.

A new surface treatment was used on these streets. This treatment consisted of an application of tar and pea stone which was mixed and levelled by a power grader. Rice stone was next applied as a binder, and a thorough rolling completed the work.

Respectfully yours,

J. AUSTIN HEALY,

Supt. of Streets.

REPORT OF THE POLICE DEPARTMENT

To the Honorable Board of Selectmen Westford, Mass.

Gentlemen:

I herewith submit my report for the year 1943 for the Police Department.

Report to the Department of Correction has been made.

GENEVIEVE A. HEALY,

Town Accountant.

REPORT OF THE STATE AUDITOR

Mr. Theodore N. Waddell
Director of Accounts
Department of Corporations and Taxation
State House, Boston.
Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the town of Westford for the period from August 2, 1942, the date of the previous examination, to July 12, 1943, and submit the following report thereon:

The financial transactions, as recorded on the books of the several departments receiving or disbursing money for the town or committing bills for collection, were examined, checked, and verified by comparison with the records in the offices of the town accountant and the treasurer.

The books and accounts in the town accountant's office were examined and checked. The receipts as recorded on the ledger were checked with the records of the several departments making payments to the treasurer and with the treasurer's books, while the recorded payments were checked with the treasury warrants issued by the selectmen and with the treasurer's cash book. The appropriations and transfers as recorded on the ledger were checked with the town clerk's records of town meetings and the authorizations of the finance committee.

The necessary adjusting entries resulting from the audit were made, a trial balance was taken off, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town as of July 12, 1943. The balance sheet indicates that the town is in very good financial condition.

The books and accounts of the town treasurer were examined and checked. The recorded receipts were analyzed and compared with the records in the departments collecting money for the town and with the other sources from which money was paid into the town treasury, while the payments were checked with the selectmen's warrants authorizing the disbursement of town funds. The cash balance on July 12, 1943, was proved by reconciliation of the banks balances and by actual count of the cash in the office.

The payments of maturing debt and interest were checked with the amounts falling due and with the cancelled securities on file.

The savings bank books and securities representing trust fund investments in the custody of the treasurer were examined and listed.

The income was proved and the withdrawals were checked with the receipts as entered in the treasurer's cash book.

The records of tax titles held by the town were examined and checked. The amounts added to the tax title account were compared with the collector's records, the tax titles redeemed were checked with the receipts as recorded on the treasurer's cash book, and the tax titles on hand were listed and compared with the records at the Registry of Deeds.

The books and accounts of the tax collector were examined and checked. The taxes outstanding at the time of the previous examination and all subsequent committments were audited and reconciled with the assessors' warrants. The payments to the treasurer were checked to the treasurer's cash book, the recorded abatements were compared with the assessors' records of abatements granted, and the outstanding accounts were listed and reconciled with the respective ledger accounts.

Verification of the outstanding accounts was made by sending notices to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the accounts, as listed, are correct.

The town clerk's records of sporting and dog licenses were examined, the payments to the Division of Fisheries and Game being verified by comparison with the receipts on file and the payments to the town treasurer being compared with the treasurer's cash book.

The accounts of the public welfare, library, and cemetery departments, as well as of all other departments collecting money for the town or committing bills for collection, were examined, checked, and reconciled with the treasurer's and accountant's books.

The surety bonds of the various town officials required to furnish them were examined and found to be in proper form.

In addition to the balance sheet referred to, there are appended to this report tables showing a reconciliation of the treasurer's and collector's cash, together with summaries of the tax and departmental accounts, as well as tables showing the trust fund transactions.

For the cooperation extended by the various town officials during the progress of the audit, I wish on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

HERMAN B. DINE, Assistant Director of Accounts.

REPORT OF FIRE ENGINEERS

The Board of Fire Engineers submit the following report for the year ending December 31, 1943:

The various companies responded to 30 alarms other than forest fires; namely, 10 buildings, 8 chimney fires, 4 autos, 1 tent, 3 silent alarms, 2 calls searching for lost people, 1 out of town and 1 false alarm. 49 alarms for forest fires were answered making a total of 79 calls.

The following repairs were made to the various trucks: The rear steps on both the Graniteville and Forge Village trucks were in a dangerous condition. New rear steps were added to both trucks and other minor changes were made making more efficient pieces of apparatus and enabling us to carry our equipment to better advantage.

The Ford truck in Westford was remodeled for carrying the forestry equipment. Previously part of third equipment, including the portable pump and part of the forestry hose were left on the fire house floor and if needed, arrangements had to be made to transport it to the fire. A small booster pump and tank were installed thus equipping every truck with a pump and water tank. This brings the water carrying capacity of all the trucks to approximately 1500 gallons. We have found this to be very effective outside the water district. It is also a great advantage to have water available immediately within the water district.

We now feel that the trucks are all in A-1 condition and unless something unforeseen arises, the cost of maintenance should be greatly reduced.

Respectfully submitted,

EDMUND ROGERS
HAROLD WRIGHT
RICHARD HALL

REPORT OF THE TREE WARDEN

As usual my work has been removing dead trees from the roadside and removing broken limbs from others.

I would again suggest that some maple trees be set out on Depot Street.

The ice storms of last winter have left the trees in a bad condition with loss of broken limbs which should be taken care of. I suggest the sum of \$1200 be appropriated for taking care of them.

Respectfully submitted,

HARRY L. NESMITH,

Tree Warden.

REPORT OF THE FOREST WARDEN

There were no grass or brush fires of any size this year. 220 Fire Permits were issued.

Fire Permits must be obtained for Fires in the open throughout the year unless the ground is covered with snow.

The usual appropriation of \$1000 is asked for the coming year.

Respectfully submitted,

LEO R. LARKIN,

Forest Warden.

DAVID I. OLSSON,

Tax Collector

REPORT OF THE BOARD OF HEALTH

The Westford Board of Health submits the following report for the year ending December 31, 1943:

The Vaccination and Diphtheria Toxoid Clinics were held and well attended. Many parents took advantage of this opportunity to immunize their children against these dread diseases.

The School Dental Clinic re-opened at the beginning of the school year, with Dr. Glenn D. Estabrook of Littleton, Mass., in charge. A routine oral examination of all school children was made and notices of defects were sent home to their parents. Dr. Estabrook spends five hours every Wednesday throughout the school year at the Clinic and any child who cannot attend a private dentist is gladly treated.

In December, 1942, a Tuberculosis Patch Test Program, financed by the Westford Seal Sale Committee, was conducted by the Board, in all the schools. Of the number tested, 58 showed positive reactions and were given free chest X-ray in February of this year. Of the 58 X-rayed just one case of Childhood Tuberculosis was found.

In the spring of 1943, all the employees of the Abbot Worsted Company Mills in Forge Village and Graniteville, who so desired, were given a free chest X-ray. This program was also financed by the Westford Seal Sale Committee.

The milk situation was carefully supervised by the Board and its agents.

Inspection of Liquor Establishments have been made and, as in past years, conditions were found to be good.

In March, the Board received with regret the resignation of Mrs. C. Veronica Meagher, who had faithfully carried on the work of Public Health Nurse for 15 years. Miss Dorothy Healy, a graduate of the Framingham-Union Hospital Training School for Nurses, was appointed to fill this vacancy.

The Board of Health has functioned well during the year receiving the fullest cooperation of all its members. Regular monthly meetings were held and also several special meetings.

DWIGHT W. COWLES, M. D. DR. RALPH K. COLEMAN CYRIL A. BLANEY, M. D.

REPORT OF PUBLIC HEALTH NURSE

Dr. Dwight Cowles Chairman, Board of Health Westford, Massachusetts

Dear Sir:

Following is the report of the Public Health Nurse from March 1, to December 31, 1943:

JOHN E. REGAN, FRED R. BLODGETT, MARYGEN SOCHA.

REPORT OF THE BOARD OF PUBLIC WELFARE

The Board organized for the year 1943 with William L. Wall, Chairman, Samuel A. Richards, Secretary, and Reginald Blowey reelected as third member.

The W. P. A. Surplus Commodities were discontinued in February, 1943 at the Infirmary as the case load did not warrant this service any longer.

As a result of the new legislation passed in 1943 for Old Age Assistance, many changes were made in administrative procedures. The new act provided that individual assistance payments should be determined in accordance with budgetary standards established by the State Department. Each case was adjusted to determine need, and payments were made accordingly.

The case load did not increase to a great extent in 1943 remaining much the same as the previous year.

Respectfully,

WILLIAM L. WALL
SAMUEL A. RICHARDS
REGINALD BLOWEY

Board of Public Welfare.

MIDDLESEX COUNTY EXTENSION SERVICE

This is a report of the work of the Middlesex County Extension Service in the town of Westford for 1943.

Because of war conditions, the Staff of the Extension Service had to devote a great deal of time this year to overhead organization work pertaining to machinery rationing, food distribution orders, farm labor and other regulations, as issued by our Government, and establishing the number of war units on certain farms for Selective Service Boards. An attempt was made to see to it that these regulations were explained and applied to local conditions.

Westford poultrymen have been sent information on price ceilings, the feed situation and other emergency policies; also, they have been sent circular material on up-to-date production practices. They have been advised concerning keeping records, improving ranges, disease control and reducing wastes. Several have been visited concerning specific problems. Mr. Harry Ingalls was the president of the Middlesex County Poultry Association.

Dairy farmers received information on improvement of hay land and pastures by liming and fertilization. Through visits farmers were encouraged to add alfalfa to their seeding mixtures. Reseeding of run out tillable pastures was urged on some farms.

Assistance was given in every way possible in solving the critical labor situation experienced during the harvesting of apples.

Assistance was given the community in organizing Victory Garden programs for the various villages. The Westford Grange cooperated fully in the development of a garden and canning program.

Mrs. George Heathcote was chairman of the Women's Extension Group of Parker Village, meeting in the Community House. The food demonstrations were planned to help homemakers feed their family well under wartime rationing and shortages. "The School Lunch," "Good Homemade Bread" and "Meat Extenders" were the subjects of the demonstrations. Three showings of the Christmas Kit, which included practical gift suggestions, were held in different sections of the town.

Two canning demonstrations gave practical help to both beginners and experienced canners.

There were forty-seven girls and seventy-three boys enrolled in 4-H club activities—canning, gardening, poultry, dairy, pig and handicraft.

Mrs. Clifford Johnson was town chairman and also leader of the girls' clothing club. Other leaders were Miss Eleanor Murphy, Clothing; Mrs. Willard Moore, Canning and Garden; Peter Perry, Handicraft and Garden; Warren Nixon, Poultry; Daniel C. Staples, Garden and Jack Skinner, Handicraft.

The clothing club held a supper and Exhibit at the home of their leader in early June and the canning club exhibited their products at the Grange Fair in October.

Edwin Nixon was awarded \$5.00 for being fifth in the County Poultry Contest sponsored by the Massachusetts Society for Promoting Agriculture. He was also a member of the County Junior Poultry Judging Team which placed third at the Boston Poultry Show.

Several boys and girls attend Camp Middlesex.

Bobby Budge represented Hood H at Camp Middlesex candlelight service.

MRS. WARREN NIXON,

Director.

REPORT OF THE WESTFORD COMMITTEE ON PUBLIC SAFETY

During the year 1943 we have followed along to a certain degree the suggestions of the Massachusetts Committee on Public Safety. Our Town was included in several practice blackouts and these were carried out very successfully and without confusion, the Townspeople co-operating to the fullest extent.

The Wardens, the Firemen and Auxiliary Firemen. Police and Auxiliary Police have retained their interest in this Public Safety work and have responded splendidly when called upon. Quite a number who were enrolled in this work have been taken into the service of the U. S. A.

A telephone extension from the Report Center in the Town Hall to the home of Mrs. Hilda Bosworth has been installed so that now we do not have to man the Report Center. Mrs. Bosworth very obligingly offered to take the calls in this way and this resulted in a big relief to the Committee and to the people who previously had given very generously of their time to man the Report Center.

The Report Center is still continued and in the event of a black out or warning signals the Personnel will report there.

Mr. Morris A. Hall, Chairman of Salvage Committee arranged for two collections of tin during the year and the Committee had these drives well organized and the Townspeople again responded splendidly and the results obtained were most satisfactory.

The Salvage Committee is now planning for a collection of waste paper and magazines during January and a collection of clothing for February.

Much good work has been accomplished during the year by the Women of the Town, several classes in home nursing being held in different parts of the town besides continuing their outstanding work in the making of surgical dressings, sewing, knitting, etc.

In regard to our expense for the year 1944 we feel now that it will be very moderate. We therefore are asking for the unexpended balance of the year 1943 and no additional amount, the principal item being for telephones for Report Center and Observation Tower and for heat for the Tower.

WILLIAM R. TAYLOR.

Chairman.

REPORT OF THE WHITNEY PLAYGROUND COMMITTEE

The activities of this committee the past year have been confined chiefly to the usual supervision of the grounds, the immediate care of which has been in the efficient hands of Mr. John S. Feterson.

The weight of the severe ice storms of last winter broke down the baseball backstop on the playground. This caused unforseen and considerable expense in order to restore it to its original condition and usefulness.

During the year we increased the hourly wage of the caretaker to conform to the rate paid to other Town employees in similar situations.

As supervisor also of the Whitney Shade Tree Fund expenditures, this committee reports that quite a bit of pruning and cutting was done by the Tree Warden last spring and summer of trees on Depot Street.

Further care should be given to these trees during the coming season

JOHN FISHER,
CHARLES L. HILDRETH,
MORRIS A. HALL,

Then personally appeared William R. Taylor and made oath that the above is a true statement of the cost of construction of the Westford Water Company to December 31st, 1943, and of the Receipts and Expenditures from January 1, 1943 to December 31, 1943, before me.

FREDERIC A. SNOW,

Notary Public.

WESTFORD RATIONING BOARD 332

REPORT FOR THE YEAR 1943

Reporting the activities of the War Price and Rationing Board for 1943, we saw pretty much a continuation of what was started in 1942.

After two years of operation the different panels function in a well-organized manner.

During 1943 price control was the last panel to be added to the board. This panel consists of Albert J. Burne, Michael Mosscrop, and Henry J. Stepinski. The other panels which continue to function have their work divided as follows: Fuel oil panel, James L. Knowlton, William E. Wright, Oliver A. Reeves; Food panel, Moses L. Fecteau, Frederick O. Baker; Tire panel, Edward T. Hanley, John Fisher, Albert J. Burne, Michael Mosscrop, and Henry J. Stepinski; Gasoline panel, Edward T. Hanley, John Fisher, William E. Wright, Oliver A. Reeves, and James L. Knowlton; Rubber Boots, Bicycles and Typewriters are passed on by the board as a whole.

Messrs Albert A. Hildreth and William Kavanagh have acted as agents to the Price Control Panel in visiting stores and checking on prices and have been most helpful.

During 1943 Mr. Victor G. Doucette, one of the three original members of the board, entered the Armed Forces of Our Country. His faithful services are much missed by the remaining members of the board.

Mr. Victor Daley has recently been appointed as a member under the heading of Community Service. His duties will be to keep in touch with various activities and changes of the board and to keep the public informed of such changes in the rules and regulations.

The Board meets every Tuesday evening, and anybody desiring to confer with any of the members of the various panels are very welcome at this time.

The clerical force, Mrs. Hilda I. Bosworth and Miss Blanche J. Wilk, devote their entire time to this work, while Mrs. Freda S. Pres-

cott and Miss Gwendolyn M. Walker come in and help out during emergencies. The high school have also been very helpful and cooperative at the various registrations, while Miss Jennie M. Ferguson was especially generous of her time during summer vacation working many hours in getting out the fuel oil rations for the present winter season.

We appreciate very much the cooperation and helpful attitude of the townspeople.

Respectfully submitted,

EDWARD T. HANLEY
JOHN FISHER
WILLIAM E. WRIGHT
OLIVER A. REEVES
JAMES L. KNOWLTON
MOSES L. FECTEAU
FREDERICK O. BAKER
ALBERT J. BURNE
MICHAEL MOSSCROP
HENRY J. STEPINSKI

REPORT OF THE CEMETERY COMMISSIONERS

The Westford Cemetery Commissioners submit the following report for the year ending 1943.

Cemetery Perpetual Care Bequests amounting to \$26,100.00 have been drawn from the banks and put into "G" bonds with the exception of three accounts which are still in the bank awaiting a sufficient amount to put into a \$500 "G" bond. Interest on "G" bonds is 212% payable semi-annually and run for twelve years. Accumulated interest is in the bank.

We would like to take this opportunity to explain to the Public that, while we have taken in this year \$420 in cemetery lot care. \$248 for grave digging, \$8 for sale of the hearse and \$8.40 as a refund, this money, under the law, has to be turned back into the Treasury, and cannot be used in meeting our yearly expenses. Therefore, all labor, etc. has to come out of our appropriation.

On account of the shortage of labor and the increased price of same we endeavored to do the best we could under the circumstances. There are quite a number who have failed to pay for their lot care and if they would come forward with same it would be of great assistance.

To economize on printing and paper during the war emergency we are omitting a list of cemetery lot care and cemetery perpetual care bequests. Anything concerning same will be found at the Town Hall.

SEBASTIAN B. WATSON, Chairman FRED R. BLODGETT

AXEL G. LUNDBERG

Cemetery Commissioners

REPORT OF FINANCE COMMITTEE

year, and to renew any note or notes as may be given for a period of less than one year, in accordance with Section 17 of Chapter 44 of the General Laws; or act in relation thereto.

- ART. 5. To see if the Town will authorize the Selectmen to act as its agent in any suit or suits which may arise during the current year, with authority to settle and adjust claims or demands for or against the Town, and to employ counsel whenever in their judgment it is advisable so to do; or act in relation thereto.
- ART. 6. To see if the Town will vote to raise and appropriate a certain sum of money for the purpose of paying the County of Middlesex as required by law, the Town's share of the Middlesex County Tuberculosis Hospital as assessed in accordance with the provisions of Chapter 111 of the General Laws; or act in relation thereto.
- ART. 7. To see if the Town will vote to raise and appropriate the sum of Three Hundred (\$300) Dollars, or some other sum, for the care of the Whitney Playground; or act in relation thereto.
- ART. 8. To see if the Town will vote to transfer to the account entitled Excess and Deficiency Account the unexpended balance of the sum appropriated at the annual meeting February 16, 1942, for the purposes set forth in Chapter 81 of the General Laws, and also to transfer to said Account the unexpended balance of the appropriations of prior years for the purpose of carrying on Federal and State Projects commonly called W. P. A. Projects; or act in relation thereto.
- ART. 9. To see if the Town will vote to raise and appropriate the sum of Four Hundred (\$400) Dollars or some other sum, for Band Concerts during the current year; or act in relation thereto.
- ART. 10. To see if the Town will vote to rescind that portion of the vote Under Article 15 of the Warrant for the annual meeting February 17, 1941, relating to the housing and use of the Town Sprayer and that said Town Sprayer be placed under the supervision and control of the Board of Selectmen; or act in relation thereto.
- ART. 11. To see if the Town will vote to raise and appropriate a sufficient sum of money for the purpose of defraying the salaries and expenses of the Ration Board, the said sum to be expended under the direction of the Westford Ration Board; or act in relation thereto.

- ART. 12. To see if the Town will vote to transfer a certain sum of money from the Machinery Fund to the Highway Equipment Account; or act in relation thereto.
- ART. 13. To see if the Town will vote to rescind the action, relating to additional street lights, taken under Article 22 of the Warrant for the annual meeting February 16, 1942; or act in relation thereto.
- ART. 14. To see if the Town will vote to authorize the Selectmen to install seven (7) additional lights on Tyngsborough Road; or act in relation thereto.
- ART. 15. To see if the Town will vote to raise and appropriate the sum of Ninety-Three and 75/100 (\$93.75) Dollars, or some other sum, for the purpose of paying into the Contributory Retirement System the Town's portion of the amount which would have been paid into said Retirement System by former Westford teachers who are now in the military or naval service, all as provided in Section 9 of Chapter 708 of the Acts of 1941, as amended by Chapter 419 of the Acts of 1943; or act in relation thereto.
- ART. 16. To see if the Town will vote to transfer from Free Cash a sufficient sum of money for the purpose of purchasing and cancelling outstanding notes of the Town representing the balance due on the Frost School Loan, so called; or act in relation thereto.
- ART. 17. To see if the Town will vote to instruct the Moderator to appoint a committee of three or more persons for the purpose of investigating the advisability of the enactment of new By-Laws, said committee to report its findings and conclusions at the next annual town meeting; or act in relation thereto.
- ART. 18. To see if the Town will vote to amend Section 1 of Article 1 of the By-Laws, as amended, by striking out the same and adopting in place thereof the following by-laws:

The annual meeting for the election of Town Officers shall be held on the second Monday of February in each year. The polls shall remain open from 6:30 in the forenoon until 4:00 o'clock in the afternoon. All business except the election of such officers and the determination of such matters as by law or the vote of the town are required to be elected or determined by ballot shall be considered after one o'clock on the second Saturday following.

ART. 19. To see if the Town will vote to amend Section 4 of Article 1 of the By-Laws by striking out the same and adopting in place thereof the following by-law:

At any Town meeting held for the transaction of Town business, no action shall be considered legal unless there is a quorum present of thirty-five or more legal voters. No person whose name is not on the list of voters shall be admitted to the floor of the hall, except those who may be invited by the meeting assembled. It shall be the special duty of the police and election officers to enforce this law by use of the check list; but the same shall not apply to the state election, primaries or meetings for the election of Town officers, or to be construed to prohibit press reporters from such admission. The Moderator shall determine the bounds of the floor of the hall.

- ART. 20. To see if the Town will vote to raise and appropriate the sum of Ten (\$10) Dollars and elect a Director, under the provisions of Sections 40 to 45 of Chapter 128 of the General Laws, as amended; or act in relation thereto.
- ART. 21. To see if the Town will vote to accept a gift made to it during the year 1943 by the Solomon Hines Fund, Inc.; or act in relation thereto.
- ART. 22. To see if the Town will vote to authorize the Board of Assessors to use as free cash a sum of money not to exceed fifteen thousand (\$15,000) dollars, such amount to be approved by the Commissioner of Corporations and Taxation of the Commonwealth, and said sum to be applied in determining the tax rate for the current year 1944; or act in relation thereto.

And you are directed to serve this Warrant by posting up true and attested copies thereof at the Town Hall and at each Post Office in said Westford, seven days at least before the time of holding said meeting.

Hereof fail not, and make return of this warrant, with your doings thereon, to the Town Clerk, at the time and place of holding the first meeting aforesaid.

Given under our hands this twenty-fifth day of January in the year of our Lord 1944.

ARTHUR M. WHITLEY ARTHUR L. HEALY CYRIL A. BLANEY

REPORT OF SCHOOL COMMITTEE

Citizens of Westford, Westford, Massachusetts.

I hereby submit my annual report as Chairman of the School Committee for the year 1943:

Mrs. Dorothy Chandler was re-elected to the Board. Mr. Frederick Gatenby was elected to fill the vacancy left by Mr. Albert Forty, whose term expired. Mr. Forty had served on the schoolboard for eighteen years. On behalf of the town, Mr. Forty, may I thank you for your faithful service.

At the first meeting of the board, Mr. James Mulligan was chosen Chairman and Mrs. Dorothy Chandler, Secretary.

Major repair work was concentrated on the Academy building. All people who have visited the building have commented on the improvement, an improvement that can't help making for a better learning environment for our pupils. Details of the repair work may be found in the superintendent's report.

Maintaining a teaching staff in these days, when high school seniors are offered more money to leave school for clerical jobs than teachers are earning, has been a problem. The board has followed the policy of trying to keep proven teachers as far as funds permitted.

We are respectfully asking for the sum of \$79,500.00 with which to operate the public schools during 1944 and \$500.00 for vocational tuition. \$1,400.00 of the \$79,500.00 is listed in the warrant as a special appropriation for the purpose of painting the exteriors of Cameron and Frost Schools. This special appropriation is asked for because it may be impossible to get a satisfactory quality of paint and if this is true, the work may be postponed until a more suitable time. The special appropriation will make it possible to have funds available when it is feasible to paint the buildings.

This year we have received \$6,105.00 from the state as our share of income taxes, \$1,002.96 for tuition and transportation on state wards. \$321.20 from Tyngsboro for tuition and transportation for two pupils, and \$241.88 from the state for vocational tuition. This money like all others received by the town goes directly to the town treasurer and is not available for use by the school department.

Respectfully submitted,

JAMES P. MULLIGAN,

Chairman.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Westford School Committee:

It is with much pleasure that I submit my second annual report as Superintendent of the Westford Schools for the past year has been most pleasant in every respect. I am happy to report that I believe our educational efforts are producing significant results in the evolution of our boys and girls from childhood to adulthood.

A year ago I wrote in my annual report that our ideal was to create an environment where the knowledges, skills, habits, attitudes, and appreciations necessary for worthy living could be developed. Have we made any progress toward this ideal? I have asked each principal to report a few instances where growth in any one of the above items was evident. Let's see what they say:

Mr. Bozoian reports:

(1) The war savings program being conducted at Frost School with the co-operation of the local post office has provided many opportunities for pupil growth in knowledges, skills, habits, attitudes and appreciations.

The war savings program is pupil directed. The job of taking the orders for stamps and bonds at the school, the work of compiling orders, the duty of getting the stamps and bonds at the post office and distributing them at school are in the hands of pupils.

When one considers the many skills and attitudes which are developed as a result of this activity, it is most valuable. The responsibility of handling between one hundred and one hundred and fifty dollars per week is one which has been assumed with success by pupils. Almost two thousand dollars was handled by pupils during October, November, and December of 1943. School supervision was limited to checking the work of the pupils.

(2) Recreational experiences are as much a part of our "school living" as arithmetic and spelling. The opportunities these experiences offer for building morale, for developing desirable habits and attitudes as well as skills, are many.

Three outstanding examples of pupil growth resulting from our schools' recreational program were the cases of three large, over grade age boys. One boy suffered from a teacher persecution complex, a second boy had a "bad temper," and a third had a "bad background" up to which he was trying to live.

Although these boys felt the influence of the play program in the previous year, it wasn't until 1943 that very apparent gains were made for all these boys in the growth of their attitudes toward the school, teachers, fellow pupils, and the community. Naturally, other factors must have been involved but the major influence, beyond any doubt, was this supervised play program.

Mr. Perry says:

(1) One of the attributes of a good school system is its ability to share experiences. This was exemplified in a sharing which took place a short time ago between the Sargent and Cameron Schools. The boys and girls in Sargent School were discussing the advisability of forming a Safety Patrol for their school. After much discussion, and through the careful guidance of their principal, Mrs. Wright, they decided to ask the Safety Patrol at Cameron, which had already been organized and was operating successfully, for advice. A meeting was arranged. A committee representing the Sargent School met with the Safety Patrol at Cameron. The significant thing about this meeting was the business-like manner in which these boys and girls went about sharing experience. The Sargent committee asked many questions, such as: Why do we need a safety patrol? What benefits do you get from it? What duties does your patrol perform? etc. A committee of adults couldn't have done better.

Some time later, the pupils of Cameron School decided that they would like to have a School Association similar to the one operating in the Sargent School. The pros and cons were discussed openly at class meetings and it was thought that the best way to finally decide what to do was to send a committee to the Sargent School to study their organization. This committee, representing the four upper grades, was elected and a meeting was arranged to be held in Sargent School. After the meeting, questions concerning the organization, duties and responsibilities of the association were explained to the Cameron pupils. As a result of this meeting a School Association is now operating at Cameron School.

This is a sample of the many ways in which all our schools are not only willing, but eager, to share their experiences with one another for the benefit of the boys and girls in Westford.

(2) For the past few months, the children in the fourth grade at Cameron School have been working busily and enthusiastically on an aviation unit. The purpose is to learn a few simple fundamentals of aviation and to prepare themselves for the coming air age.

They have learned to identify four well-known military planes, and have learned the location and use of some of the parts of airplanes such as the rudder, stabilizers, and fuselage. Notebooks are being made which contain pictures, charts, and stories about the planes we have studied. A miniature airport is set up on the sand table. Here are control towers, searchlights, hangars and a few model airplanes. Later on in the year, the class will study cloud formations and temperature to show how these effect flying.

(3) During the present war emergency there is a shortage of skilled repairmen in all trades. The boys in the manual training class are being trained to do some of these jobs. They have learned to repair electric cords, replace broken glass, fix leaky faucets, as well as make simple articles for the home such as tie-racks, footstools, broom holders, tooth brush holders, bird houses, and flower boxes.

At present the boys are busy working for the Red Cross, making articles such as diet card holders, stupes and stupe wringers, writing boards, and checker boards. The girls under the direction of Miss Brownrigg are making hot water bag covers, hospital bedside bags, and utility bags. The Art Department with Miss Carroll as leader, has made 500 candy and nut cups, and are now working on newspaper bedside bags.

Mrs. Wright says,

(1) The teachers of Sargent School have voted the following instances as being outstanding examples of growth of pupils from the child toward the adult level.

The 1943 graduation exercises were made a whole-school affair. The teachers and pupils were so favorably impressed that requests have been made to carry on the same idea in 1944.

The "Flag Goes-By" was the theme around which songs and tableaux were arranged. The history of the Flag was reviewed from the Red Cross of the Crusaders to Old Glory. Each grade contributed one tableau such as the Landing of the Pilgrims, Betsy Ross, Trading with the Indians, the Spirit of '76, and others in keeping with the theme. The eighth grade provided the necessary talks to keep the continuity, and the musical background assisted by a chorus from the seventh grade.

I consider this a worthwhile attempt to make Sargent School not the school, but our school.

(2) Our 1943 Christmas Party was an outstanding educational experience. This party was planned and staged by the children themselves, giving training in finance, co-operation, organization and social conduct.

The program committee of which an eighth grade girl was chairman, provided a varied entertainment, planned to suit all tastes. Dancing held an important place on the program with children in grades five to eight sharing in the fun. Dancing lessons were given after school every day for two weeks previous to the party, so that, on the evening in question, all children had learned to dance and had lost all self-consciousness.

The assembly hall was decorated with evergreen and hand-made decorations of candles and reindeer.

Refreshments were served and Santa Claus appeared to distribute gifts and to wish all a Merry Christmas.

This party was voted by the teachers as being an outstanding event at Sargent School during 1943.

(3) Another fine example of pupil growth is in the case of a Sargent School boy, who, while preparing to play basketball at the Academy, opened an Academy boy's locker. A cola bottle fell out and broke. On his own volition, the boy secured a brush and pan from the janitor, cleaned up the debris and disposed of it, put two cents in the boy's locker, and then reported the incident to the teacher in charge who, up to this point, knew nothing of the incident. One wouldn't ask for better pupil behavior than this.

I am well aware that it takes many cases like the above to form a safe generalization. However, these are indications of a trend that is noticeable in all our schools. Each school is trying to teach more than knowledges and skills important as these may be.

I am also aware that this larger conception of the school's place in the community is one involving much study, much work, often

little immediate success, and many disappointments. To help pupils grow up a teacher must know more than subject matter facts, although she must know these, too. She must know how to apply them, or better yet, to know ways of teaching pupils how to apply them in everyday living.

As has been said above, this involves much study and work. The The teacher must concern herself with what her pupils are doing and thinking about when beyond the limits of the classroom. She must make her influence felt at all times. To do this the teacher must have wide knowledge, much professional training, a sympathetic understanding of human weaknesses, the desire to be of service to boys and girls, and a willingness to work.

The obstacles, the disappointments, and the set-backs in this wider program of teaching are many. But there is no other course for the real teacher if she understands the trend of modern society wherein many of the duties and obligations of parents, rightly or wrongly, are now placed on other agencies, one of which is the school.

THE TEACHING STAFF

The teaching staff has several new members this year. Mr. Ernest Dalton resigned to accept a position in Westbrook Junior College, Westbrook, Maine. Miss Ethel Tewksbury left us to accept work with the American Optical Company. Miss Mary Meehan was married early in the spring and resigned in June. Miss Helen Trainor and Miss Eleanor Murphy resigned to accept positions in Lexington, Massachusetts. To all of you we wish success in your new work.

Miss Carolyn Dutton, a recent graduate of Boston University. and Mrs. Mary Croucher, formerly a teacher at Amherst, Massachusetts were chosen to fill the vacancies in the Academy.

Miss Mary McQuade and Miss Muriel Burke were appointed to the Sargent staff. Miss Catherine Hill was chosen for the Cameron vacancy. All of the above are recent graduates of Lowell Teachers College.

Our teachers are continuing to grow in their willingness to work together to improve their teaching. They are more alert to analyze weaknesses and to finding ways of overcoming them. For our mapor study problem this year we have arranged a series of teachers meetings to study ways of improving our use of visual aids.

In connection with willingness to work, I wish to commend the elementary teachers on their improvement of playground supervision, and the Academy teachers on their efforts to provide opportunities for pupils to learn. I have never known an Academy staff to show more concern for the welfare of its pupils.

A problem facing our town is teachers' salaries. This is often a controversial question, some saying teachers receive too much and others saying they receive too little. Regardless of how anyone feels, events are happening so fast today that it is impossible to follow any charted course. The following is a brief resume of the situation in Westford regarding teachers salaries.

The school committee took the stand in 1943 that it was poor educational economy to let our schools be a training ground for new teachers. As far as funds permitted they resolved to keep the better teachers.

The financial problem facing the town is whether to support a sound salary policy for teachers or to continue having a relatively large turn over, a turn over that will increase as our older teachers retire. If we have reached the limit of what we can support, then we should all recognize the situation and stop trying to compete for teachers.

To keep our high school staff we have been faced with the problem of paying higher salaries than ever before. Small towns usually hire beginning teachers at relatively low salaries. The number of women graduates available for teaching is almost negligible compared to former years so replacements have been drawn largely from poorer communities. In Westford's case this meant competing with other communities for the services of desirable teachers. This meant that if teachers earning \$1600 left us, we would have had to pay \$1700 or \$1800 to attract replacements below the caliber of present teachers. This was no economy so the school board made every effort to hold proven teachers.

The problem was not so acute in the elementary grades last year. New teachers were available at Lowell State Teachers' College and old teachers showed fine spirit of cooperation by not pressing the salary question. However, we must now face the elementary teacher's salary problem.

State law demands that no teacher be paid less than \$1200. This imposes an additional strain on our inducements for teachers to stay in Westford. For instance, a teacher employed in 1938 at a salary of \$850 might have received annual increases to \$1210 in

1943. New teachers employed in September 1943 received \$1200. It is easy to understand the difficulty of justifying a \$1210 salary to an old teacher and a \$1200 salary to a new teacher. To complicate the situation still further, the highest paid elementary teacher now earns \$1414. This leaves only \$214 as a inducement for new elementary teachers to continue teaching in Westford. Not a very large inducement. Obviously, a greater range of increase is necessary, a range of at least \$400 for all elementary teachers, with teachers of merit receiving more if her services are valuable enough to warrant extra pay.

MAINTENANCE OF BUILDINGS

Repairs completed in the Academy.

- 1. Exterior painted.
 - All the white trim of the building was given two coats of paint and the gymnasium shingles received two coats of stain. The appearance of the building speaks for itself.
- Loose plaster replaced in all rooms and corridors. Nearly every room had areas of plaster either dangerously loose or badly cracked. These had to be repaired before painting could be done.
- Ceilings replaced in part of the basement. Two basement ceilings were in too bad a condition to patch. They were replaced with plaster board.
- 4. Rooms, 2, 3, 4, 5, 6, 7, and all corridors redecorated. The rooms were painted in soft pastel shades of blue, green, ivory and cream. The ceilings were whitened and all finish work varnished. Many visitors have commented favorably on the appearance of the rooms.
- 5. Old principal's office on second floor removed to make a corridor.

Removal of this room opened a corridor on the second floor like that on the first floor. This has made it possible to lock up the laboratory when it is not in use. Formerly the laboratory served as a corridor.

All windows and doors repaired.New cords and parting beeding were repaired where needed.

Panelling and pneumatic door checks were replaced on several doors.

7. Additional radiators installed in Rooms 2, 7, 10, and principal's office.

These rooms are on the north side of the building and have always been hard to heat. On cold days it was often impossible to get them over 55° to 60° in temperature. There has been much less trouble in heating them this year.

8. Lockers set up in classrooms.

The basement locker-rooms were crowded. Placing the lockers in the rooms has relieved the congestion and provided a place where clothing can be kept under proper supvision.

9. Coal bin made dust proof.

The old coal bin was made of boards and was open at the top. The wooden partition was replaced with cement blocks and tile. A door was hung so that the bin could be made tight.

10 Linoleum laid in Rooms 1 and 2.

Room 1 is the superintendent's office. Room 2 is a conference room used for school board meetings, teacher conferences, small classes, etc. As the floors were in poor condition, linoleum was laid in these rooms.

11. Rain gutters and drains repaired.

Originally all the drains from the rain gutters were in the partitions of the building. Several still are. One became blocked last year and froze causing much damage. This was replaced with an outside drain. Other drains in need of repair were reconditioned.

12. Ventillating system in gymnasium completed.

The exit ducts were never put in proper working condition after the freeze-up in the gymnasium several years ago. Fans driven by electric motors have been installed in the exit ducts and as a result, there has been no difficulty in heating the gymnasium this winter.

13. Gymnasium roof re-surfaced.

The old roof was causing trouble by raising up in large, bubbles causing leaks. Redecorating the gymnasium was postponed in favor of the new roof.

14. All basement walls, ceilings, and floors painted.

This part of the Academy building was sadly in need of repair. Ceilings were loose, debris of many years had been collected by rats under lockers, and little of the wall surface had ever been painted. To improve the basement rooms, lockers were broken loose and many moved upstairs, and the entire basement cleaned thoroughly and painted white. There is no longer need to be ashamed of this part of the Academy building.

15. Lockers painted.

Many of the lockers were in disrepair and badly rusted The poorer ones have been discarded and many of the remaining ones painted. Eventually all lockers will be painted.

16. Light fixtures installed in basement rooms. Fixtures salvaged when fluorescent lighting was installed in the Academy and Sargent School were used. These have added greatly to the basement rooms.

17. Loose stone work repointed.

The mortar had broken loose from the building stone in many places. This was replaced.

Much credit is due Mr. Howard Ferguson, the new janitor, who gave liberally of his time in redecorating the basement rooms. Without his hard work, much would have been delayed for another year.

Repairs completed at Sargent School.

- The porch floor and steps replaced.
 This was necessary as the steps and flooring were badly decayed.
- Light fixtures installed in toilet rooms.
 These fixtures were salvaged when the fluorescent fixtures were installed in the building. The toilet rooms are now well lighted and more attractive.

Repairs completed at Cameron School.

Opportunity classroom decorated.
 The room was painted throughout and fluorescent lights, bulletin boards, and blackboards were installed. This room is the most attractive classroom in the town.

Repairs completed at Frost School.

- Supply room shelves enclosed with doors.
 This room has to be used for many purposes. Changing the shelves into closets makes it possible to keep supplies locked up.
- Ceilings, walls, and floors of all basement rooms painted. The walls and ceiling have been painted white and the floors darkstone.
- 3. A janitor's supply room was built.

 A corner of the basement room was enclosed with wire screen so that the janitor's supplies could be kept properly.

 A room of this sort has been needed badly in this school for many years.
- 4. Light fixtures installed in basements.

 These fixtures were a part of those salvaged when fluorescent lights were installed in Sargent School. The improvement in the lighting is outstanding.
- Rain gutters and drains repaired.
 Several drains had fallen off the building and gutters leaked in several places. These were repaired.

Much credit is due Mr. John Peterson, the janitor, for improving the appearance of the basement rooms. Without his help much of the work in Frost School would have had to be postponed.

Extensive repairs such as those made in 1943 are expensive. They can be justified only if they are needed to preserve the buildings or to aid in the education of our children. A year ago I wrote that school buildings, grounds, and materials contribute in developing knowledges, habits, skills, attitudes, and appropriations and only as they contribute are they worth while.

Is there any evidence that our boys and girls are developing better habits and appreciations as a result of improving the Academy building? Mr. Ferguson, the Academy janitor, says:

- There is no marking or defacing the building by boys or girls.
- Boys and girls appreciate the cleanliness of their building, especially the basement rooms, often commenting on their appearance. (I might add here that Mr. Ferguson mops all basement floors daily.)

- 3 Pupils are co-operating willingly in keeping the building clean.
- Mr. Brackett, the Academy principal, has said many times:
 - Pupils are proud of their building. Evidence of this is in their comments to one another.
 - 2. The new corridor on the second floor has had a significant influence for good pupil behavior.
 - 3. Much of the improvement in pupil morale is due to a clean, more wholesome building environment.

In these statements one can see the beginnings of better attitudes toward respect for property, toward cleanliness, and one's duty to co-operate with fellows in keeping public property clean and in repair. I do not say the habits are all formed so they will always react rightly but I do say progress has been made and that the present Academy pupils are displaying more respect and pride in their building than I have ever known.

The elementary schools have a good record in caring for their buildings. In every case where the building has been made cleaner and more homelike the problems in teaching children respect for property and pride in their school have been made easier.

REPAIR PLANS FOR 1944

Revised painting schedule.

Academy: Exterior 1943, 1947, 1952.

Interior 1942, 1943, 1945, 1948.

Cameron: Exterior 1938, 1944, 1949.

Interior 1944, 1949.

Frost: Exterior 1938, 1944, 1949.

Interior 1946, 1951.

Sargent: Exterior 1938, 1945, 1950.

Interior 1942, 1947, 1952.

This year we propose to paint the exterior of Frost School and the exterior and interior of Cameron School. The interior of Cameron School is badly in need of paint. Both Cameron and Frost Schools were painted in 1938 and if done in 1944, one coat should be sufficient. Because of the impossibility of being sure good quality of outside paint can be secured in 1944, a special appropriation of \$1,400 is being asked to cover the painting of these schools. Then if good quality paint is unobtainable, the funds will be available at some future time when it will be feasible to paint these buildings. It would be foolish to paint them with inferior materials and it would be equally foolish to make no provision for this work so an extensive amount would have to be raised several years hence.

Other major repairs contemplated are improving the coal bins at Sargent and Cameron Schools so coal can be dumped directly from the trucks into the bins. At present it is necessary to handle the coal several times and this is a problem in these days of labor shortages.

NABNASSETT SCHOOL

Nabnassett School was closed this year due to the small number of pupils attending there. The school board believed the pupils would be better off educationally in the larger schools and, as there was no increase necessary in bus transportation, the change was made.

OPPORTUNITY CLASS

The opportunity class was transferred to Cameron School in September. One of the difficulties in operating the class last year was the lack of association these pupils had with other children. Moving the class to Cameron School eliminates this difficulty and also eliminates extra transportation costs.

The new arrangement is functioning smoothly and the pupils are much happier in their new classroom.

I wish to thank the Abbot Worsted Company and the C. G. Sargent's Sons Corporation for their generous gifts to the Westford school children.

May I extend to the teaching staff, the school board, and all citizens my appreciation for their fine co-operation during the past year. Such a spirit of working together is bound to improve our schools.

Respectfully submitted,

CHESTER V. SWEATT,
Superintendent of Schools.

REPORT OF THE PRINCIPAL OF WESTFORD ACADEMY

for the Year Ending December 31, 1943

January 1, 1944

Mr. Chester V. Sweatt Superintendent of Schools Westford, Massachusetts

Dear Mr. Sweatt:

It is a pleasure to submit the annual report of Westford Academy.

In September, 1943, Westford Academy started its second year of service to the youth of Westford as one of America's schools at war. The fall of 1943 found Westford Academy better prepared to do its job of meeting the needs of the boys and girls of Westford in wartime than it was prepared in 1942.

The teachers have contributed to the war effort by teaching heavy schedules. Two of the eight teachers are occupied seven periods in a seven-period day. All teachers have a full load and extra-curricular duties as well.

The students were better adjusted to wartime education in 1943, after a year and a half of wartime experience. They also felt more keenly the value of an education and were resolved to work hard. If necessary, in order to master their studies. As might be expected, every boy and girl has not been able to carry out his good resolutions. Some of them have not studied hard and a few have withdrawn, but for the most part the pupils of Westford Academy have lived up to their resolutions of the new school year very well.

It has, perhaps, been easier for the pupils to do their job this year than it was last. They have found a well-considered wartine curriculum this year. The new courses which have been established have been well worthwhile. Subjects which were not necessary in wartime were dropped out of the program of studies for 1943-1944. Changes were made in the content of the work in many of the subjects. All of these modifications were undertaken with much more postiveness than was true a year ago. The faculty this year felt much more certain of its position and this certainty has been reflected both in the choice of subject matter and in the method of its presentation.

The pupils have also been more certain of themselves. They have been more positive that the work they are doing in school is the most beneficial thing they can do for the war effort. They have shown a willing spirit of cooperation with teachers in the general activities of the school. They have worked hard and have expected to work hard. It has become the accepted thing in Westford Academy to get assignments completed and to get them completed on time. It has become a matter of habit to study for examinations. Pupils are escaping from the easy peace-time policy of just getting by and of working to please the teacher. Most of the boys and girls are now trying to please themselves and to satisfy their own consciences.

Because of the generally high morale on the part of the student body, the pupils have been entrusted with larger areas of self-control. It has been the policy of the faculty to foster a spirit of self-discipline on the part of the student body. The teachers believe that if these boys and girls will be without any restraining influences in a matter of a few months they need to be helped to achieve self-control now. It is wrong to treat a boy or girl as a child today, and tomorrow to send him away from friends, school, and home to be a law unto himself, as it were. If the restraints of childhood are all thrown away in one day, there is great chance of personal tragedy. Inasmuch as possible, the pupils in Westford Academy have been encouraged to control themselves this year. There has been only limited faculty The student council has functioned more actively. supervision. Special committees from the student body have been in charge of various phases of school life.

As specific instances of a serious attitude on the part of the students this year, we have few failures in courses. On the contrary, the subject matter taught is more difficult, but in spite of this most pupils have received higher grades. In fact, it has been possible to resume the publishing of an honor roll at the close of each marking period, a policy which was not followed last year.

There is a larger enrollment this year than there was a year ago. This is contrary to the general trend throughout the country which shows a continuing tendency for secondary school enrollments to shrink.

After boys and girls experienced high wages during the summer in war jobs, many of them did not return to school. In Westford this was also true to some extent, but for the most part, the pupils did return. Many of them, however, continued to work on a part-time basis. A recent survey showed the following employment figures:

Boys	Girls		
Employed	Unemployed	Employed	Unemploye
Seniors 8	5	3	10
Juniors 8	4	9	14
Sophomores9	8	4	21
Freshmen 4	15	- 8	23
_	_	_	
Totals29	32	24	68

Most of these pupils are working nearly twenty hours a week. A few work more and one or two hold down regular 40-hour a week jobs and attend school besides.

In spite of more difficult subject matter and additional employment on the part of the pupils, this year has shown an increase in extra-curricular activity. As was true of most small schools last year, there was almost a complete curtailment of inter-school athletic competition. This year saw the return to a regular schedule of inter-school games, although fewer in number than in previous years. The size of the squads this year in boys and girls basketball are much larger than last year and compare favorably with peacetime.

The program in dramatics has been more ambitious this year than last. Work in student publications has continued. The club activity period has operated with as many clubs as in past years and with nearly every pupil in school as member of some club.

The few minutes following lunch time during the noon recess period has been used regularly for activities. In the fall this took the form of outside sports; this winter games and dancing have been enjoyed in the gymn.

In the honrs beyond the school day the faculty has attempted to serve the youth of the town this year by instituting a moving picture program on Friday nights when there was no organized school affair in progress. The school movie projector, the generous gift of the trustees, was used to show entertaining and wholesome moving pictures for the benfit of the boys and girls in all parts of the town. The Parent-Teachers Association agreed to back the project in case of financial difficulty. The local ration board was most generous in helping in the matter of transportation. Four hundred boys and girls attended shows for the month of December.

In the foregoing paragraphs I have attempted to describe and to cite examples of the wartime activities of Westford Academy. There are many specific matters, however, which should be mentioned.

The curriculum of the school was changed in the fall of 1943 with modification of the regulation on social studies in the core curriculum program. In place of civics as a required subject of the freshman year was substituted mathematics. English continued as a requirement for all four years and social studies, for the last three years.

New elective subjects added to the curriculum included pre-induction mathematics, pre-induction science, advanced mathematics, a second year of Spanish, and the establishment of the offering of physics and chemistry yearly rather than on an alternate year basis. Latin is no longer offered every year. It is to be taught when requested as a vocational subject for entrance to college or nurse's training school.

A regular period during the school day for conference between pupils and teachers was started this fall. In past years teachers have always been available by appointment and on certain "afternoons back" after school hours. These practices are still continued, and in addition a period is set aside each day when certain teachers are freed of all other responsibilities and are available to the pupils for special help. This is a feature of the program at Westford Academy which is almost unique for a public school. In private schools, where the ratio of pupils to teacher is much lower, the conference system is commonly used. In public schools, such a practice is rarely found. It is possible for the conference program to be undertaken at Westford only because the teachers are willing to put forth extra effort. "Spare periods" are not available. At times when the teachers might expect to be without assignment, the conferences are held.

The outside reading program at the Academy continues to be a prominent part of student life. This is made possible through the cooperation of Miss May E. Day, the town librarian, who brings books to school for loan to the students at regular intervals.

Certain changes were made in the faculty this year. Because of the resignation of Miss Ethel T. Tewksbury and Mr. Ernest R. Dalton, two vacancies were created which were filled by the election of Mrs. Mary H. Croucher, formerly a teacher in Amherst, Mass., and Miss Carolyn E. Dutton, a graduate of Boston University.

During the summer and Christmas vacations, extensive alterations were made in the Academy building. A passageway was cut through the upper hall, a conference room was made available on the first floor, and lockers were placed in the classrooms. The basements were also thoroughly cleaned and painted, as were the walls in the classrooms and halls of the two lower floors. For this work of cleaning and painting much credit is due to our new janitor, Mr. Howard H. Ferguson.

An honor roll bearing the names of the graduates of Westford Academy serving in the armed forces was placed in the lower hall on Armistice Day. The funds for this honor roll were raised entirely by the students themselves, the largest contribution being made by the class of 1943 as their class gift to the school. At present there are listed the names of 101 men and women now serving. In gold letters are the names of James Harrigan and Emile LeDuc.

I wish it might be possible to make some accurate forecast as to the future. The war renders it impossible to prophesy with even the average expectancy of being correct. Certain factors, however, are beginning to be clear in the general picture.

It seems rather positive that the wartime program of studies at Westford Academy is well established. As long as the war lasts, we may expect to see the same curriculum with only slight modification.

When peace comes, it is doubtful whether we shall ever go back to the same program that we had before war was declared. I believe that the demand for short unit conrses will continue and grow and that more and more short term subjects will be offered in all secondary schools.

When the war is over, or, in fact, before that time, an evaluation of the program at Westford Academy should be made with attention to the success of the Academy in meeting the needs of its students. In the future I believe that secondary education will be expected to fit the boy or girl who graduates from high school for his next step in life. That next step may be going to college, going to a special school such as a trade school or nurse's training school, or going to work. As has been true of most high schools, Westford Academy has paid little attention in the past to the preparation of its graduates to take a definite place in the world.

In connection with this practice of the past, a study of the following tabulation of drop outs of the last year and a half is, I think, interesting:

	Work	Disliked School	Moved	Military Service			Married
Boys	9	2	7	7	1	0	0
Girls	9	5	3	0	1	2	1
			_	_			
™ota	ls 18	7	10	7	2	2	1

In analysis of the figures shows that, excluding those who entered the armed services or moved, 30 pupils left school during this period. It is apparent that 25 of the 30 felt that the school had little to offer them.

The graduates of Westford Academy in the classes of 1942 and 1943, excluding those in the armed services, very largely entered activities for which they were not prepared in school. The following table shows the distribution of our graduates of the last two years:

College	Other Education	Commercial	Other Work
2	7	10	22

Surely the small proportion of our graduates who are fitted to undertake the activity which they enter is subject for careful thought. When the large number of graduates who drift into various positions is linked with the large number of drop outs, most of whom may be expected to be working at the first job which came along, we may well question the effectiveness with which Westford Academy is preparing the boys and girls of Westford for life.

A careful investigation of the future possibilities of secondary education in the town of Westford should be made in the near future.

The following items should prove of general interest to the citizens of the town:

Enrollment—December	24,	1943
---------------------	-----	------

Class	Boys	Girls	Totals
1944	14	14	28
1945	11	23	34
1946	17	23	40
1947	21	32	53

William H. Studdiford, 1944

In closing, may I extend my thanks and appreciation for your splendid support and cooporation of the past year. The school board has also been most considerate of any requests made of them and have insured better teaching through the feeling of confidence which they have given the teachers. I should also like to express my personal appreciation to the parents of the boys and girls of Westford Academy for their understanding and whole-hearted support in matters of pupil control.

Respectfully submitted,

ANTHONY G. L. BRACKETT.

Principal of Westford Academy.

REPORT OF SCHOOL PHYSICIAN

Members of the School Committee:

The following is my report as school physician for the year ending December 31, 1943:

The usual physical examination was made on all the children attending the public schools of Westford. A separate physical examination is made to recheck all the cases in which major physical defects are found, and the children may receive treatment if any is indicated. Academy pupils playing basketball received special examinations.

I have responded to calls at the schools for emergency cases when called by the school principals.

Co-operation by the Board of Health nurse, teachers, and parents of the children has been splendid.

Respectfully submitted,

DR. D. W. COWLES.

REPORT OF THE SCHOOL NURSE

January 9, 1944

Mr. Chester V. Sweatt, Superintendent of Schools, Westford, Massachusetts.

Dear Sir:

Following is the report of the School Nurse from March 1, to December 31, 1943:

Schools visited	21
Dressings and First Aid	3
Children examined for minor ailments	3
Children recommended for exclusion because of Pediculosis and skin infections	1
Children recommended for exclusion because of contagious disease contact	
Assisted at clinic for mentally retarded children.	
Vaccinations checked.	
Weighed and measured school children.	
Assisted School Dentist with oral examination of all school children October, 1943.	
Assisted School Physician with physical examination of school children in Spring and Fall of 1943.	

Respectfully submitted,

DOROTHY A. HEALY, R. N.

REPORT OF THE SUPERVISOR OF MUSIC

Mr. Chester V. Sweatt, Superintendent of Schools, Westford, Massachusetts.

Dear Sir:

The following is my report as Supervisor of Music in Westford Schools.

The ultimate aim of all music lessons is to make the learning of music one continuous round of happy memories and pleasurable experiences.

The music program in our schools today provides an integral experience which develops in students an understanding of and a love for music. Music is used to brighten and vitalize the social studies and social studies are used to illuminate the music.

During this war the folk songs and dances have taken on a more definite significance than heretofore. The study of nationality, through the characteristic music — songs, dances and musical instruments, has developed keen interest in all of the grades.

Girls Glee Clubs were organized in all of the schools last year and the Sargent School now boasts of a Boys Glee Club, beginning late fall.

Activities were much the same this year as last, Christmas programs being given creditably in all of the schools and excellent singing at the Common on Memorial Day by the combined schools of the town.

In addition, Grades 1, 2, 3, and 4 of the Frost School presented the "Nutcracker Suite" and Grades 5, 6, 7, and 8 gave a "Variety Show" for their Spring Concert at the Academy Gymnasium. An appreciative audience filled the hall for this splendid program.

In conclusion, I wish to express my sincere gratitude to all those who have helped toward making this year happy and successful.

Respectfully submitted,

LILLEY MORAN LAWLER,

Music Supervisor.

REPORT OF THE SUPERVISOR OF HANDWRITING

January 22, 1944

Mr. Chester V. Sweatt, Superintendent Westford Public Schools Westford, Mass.

My Dear Mr. Sweatt:

I am pleased to submit the following report on the Handwriting program in the Westford schools for the school year 1942-43.

In the initial Handwriting tests administered in September, 1940, 20.7% of your elementary school pupils received a grade of "A" (Excellent); 6.9% received a grade of "B" (Good); and 72.2% were graded less than "B." In the June tests administered in 1943, 70.1% were graded "A" (Excellent); 14.3% were graded "B" (Good); and 15.5% were graded less than "B."

Certificates in Handwriting were awarded to 47 or 73% of the eighth grade pupils and 8 or 72% of the high school pupils.

During the school year we graded approximately 4750 formal and 14,250 informal samples of Handwriting for the elementary school children, and 1000 formal and 2000 informal Handwriting samples for the high school pupils.

We furnished the following supplies during the year:—monthly outlines for the teachers, pupil folder outlines, room motivation certificates, monthly and term envelopes, term testing paper, individual handwriting certificates for the eighth and high school pupils who qualified, diagnostic charts, seals, etc.

In conclusion, I should like to express my appreciation to you, your teachers, and your pupils for the fine cooperation we have received at all times.

Sincerely yours,

W. L. RINEHART.

WESTFORD SCHOOL CALENDAR

Memorial Day--May 30.

GRADUATIONS:

Elementary June 19. High School June 20.

The graduation dates are tentative and depend on whether the state requires us to make up the time lost in September when the opening of school was delayed so that the pupils could assist in the harvesting of crops.

ANNUAL REPORT

OF THE

J. V. FLETCHER LIBRARY

OF THE

Jown of Westford

For the Year Ending December 31, 1943

REPORT OF THE TRUSTEES OF THE J. V. FLETCHER LIBRARY

January 1, 1944.

The Trustees of the J. V. Fletcher Library respectfully submit their annual report for 1943; including the report of the Librarian and the list of books added in 1943.

Last winter the Selectmen requested a complete appraisal of the contents of the Library building for insurance purposes. Accordingly several evenings were spent in listing and valuing the books, furniture, statues, oil paintings, the contents of the Historical Room and the tools in the basement. Placing the value on some of the articles was somewhat of a problem, but an endeavor was made to arrive at a fair estimate.

To carry on the repairs and the necessary work of the Library and its branches the Trustees ask the following appropriation, viz:

- 1. The sum of twenty-four rundred (\$2,400.00) dollars.
- 2. The receipts from the dog licenses in 1943.

Respectfully submitted,

WILLIAM C. ROUDENBUSH, Chairman.
WILLIAM R. TAYLOR
ALICE M. HOWARD, Secretary.

REPORT OF THE LIBRARIAN

January 1, 1944.

To the Trustees of the J. V. Fletcher Library:

The librarian herewith submits her twenty-sixth annual report in the eighty-fifth year of the Westford library.

While the total circulation has decreased slightly, the number of adult non-fiction has increased. As it takes longer to read a book of biography or travel than a book of fiction not so many can be read. The most used group was that of history in which are included the books about the World War which have been very popular, with a circulation of 557. This is followed by travel with 505 books; biography third with 495 and useful arts (cooking, airplanes, agriculture, etc.) fourth with 418. The number of children's books circulated has increased, showing that they are less busy than adults. The magazine circulation also has increased, probably as they are easier to read by busy people.

This year the long and ardous task of taking an inventory of all the books in the library has been performed, after which the books were counted giving a total of 17,738. This includes 378 books of the Social Library, nucleus of our present library, and 100 old books which are in cases in the former trustees' room. Also in the attic there are 124 books published before 1845 and 1,407 other books which includes the old Agricultural Library, books of genealogy and others which are little used. The 172 volumes of the Vital Records are in the basement. The several hundred volumes of public documents and Smithsonian reports, previously included in the count, have not yet been inventoried and counted.

Several collections of interest to many have been shown in the Frost museum case this year. Miss Marion F. Winnek loaned three groups of articles collected during her travels: Indian crafts and paintings by Indian young people; pottery, embroidery and lace from Italy; and materials of Jugoslavian handwork. In April, Mrs. Carl Chaplin loaned the articles brought to her sons from Liberia by their uncle. One month a group of foreign dolls belonging to the librarian were on display. The most recent exhibition was of souvenirs collected from different points in his travels by J. Willard Fletcher, radioman on one of the ships of the Pacific fleet.

In the spring garden books about flowers and vegetables were arranged on the table in the conversation room for the convenience of the victory gardeners.

For the convenience of the people of Nabnassett a deposit station was opened at the home of Mrs. Edgar Peterson in July. This is open on Tuesday afternoon and evening and it is hoped that it will be increasingly useful. Through the courtesy of Mrs. John Spinner of Graniteville books from the library have been made more accessible to a group of her neighbors. From time to time the librarian has taken books to families who could not readily come to the library. The deposit station at the Post-Office in Forge Village still supplies books for both children and adults. Books are also taken to the schools for the children of Graniteville and Forge Village, where the work of the teachers who take charge of them is much appreciated.

Fifteen children of the Frost school were awarded honor certificates at the graduation exercises in June, which means reading and reporting on twenty books from the State Reading list. Seventy or eighty small certificates were given during the year for reporting on five books from this list.

Several illustrated book reviews written by pupils of Westford Academy were on exhibition at the library in November.

Mr. Edward M. Abbot made a valuable addition to the Westford historical material by the gift of a portrait of Commodore Joel Abbot, born in Westford, January 18, 1793. He was granted a sword by Act of Congress for meritorious action in the War of 1812, served in various positions of trust, and during the critical period of our relations in China performed delicate diplomatic duties, dying in Hong Kong in 1853. A United States destroyer, named for him in 1918, has been recommissioned for active service in this war and was then turned over to Great Britain.

An honor roll containing the names of the men and women serving in this war, sponsored by the Edward M. Abbot Hose Company, was erected on the lawn between the library and the church where it was dedicated on November 7.

During ten months of the past year the Red Cross has used Library Hall for the making of bandages on three afternoons and one evening a week. Also a class in home nursing sponsored by the Red Cross, was held for eleven weeks beginning Tuesday evening May 11. Mrs. Carl Wyman was the instructor. In appreciation the Red Cross gave the library two copies of the home nursing text book.

One of the magazines listed for last year—Yankee—was not received as it was discontinued at the close of 1942 for the duration. Otherwise there is no change. All except current numbers may be borrowed for one week and the list for the coming year is as follows:

REGULATIONS

The J. V. Fletcher Library is open Tuesdays, Thursdays and Saturdays (legal holidays excepted) from 1:30 till 5, and from 6:30 till 9:00 P. M.

The Forge Village deposit station at the Post-Office in charge of Mrs. Josephine Connell is open daily.

The Nabnassett deposit station at the home of Mrs. Edgar Peterson is open Tuesday afternoon and evening.

New books of fiction can be kept only one week; but there may be one renewal. All other books may be kept four weeks. Renewals may be made by telephone or by postal.

No books shall be transferred, or acknowledged as returned, unless delivered to the librarian,

For each day that a book is kept beyond the prescribed time a fine of one cent is charged.

Borrowers finding books mutiliated or defaced should report the fact to the librarian.

NOTE

All persons are respectfully requested to examine the foregoing reports of births, marriages and deaths and report to the Town Clerk any errors or omissions that may be discerned therein, so that the records may be corrected. An error in the record, other than a mistake in copying a certificate or return, can be corrected only in accordance with a deposition under oath made by one who was required by law, to furnish the information for the original record or by one or more creditable persons having knowledge of the case.

(See General Laws, Chapter 46, Section 13 as amended.)

Births occurring late in the year are sometimes returned without the Christian name. In such cases parents should return the name to the Town Clerk as soon as selected, as incompleteness of the record may occasion trouble in the future.

Attention is particularly called to the following extracts from the General Laws:

GENERAL LAWS, CHAPTER 46

Section 1. Each city and town clerk shall receive or obtain and record * * * facts relative to the births * * * in his city or town.

Section 3. Every physician or medical officer registered shall keep a record of the birth of every child in cases of which he was in charge and * * * shall, within fifteen days after such birth, mail or deliver to the clerk or registrar of the town where such birth occurred a report * * * if the child is illegitimate, the name and other facts relating to the father shall not be stated except at the request in writing of both father and mother filed * * * Upon presentation to him of a certificate of the town clerk stating that any such birth has been duly reported, the town treasurer shall pay to such physician or officer a fee of twenty-five cents for each birth so reported * * * A physician or any such officer violating any provision of this section shall forfeit not more than twenty-five dollars * *

Section 4. A member or servant of a family in which a child is born, having knowledge of the facts required * * * shall furnish the same upon request of the clerk of the town * * * or of any person authorized by him. (Penalty for refusing, not more than ten dollars.)

Section 6. Parents, within forty days after the birth of a child, and every householder within forty days after a birth in his house shall cause notice thereof to be given to the clerk of the town where such child is born.

GENERAL LAWS, CHAPTER 207

Section 36. If a marriage is solemnized in another state between parties living in this Commonwealth, who return to dwell here, they shall within seven days after their return, file with the clerk or registrar of the town where either of them lived at the time of their marriage, a certificate or declaration of their marriage including the facts required in a notice of intention of marriage.

Section 55. Whoever violates Section 36 shall forfeit ten dollars.

The Town Clerk hereby gives notice that he is prepared to furnish, parents, householders, physicians and registered hospital medical officers applying therefor, with blanks for return of births as required by law.

CHARLES L. HILDRETH,

Town Clerk.

TOWN CLERK'S REPORT ON DOGS

Number of Dog Licenses issued from January 1, 1944 thru December 31, 1944:

161 Males at \$2.00	.\$ 322.00
26 Females at \$5.00	. 130.00
41 Spayed Females at \$2.00	. 82.00
228 Total	.\$ 534.00
Clerk's fees at 20 cents on 228 Licenses\$ 45.60	
Paid to Town as per Treasurer's Receipts 488.40	
	\$534.00

The attention of owners and keepers of dogs is called to the following extracts from Chapter 140 of the General Laws as amended:

Definition: "License period," the time between April first and the following March thirty-first, both dates inclusive.

Section 137. A person who at the commencement of a license period is, or who during any license period becomes, the owner or keeper of a dog when it becomes three months old during a license period, shall cause it to be registered, numbered, described and licensed until the end of such license period, and the owner or keeper of a dog so registered, numbered, described and licensed during any license period, in order to own or keep such dog after the beginning of the succeeding license period, shall, before the beginning thereof, cause it to be registered, numbered, described and licensed for such period.——The registering, numbering, describing and licensing of a dog——shall be——if kept in any——town in the office of the clerk thereof.

The license shall be in a form prescribed by the director, upon a blank to be furnished,——by the county in which the town is located, and shall be subject to the condition expressed therein that the dog which is the subject of the license shall be controlled and restrained from killing, chasing or harassing live stock or fowls. The owner or keeper of a licensed dog shall cause it to wear around its neck or body a collar or harness of leather or other suitable material, to which shall be securely attached a tag in a form prescribed by the director, and upon which shall appear the license number, the name of the town issuing such license and the year of issue. Such tags shall

be furnished in the same manner as the license blanks, and if any such tag shall be lost the owner or keeper of such dog shall forthwith secure a substitute tag from the town clerk——at a cost of ten cents which, if received by a town clerk, shall be retained by him unless otherwise provided by law.

Section 139. Fees for licenses. The fee for every license shall, except as otherwise provided, be two dollars for a male dog and five dollars for a female dog, unless a certificate of a registered veterinarian who performed the operation that said female dog has been spayed and has thereby been deprived of the power of propagation has been filed with the town clerk, in which case the fee shall be two dollars. A certified copy of such certificate on file in the office of any town clerk within the commonwealth may be accepted as evidence that the said operation has been performed.-

ANNUAL TOWN MEETING-FEBRUARY 21, 1944

At a legal meeting of the inhabitants of the Town of Westford, qualified by law to vote in Town affairs, held at the Town House, Monday, February 21, 1944, at one o'clock P. M., the following business was transacted:

Ben W. Drew, Town Moderator, was sworn in by Charles L. Hildreth, Town Clerk, and called the meeting to order.

Rev. Richard B. Carleton, Pastor of the First Parish Church United, offered prayer.

Voted to dispense with the reading of the Warrant.

Article 1. Voted that the Reports of the Finance Committee, other Committees, Boards and Officers be accepted as corrected.

Article 2. Voted that the compensation of Town Officers be as follows: Selectman, Chairman \$200.00; other two members \$175.00 each; Board of Public Welfare, Chairman \$20.00; other two members \$10.00 each; Town Treasurer \$1,300.00; Town Clerk \$250.00; Collector of Taxes, .75 of 1% of the amount collected; Tree Warden \$0.53 per hour; Assessors \$4.50 per day of eight hours; Registrars and Assistant Registrars of Voters \$4.50 per day of eight hours, for listing as required by law.

Article 3.

- Vote that the sum of \$9,125.00 be raised and appropriated for General Government, divided as follows: Selectmen \$750.00; License Expense \$75.00; Town Treasurer \$1,650:00; Town Accountant \$975.00; Assessors \$1,400.00; Tax Collector \$1,750.00; Town Counsel \$200.00; Tax Title Expense \$500.00; Town Clerk \$525.00; Election and Registration \$1,300.00.
- 2. Voted that the sum of \$2,500.00 be raised and appropriated for the General Expenses of the Town Hall.
- 3. Voted that the sum of \$6,125.00 be raised and appropriated for for the purpose of defraying expenses of the Police Department, divided as follows: General Expenses \$6,375.00; Road Marking \$150.00.

- 4. Voted that the sum of \$4,500.00 be raised and appropriated for the purpose of defraying the expenses of the Fire Department, divided as follows: General Expenses \$4,000.00; Permanent man \$500.00.
- 5. Voted that the sum of \$3,350.00 be raised and appropriated for Fire Hydrants.
- 6. Voted that the sum of \$125.00 be raised and appropriated for the Sealer of Weights and Measures.
- 7. Voted that the sum of \$75.00 be raised and appropriated for the Salary and Expenses of the Fish and Game Warden.
- 8. Voted that the sum of \$1,000.00 be raised and appropriated to defray the expenses of Fighting Forest Fires.
- 9. Voted that the sum of \$100.00 be raised and appropriated to defray the expenses of the Town Forest.
- 10. Voted that the sum of \$500.00 be raised and appropriated to defray the expenses of the Tree Warden.
- 11. Voted that the sum of \$900.00 be raised and appropriated to defray the expenses of the Moth Department.
- 12. Voted that the sum of \$3,500.00 be raised and appropriated to defray the expenses of the Health Department.
- 13. Voted that the sum of \$150.00 be raised and appropriated to defray the expenses of the Cattle Inspector.
- 14. a. Voted that the sum of \$2,500.00 be appropriated for Snow and Ice Removal.
 - b. Voted that the sum of \$1,500.00 be appropriated for Town Roads.
 - c. Voted that the sum of \$10,375.00 be appropriated for Roads under Chapter 81.
 - d. Voted that the sum of \$3,000.00 be appropriated for Maintenance of Chapter 90 Roads, on condition that like amounts be contributed by either or both the State and County respectively, to be used in conjunction therewith.
- 15. Voted that the sum of \$32,300.00 be raised and appropriated to defray the expenses of the Welfare Department, divided as follows: Temporary Aid and Infirmary \$12,300.00; Aid to Dependent Children \$3,500.00; Old Age Assistance \$16,500.00.

REPORT OF SELECTMEN

January 23, 1945

To the Citizens of Westford:

The Board organized for the year with Arthur M. Whitley, Chairman, Arthur L. Healy, Secretary and Cyril A. Blaney, M. D., as the third member.

The reports of various committees and boards are herein printed, also the report of the Annual State Audit.

At a regular meeting held February 23, 1944, the Board appointed Mr. W. Arthur Perrins, Temporary Chairman of the Veterans Rehabilitation Committee and also Youth Guidance Committee. The members of the committee are to consist of the present Chairman of all Local Organizations.

The Board appointed Mr. W. R. Taylor, Chairman of a Local Historical Committee, upon the request of the Massachusetts Public Safety Committee.

Signed:

ARTHUR M. WHITLEY
ARTHUR L. HEALY
CYRIL P. BLANEY

REPORT OF HIGHWAY SUPERINTENDENT

Board of Selectmen,

Westford, Mass.

Gentlemen:

The following is my report for the year ending Dec. 31, 1944

Chapter 81 and General Maintenance:

The usual highway maintenance was carried out this year, which included the use of gravel, tar, pea stone, and patch on our various roads and those that come under our Chapter 81 contract.

Chapter 90 Maintenance:

The usual maintenance of Chapter 90 Highways was carried out again this year under the provisions of the contract. All of our Chapter 90 roads are in good condition. We continued to use a new surface treatment that was recommended to us by the State last year on our Chapter 90 roads. This treatment consists of an application of tar and pea gravel which is mixed and leveled by a power grader, pea stone is applied as a binder and a thorough rolling completes the construction.

Respectfully submitted,

J. AUSTIN HEALY,

Highway Superintendent.

REPORT OF THE POLICE DEPARTMENT

REPORT OF FIRE ENGINEERS

The Board of Fire Engineers submit the following report for the year ending Dec. 31, 1944:

The various companies responded to 56 alarms other than forest fires; namely, 12 chimney, 8 house, 3 barn, 1 bus, 2 truck, 1 dump, 1 auto, 2 false, 1 foundry, 1 cellar oilstove, 1 tree, 2 fireplace, 1 camp, 1 brooder house, 10 still alarms, 2 calls searching for lost children, and 7 out of town. 48 alarms for forest and grass fires were answered making a total of 104 calls.

While responding to an alarm one morning last April, the Forge Village truck was involved in an accident which caused serious injury to one of the men. He was not released from the hospital until approximately the first of October. Due to the seriousness of the accident the expenses ran considerably over the amount covered by the insurance and we feel that the balance should be paid for by the town. Incidentally, Group Accident Insurance is paid for by the men from their salary. This pays \$500.00 hospital expenses and also pays a weekly salary of \$25.00 for 104 weeks or until time of recovery if less than this time. We are pleased to say that this man is now fully recovered and was released by the physician Dec. 9th.

The installation of power brakes on the smaller trucks which are very necessary was started this year and was the only major repair to the equipment.

Due to the shortage of materials we feel that the appropriation for new fire hose should be abandoned for this year.

Respectfully submitted,

EDMUND D. ROGERS HAROLD E. WRIGHT RICHARD W. HALL

REPORT OF THE TREE WARDEN

As Tree Warden I have attended to the removal of many broken limbs from trees and also the clearing of dead trees from the roadside.

I still think it would be advisable to set out some Maple shade trees on Depot Street.

A great many of the trees are still in a poor condition because of broken limbs caused by high winds and winter storms. I would suggest an appropriation of \$500.00 to take care of this work.

Respectfully submitted,

HARRY L. NESMITH,

Tree Warden.

REPORT OF THE FOREST WARDEN

DEPUTIES

Edmund D Rogers Harold E. Wright Richard W. Hall Hubert V. Raymond Reginald Blowey
F. Everett Miller
Thomas Curley
Austin D. Fletcher

All fires this year were of a minor nature except one four hour fire on Chamberlin Road.

Permits must be obtained for all fires in the open unless there is snow on the ground.

The usual sum of \$1000 is asked for the coming year.

Respectfully submitted,

LEO R. LARKIN.

Forest Warden.

REPORT OF THE TREASURER

Balance on hand January 1, 1944 Total Receipts to December 31, 1944	
Balance on hand December 31, 1944	
	\$384,960.68

Respectfully submitted,

CHARLOTTE P. GREIG,

Treasurer.

REPORT OF FISH AND GAME WARDEN

I hereby submit my annual report as Fish and Game Warden for the Town of Westford.

You will find listed below the fish and birds liberated in the Town of Westford, in 1944:

June 25-9 Hen Pheasants.

Aug. 12-12 Hens-18 Cocks.

Aug. 4-Forge Pond-2015 Pond Fish.

Aug. 9-Keyes Pond-2015 Pond Fish.

Aug. 9-Nabnasset Pond-2015 Pond Fish.

Aug. 9—Long Sought For Pond—1200 Brook Trout, 4-5 inches.

I take this opportunity to thank each and everyone for the sincere co-operation you have accorded me.

Respectfully submitted,

EDMUND L. PROVOST.

Game Warden.

REPORT OF SEALER OF WEIGHTS AND MEASURES

REPORT OF THE BOARD OF HEALTH

Westford, Mass. January 16, 1945

The Westford Board of Health submits the following report for the year ending December 31, 1944:

The Board of Health organized in March with Dwight W. Cowles, M. D., Chairman, Cyril A. Blaney, M. D., Secretary, and Ralph E. Cole, M. D. as the third member.

Early in the year, the Board voted to sponsor a series of Well-Child Conferences to be conducted by the State Department of Public Health. Eight of these Conferences have been held to date with the follow-up work being carried on by Mrs. Margaret Sudak, the visiting nurse.

The Board of Health has not purchased a new car since 1940 so consequently this car has proved to be a source of expense this past year. A motor job and general overhauling was done in the summer but the car is still continuing to give trouble. The members of this Board are now contemplating the purchase of a new car.

Dr. Glenn Estabrook resigned as School Dentist at the close of the school year in June and we have not been able to find another dentist to do this work, despite the fact that we have contacted both state and local dental associations and have advertised in the Lowell Sun.

The usual vaccination and diphtheria toxoid clinics were conducted early in the fall. The Board was very much pleased at the large number of children that attended the diphtheria clinics, over twice as many as last year.

In September, all the employees of the C. G. Sargent Sons, Corp., who so desired, were given a free chest X-ray. This program was financed by the Westford Seal Sale Committee.

The milk situation was carefully supervised by the Board and its agents.

Inspection of liquor establishments have been made and, as in past years, conditions were found to be good.

Owing to the fact we have had a patient at the Middlesex County Sanatorium for the entire year, we have a balance of only \$71.60 to return to the Town.

The Board of Health has functioned well during the year receiving the fullest co-operation of all its members. Regular meetings have been held on the second Monday of every month and also several special meetings.

Respectfully submitted,

DWIGHT W. COWLES, M. D.

CYRIL A. BLANEY, M. D.

RALPH E. COLE, M. D.

REPORT OF PUBLIC HEALTH NURSE

January 15, 1945

Dr. Dwight W. Cowles Chairman, Board of Health Westford, Massachusetts

Dear Sir:

Following is the report of the Public Health Nurse from January 1, to December 31, 1944:

Absentees from school visited in their homes	105
Children taken home from school because of illness	24
Children taken to school physician	18

REPORT OF THE BOARD OF PUBLIC WELFARE

The Board organized for the year 1944 with Samuel A. Richards, Chairman, Reginald Blowey, Secretary and William L. Wall re-elected as third member.

The case load on Aid to Dependent Children and Temporary Aid remained much the same as the previous year, but Old Age Assistance slightly decreased.

Many budgets had to be adjusted on Old Age Assistance to conform with the law in regard to relative's contributions. The law requires sons and daughters to support parents to the extent that they are able. Most of the contributions were made voluntarily. However, when children failed to contribute the amounts required, court action had to be taken in order that the Town might be entitled to reimbursement. Several cases were taken from the rolls and others required much lower assistance payments after the parents received their contribution.

At the Infirmary there were eight inmates from town and six from out of town, for which we received eight dollars per week for room and board. The receipts this year for the farm showed a marked increase and there were no new improvements or changes made.

Respectfully,

SAMUEL A. RICHARDS
REGINALD BLOWEY
WILLIAM L. WALL
Board of Public Welfare.

REPORT OF MIDDLESEX COUNTY EXTENSION SERVICE

Due to a shortage of manpower in the County Extension office a general report is given rather than a detailed report as has been done during previous years.

The Extension Service during 1944 turned over all its facilities to the war effort in the production and conservation of food and other factors necessary to help win the war. The County Trustees, Town Directors and Local leaders gave freely of their time in spite of the fact that most of them were fully occupied with other duties.

Under agriculture most of the time was spent in cooperation with Selective Service Boards in furnishing information relative to registrants employed on farms. This probably was the most important job of the year as the food production program would not continue unless the key men on our farms were retained.

Farm labor is probably the next important item, with the local director cooperating with the school system in helping to make available all the boys and girls within the town and any other available people to help meet the extreme labor shortage on farms. The County office was instrumental in finding some outside available help and especially during the harvest season various types of help were obtained to harvest the crop.

General assistance was given in all production problems in order that the maximum amount of food could be produced.

Homemakers were assisted, especially in the conservation and preservation of food, a better understanding of wise use of ration points and food that had to be purchased along with greater use of home-grown foods. Good nutrition for the family was especially stressed in order that the health of the family could be maintained under war conditions. Clothing renovation and construction, refinishing and upholstering furniture were all projects emphasized to help the homemaker carry on more efficiently under war conditions.

With Boys and Girls' 4-H Club Work, it was difficult here to carry on due to lack of available volunteer leaders. Much credit, however, should go to the leaders who gave all their available time to help our boys and girls carry on with their various projects. The club members of your town were part of the 1,700,000 in the United States who helped 4-H earn the recognition of having made the largest contribution in the war effort of any of the youth organizations of the nation. Food Production, Food Preservation and Homemaking were the clubs given the greatest emphasis during the year.

MABEL M. NIXON,

Director.

REPORT OF WHITNEY PLAYGROUND COMMITTEE

In its supervisory and direction capacity your Whitney Playground Committee has tried to perform its duties satisfactorily. The services of Mr. John S. Peterson were employed as usual to care for the lawns and shrubbery. His work has been efficient and painstaking.

Repainting of the flagpole called for an unexpected but necessary expenditure of \$25.00. Additional care and expense was incurred in order to put the Tennis Court and ball grounds in proper shape.

In the coming fiscal year we will be required to meet some extraordinary expense for needed repairs to the lawn-cutting machinery, overhauling motor, etc. It is estimated that this will cost in the vicinity of \$50.00

As supervisors of the Whitney Shade Tree Fund we have to report increased necessity for pruning and cutting of trees on Depot Street as a safety measure for protection of the public. This we have recommended to the Tree Warden who is responsible for the work.

JOHN FISHER,
MORRIS A. HALL,
CHARLES L. HILDRETH,

Whitney Playground Committee.

REPORT OF THE WESTFORD COMMITTEE ON PUBLIC SAFETY

The year 1944 has required less activity on the part of our Committee than during the preceding two years.

As late as December 1944 we were requested by the Massachusetts Committee on Public Safety to retain our Organization and be prepared to give service if an emergency should require it, and we are cooperating with this request.

We are maintaining the Report Center in the Town Hall and have retained one telephone and the extension to the home of Mrs. Hilda Bosworth who will take any emergency call from Lowell Control Center or from the Boston Headquarters and notify the local Air Raid Warden or local Chairman who in turn will summons in the different Division Chairmen to the Report Center.

The direct line from the Lowell Control Center is still maintained and paid for by the Massachusetts Committee.

During the year the Observation Post in the Tower of the Town Hall, established by the Army and placed under the supervision of the local American Legion Post, was discontinued.

The Salvage Committee, with Mr. Morris Hall, Chairman, has done excellent work during the year and have had four paper collections, two of tin and one of silk stockings. And also under the direction of Mrs. Dorothy Sargent LePage a collection of clothing. These collections were well organized and the Town people responded splendidly with the School Department and Scholars aiding very materially in this work. The Committee appreciates the assistance given by the Individuals and Corporations in donating the use of trucks for these collections. From money received from the sale of Waste Paper the Committee voted donations to the U.S.O., American National Red Cross, the Infantile Paralysis Fund, Merchants Seaman's Book Library, Salvation Army, and locally to the Educational Aid Fund of the Alumni Association of Westford Academy and a sum sufficient to buy three Opaque Picture Projectors, one each for Cameron, Sargent and Frost Schools.

The Women's Groups in the different parts of the Town, and the Forge Village Men's Club have continued their outstanding work in Sewing, Knitting, the making of Surgical Dressings, etc., etc.

We are asking for the unexpended balance of the appropriation to be carried over to the year 1945 to take care of telephone expenses or any necessary emergency expense.

WESTFORD COMMITTEE ON PUBLIC SAFETY

WILLIAM R. TAYLOR, Chairman.

Westford, Massachusetts, January 19, 1945.

Commonwealth of Massachusetts. Middlesex, ss.

Then personally appeared William R. Taylor and made oath that the above is a true statement of the cost of construction of the Westford Water Company to December 31, 1944 and of the Receipts and Expenditures from January 1, 1944 to December 31, 1944, before me,

WINTHROP W. SARGENT,

Notary Public.

WESTFORD WAR PRICE AND RATIONING BOARD 332

REPORT FOR THE YEAR 1944

With the exception of a few changes in the members of the various panels, rationing during the past year has continued pretty much the same as in the two previous years of its existence.

As has been customary, the Board meets every Tuesday Evening at 7:30. We would suggest that anyone having any bothersome problems which can be helped by any member of the various panels, to visit the board on one of these evenings. The panels are made up as follows:

GASOLINE PANEL—Victor B. Daly, John Fisher, Edmund L. Provost. FUEL OIL PANEL—James L. Knowlton, Oliver A. Reeves, William E. Wright.

FOOD PANEL—Moses L. Fecteau, Frederick O. Baker.

TIRES PANEL—Edward T. Hanley, Henry J. Stepinski, John J.

Barretto.

PRICE CONTROL-Henry J. Stepinski, John J. Barretto.

CLERICAL FORCE—Mrs. Hilda I. Bosworth, Miss Blanche J. Wilk, assisted by Mrs. Freda S. Prescott, Miss Patricia Sullivan, Miss Gwendolyn M. Walker. During the summer vacation period, Miss Jennie M. Ferguson helped the Fuel Panel as she has in the past. This year Mrs. Edith Dean worked with Miss Ferguson and their help was very much appreciated.

The price control work, with Mrs. Eva A. Deforge as clerk, has worked out very successfully, we believe. During the early part of the year, this work was covered very efficiently, previous to Mrs. Deforge's appointment, by Mrs. Ethel F. Peverill. During the year, the town of Groton has been added to Mrs. Deforge's territory.

We regret that William E. Wright, due to illness, has had to take an extended vacation. Mr. Wright has given unsparingly of his time, and his help will be very much missed during this period.

We thank the people of the Town for their cooperation and confidence.

Respectfully submitted,

EDWARD T. HANLEY, Chairman.
JOHN FISHER
WILLIAM E. WRIGHT

JOHN J. BARRETTO
VICTOR B. DALY
EDMUND L. PROVOST

REPORT OF CEMETERY COMMISSIONERS

The Westford Cemetery Commissioners submit the following report for the year ending 1944.

Cemetery Perpetual Care Bequests amounting to \$27,100 are in "G" bonds. Four accounts, amounting to \$300 are still in the bank awaiting a sufficient amount to put into a \$500 bond. Interest on "G" bonds is $2\frac{1}{2}\%$ payable semi-annually and run for 12 years. Accumulated interest is in the bank.

We have taken in this year \$637 in lot care and \$357 for grave digging, which under the law has to be turned back into the Treasury and therefore cannot be used for labor, etc.

On account of the labor shortage we have endeavored to do the best we could. There are still quite a few who have failed to pay for their lot care and if they would come forward with same it would be of great assistance.

To economize on printing and paper during the war emergency we are omitting a list of cemetery lot care and cemetery perpetual care bequests. Anything concerning same will be found at the Town Hall.

> SEBASTIAN WATSON, Chairman FRED R. BLODGETT AXEL G. LUNDBERG

> > Cemetery Commissioners

TOWN OF WESTFORD WARRANT

COMMONWEALTH OF MASSACHUSETTS

Middlesex, ss

To the Constable of the Town of Westford in said County, GREETING:

You are hereby required in the name of the Commonwealth aforesaid, to notify and warn all inhabitants of said Town qualified to vote in elections, and also in Town affairs, to meet at their several polling places, viz:

Precinct 1. Town Hall, Westford Center.

Precinct 2. Abbot Hall, Graniteville.

Precinct 3. Donnelly's Store, Brookside.

Precinct 4. Abbot Hall, Forge Village.

MONDAY, FEBRUARY 12, 1945

being the second Monday in said month, at 12.00 o'clock noon, for the following purposes.

To bring in their votes for the following Officers:

For Three Years

One Town Clerk

One Selectman

One Member of the Board of Public Welfare

One Assessor

Two members of the School Committee

One member of the Board of Cemetery Commissioners

One Trustee of the Public Library

One member of the Board of Health

For One Year

One Moderator

One Constable

One Tree Warden

All on one ballot.

The polls will be open from 12 o'clock noon to 8 P. M., and to meet in the Town Hall at Westford Center on the following

MONDAY, FEBRUARY 19, 1945

at 1 o'clock in the afternoon then and there to act upon the following articles, viz:

- ART. 1. To hear the reports of Town Officers and Committees; or act in relation thereto.
- ART. 2. To determine the salary and compensation of elected officers and officials as provided by law.
- ART. 3. To appropriate money to meet the costs and expenses of the following departments, officers and purposes:
 - 1. General Government
 - 2. Town Hall
 - 3. Police Department
 - 4. Fire Department
 - 5. Hydrants
 - 6. Sealer of weights and measures
 - 7. Fish and Game Warden
 - 8. Forest Fires
 - 9. Town Forest
 - 10. Tree Warden
 - 11. Moth Department
 - 12. Health Department
 - 13. Cattle Inspector
 - 14. Highway purposes
 - 15. Department of Public Welfare
 - 16. Soldiers' Benefits
 - 17. School Department
 - 18. Vocational tuition
 - 19. Public Library
 - 20. Care of Common
 - 21. Commemoration of Memorial Day
 - 22. Publishing of Town Reports
 - 23. Compensation Insurance
 - 24. Fire Insurance
 - 25. General Loans
 - 26. Interest on General Loans
 - 27. Interest on Revenue Loans
 - 28. Cemeteries
 - 29. Street Lights
 - 30. Finance Committee Reserve Fund
 - 31. Unpaid bills of previous years.

- ART. 4. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the current financial year and to issue a note or notes therefor payable within one year, and to renew any note or notes as may be given for a period of less than one year, in accordance with Section 17 of Chapter 44 of the General Laws; or act in relation thereto.
- ART. 5. To see if the Town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for Chapter 81 Highways; or act in relation thereto.
- ART. 6. To see if the Town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for Chapter 90 Highway maintenance; or act in relation thereto.
- ART. 7. To see if the Town will authorize the Selectmen to act as its agent in any suit or suits which may arise during the current year, with authority to settle and adjust claims or demands for or against the Town, and to employ counsel whenever in their judgment it is advisable so to do; or act in relation thereto.
- ART. 8. To see if the Town will vote to raise and appropriate a certain sum of money for the purpose of paying the County of Middlesex, as required by law, the Town's share of the Middlesex County Tuberculosis Hospital as assessed in accordance with the provisions of Chapter 111 of the General Laws; or act in relation thereto.
- ART. 9. To see if the Town will vote to raise and appropriate the sum of Three Hundred (\$300.) Dollars, or some other sum, for the care of the Whitney Playground; or act in relation thereto.
- ART. 10. To see if the Town will vote to raise and appropriate the sum of Four Hundred (\$400.) Dollars, or some other sum, for Band Concerts during the current year; or act in relation thereto.
- ART. 11. To see if the Town will vote to raise and appropriate a sufficient sum of money for the purposes of defraying the salaries and expenses of the Ration Board, the said sum to be expended under the direction of the Westford Ration Board; or act in relation thereto.

- ART. 12. To see if the Town will vote to transfer a certain sum of money from the Machinery Fund to the Highway Equipment Account; or act in relation thereto.
- ART. 13. To see if the Town will vote to authorize the Selectmen to install two additional lights on Prescott Street in Forge Village; or act in relation thereto.
- ART. 14. To see if the Town will vote to authorize the Selectmen to install one additional light on Beacon Street in Graniteville.
- ART. 15. To see if the Town will vote to raise and appropriate a sufficient sum of money for the purpose of paying into the Contributory Retirement System the Town's portion of the amount which would have been paid into said Retirement System by former Westford teachers who are now in the military or naval service, all as provided in Section 9 of Chapter 708 of the Acts of 1941, as amended by Chapter 419 of the Acts of 1943; or act in relation thereto.
- ART. 16. To see if the Town will vote to raise and appropriate the sum of Ten (\$10) Dollars and elect a Director, under the provisions of Sections 40 to 45 of Chapter 128 of the General Laws, as amended; or act in relation thereto.
- ART. 17. To see if the Town will vote to accept a gift made to it during the year 1944 by the Solomon Hyams Fund, Inc., and to accept the bequest of One Thousand (\$1,000) Dollars given under the will of the late William J. Burbeck to the Town of Westford to be used for the purposes set forth in said will; or act in relation thereto.
- ART. 18. To see if the Town will vote to authorize the Board of Assessors to use as free cash a sum of money not to exceed fifteen thousand (\$15,000) dollars, said amount to be approved by the Commissioner of Corporations and Taxation of the Commonwealth, and said sum to be applied in determining the tax rate for the current year 1945; or act in relation thereto.
- ART. 19. To see if the Town will vote to raise and appropriate a sufficient sum of money for the purposes set forth in Section 1 of Chapter 75 of the Acts of 1943, the said sum to be expended under the direction of the Westford Committee on Public Safety; or act in relation thereto.

- ART. 20. To see if the Town will vote to raise and appropriate a sufficient sum of money, or to transfer the sum of money appropriated under Article 12 of the warrant for the annual town meeting held February 16, 1942 for the purpose of purchasing a power grader for the Highway Department, the same to be purchased under the supervision of the Board of Selectmen; or act in relation thereto.
- ART. 21. To see if the Town will vote to raise and appropriate a sufficient sum of money for the purpose of purchasing an automobile for the Board of Health, said purchase to be made under the supervision of the Board of Selectmen; or act in relation thereto.
- ART. 22. In the event of an affirmative vote under Article 21, to see if the Town will vote to authorize the Selectmen to transfer by a good and sufficient bill of sale title to the automobile now used by the Board of Health, and apply the sum received therefor against the purchase price of the new car; or act in relation thereto.
- ART. 23. To see if the Town will vote to raise and appropriate a sufficient sum of money for the purpose of purchasing an adding machine or typewriter, or both, for use in the offices of the Board of Selectmen and the Town Treasurer, said purchase to be made under the supervision of the Board of Selectmen; or act in relation thereto.
- ART. 24. In the event of an affirmative vote under Article 23, to see if the Town will vote to authorize the Selectmen to transfer by a good and sufficient bill of sale title to the adding machine, or the typewriter, or both, now used in the offices of the Selectmen and the Town Treasurer, and apply the sum received therefor against the purchase price of the office equipment to be purchased under Article 23; or act in relation thereto.
- ART. 25. To see if the Town will vote to authorize the Selectmen to sell at private sale at such time or times and for such sum or sums as the Selectmen deem advisable for the best interests of the Town, the following personal property now in the Town Hall: One gas stove, one ice chest, one soapstone sink, two safes and one platform scales; or act in relation thereto.
- ART. 26. To see if the Town will vote to accept Coolidge Avenue, as laid out by the Selectmen, as shown by their report and plan duly filed in the office of the Town Clerk; or act in relation thereto.

- ART. 27. To see if the Town will vote to instruct the Moderator to appoint a Committee to study post war planning with special reference to a town beach and the development of town owned land; or act in relation thereto.
- ART. 28. To see if the Town will vote to raise and appropriate a sufficient sum of money for the purpose of paying outstanding bills for medical and hospital services rendered to Walter Sechovich as a result of injuries received by him as a voluntary fireman in April 1944; or act in relation thereto.
- ART. 29. To see if the Town will vote to raise and appropriate a sufficient sum of money to defray the expenses of taking the dicennial census of the State of Massachusetts; or act in relation thereto.
- ART. 30. To see if the Town will vote to authorize the Selectmen to determine from time to time the hourly rate of pay to be paid employees of the Highway Department, including the granting of vacations with pay to said employees; or act in relation thereto.
- ART. 31. To see if the Town will vote to raise and appropriate a sufficient sum of money to defray the expenses of the Westford Rehabilitation Committee; or act in relation thereto.

And you are directed to serve this Warrant by posting up true and attested copies thereof at the Town Hall and at each Post Office in said Westford, seven days at least before the time of holding said meeting.

Hereof fail not, and make return of this warrant, with your doings thereon, to the Town Clerk, at the time and place of holding the first meeting aforesaid.

Given under our hands this twenty-ninth day of January in the year of our Lord 1945.

ARTHUR M. WHITLEY
ARTHUR L. HEALY
CYRIL A. BLANEY

Selectmen of Westford.

REPORT OF SCHOOL COMMITTEE

Citizens of Westford, Westford, Massachusetts.

I hereby submit my annual report as Chairman of the School Committee for the year 1944.

Mr. Stanley Smith and Mr. Robert Hunter were elected to fill the vacancies left by the expiration of the terms of Mr. Edward Buckingham and Mr. James Mulligan. Mr. Buckingham served on the School Committee for twelve years and deserves the thanks of the town for his long service. Mr. Mulligan served capably for six years.

At the first meeting of the new board, Mr. Frederick Gatenby was chosen chairman and Mrs. Dorothy Chandler as secretary.

I am glad to report that I believe that our school system is making progress toward better education for our children in a period when it would be natural to expect the reverse. There is evidence that the results of instruction are better. There is fine teacher and pupil morale. Relation between the teaching staff and the school Board are of high quality and in this the committee takes great pride.

We are respectfully asking for the sum of \$84,500.00 with which to operate the public schools during 1945 and the sum of \$500.00 for vocational tuition. The financial plans for operating the schools during 1945 are included in the school budget, copies of which may be obtained at the superintendent's office.

This year the town has received \$5,950.00 from the State as our share of income taxes, \$1,393.28 for tuition and transportation of State Wards, \$412.70 from Tyngsboro for tuition and transportation of two pupils, and \$157.95 from the State for vocational tuition. This money goes into the Town Treasury and is not available to the School Department.

Respectfully submitted,

FREDERICK GATENBY,

Chairman.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Westford School Committee:

I hereby submit my third annual report as superintendent of Westford Schools. Due to the absence of the Academy principal I am including his report as part of my own.

The outcomes of learning are attitudes, appreciations, understandings, insights, abilities, and knowledges which act as controls on an individual's behavior. These are interactive and complex in their workings. For example, one's attitude toward studying physics has a definite influence on understanding principles of physics and hence on the amount and quality of knowledge acquired. While it is impossible to separate entirely any one factor in the learning process this report will stress the work being done in Westford in helping pupils to acquire various kinds of knowledge and abilities.

KNOWLEDGE AND SKILLS

Knowledge and skills are not acquired by all pupils at an even rate or with equal ease. Often instruction that has meaning and value to one child in Grade Three, for example, will be meaningless and valueless to another child until a later grade. Pupils often go through the motions, write the papers, do all the exercises, but never really know what they have been doing. The following story illustrates the point: Several years ago an Eighth Grade boy was working with me building a table. He was told to measure a piece of lumber 32%" long. Noticing that he was having trouble, I discovered that he did not know how to use the fractions of an inch in a functional way. I showed him how to use the carpenter's rule. His face lit up and he explained, "I never knew that was what fractions were." That boy could compute, add, subtract, and divide fractions but he did not understand fractions. Troubles of this sort could be avoided if our instruction was more functional and within the experience level of the pupil.

Westford teachers are aware that we must take a pupil where he is educationally. The old excuse, "He should have learned that in Grade Three, Six, or Eight" no longer applies. Maybe he did have an opportunity then but if he did not learn the work there is only one thing an intelligent teacher can do and that is to teach it again. No longer can an upper grade teacher honestly say, "That is third grade work. That is none of my business." No longer can high school teachers honestly say of the boy who reads poorly or cannot spell, "That is the work of the grade school. I teach mathematics, or English, or science." The thinking teacher no longer talks this way. She says, "What can I do to assist the pupil?" Then she puts in many hours trying to help him. There is no one place in the educational ladder where all pupils learn the same thing. As I said above, learning is a complicated process and the rate of learning very uneven with different pupils.

I believe if we are to get greater mastery of abilities and knowledge we must first make our instruction more functional and secondly, recognize that pupils do not learn at the same rates. If we can accept this idea, we will no longer think in terms of passing Grade Seven, or chemistry, or senior English. We will think in terms of learning; that is, acquiring skills and knowledge useful in our everyday lives. If a pupil is too old to be assigned to Grade Eight, he should be placed in the Academy and given instruction in the skills and knowledges deemed best suited to his needs. If he is a poor reader, this means reading instruction. If he cannot think mathematically, this means instruction in arithmetic, not algebra.

I hope no one is foolish enough to interpret the above to mean that instruction in advanced mathematics, languages, and sciences should not be taught in the Academy. On the contrary, I'd like to have them taught more intensively but only to those pupils whose achievement warrants it. These pupils are the ones likely to go on to colleges and hospitals. But to those pupils who have not acquired proficiency in the fundamentals, I should like to see instruction in them required. I believe this is the only way we can get our pupils to acquire the skills and knowledges we believe they should have.

TESTING PROGRAM

One of the means of evaluating instruction is through the use of standardized tests but the results of these tests must be interpreted with caution. No single test or even battery of tests can be devised to measure all the outcomes of learning. Even when the testing is restricted to knowledges and abilities it is still impossible to be arbitrary about the results. However, good tests do give information concerning strengths and weaknesses of pupils and are thus much more valid information than teacher opinion.

Our testing program began several years ago and has grown so that today we are beginning to get a body of information of immense value in helping and guiding pupils. All elementary pupils of Grade Three to Eight are given the complete battery of Iowa Every Pupil Tests of Basic Skills each year. The results are graphed on individual pupil charts so there is a record of each pupil's progress through the grades.

This battery includes tests in reading, work study skills, language skills, and arithmetic skills. The reading test measures a pupil's ability to comprehend and the extent of his vocabulary. The work study skills test includes sub-tests in map reading, use of references, use of index, use of dictionary, and use of graphs. The language skills test measures a pupil's ability in punctuation, capitalization, usage, spelling, and sentence sense. The arithmetic skills test measures a pupil's fundamental knowledge, his understanding of fundamental operations, and his ability to solve problems.

The question is immediately asked, "How do Westford pupils show up on these tests?" The answer is, as is usual and natural, "Some good and some poor." Many pupils are two or more years ahead of the national average and others are equally below. The class averages work in like manner. Some of the classes are up to the national average and some are below.

There are many factors that explain this variation, one of which is the capacity of a class to learn. One way to measure the capacity of a class is by intelligence tests. These tests are an indication of a pupil's capacity to learn but there are many other factors such as interest, purpose, experience, and family tradition which influence a pupil's learning. We have intelligence ratings for all pupils above the Fifth Grade. This data has been immensely valuable for frequently it indicates that a pupil's failure in school work is due to other causes than lack of ability. The Henmon-Nelson Test of Mental Maturity is used in the grades and the Otis Quick Scoring Mental Ability Test is used in the Academy.

First grade pupils in learning to read go through a reading readiness program. This is designed to build up his fund of experiences so that he may understand the meanings of the new printed symbols he is about to learn. Children vary greatly in having the necessary experiences upon which to build reading concepts. How can one tell when a child is ready to read? The answer is teacher judgment and a

Reading Readiness Test. Westford teachers have found the Metropolitan Readiness Tests to be of great help in supplementing their own judgment.

The past fall all pupils in the Academy were given the Iowa Tests of Educational Development. These tests measured a pupil's achievement in social studies, science, his ability to write correctly, his ability to think mathematically, his ability to read social studies, science, and literature materials, the extent of his vocabulary, and his ability to use sources of information. The results are graphed individually for each pupil. As in the grades, some pupils make excellent showings and others not so good.

In these tests each high school class is compared with the same class in other schools all over the United States. The test results show that our seniors rate very fovorably with other high school senors. Our seniors are especially strong in social studies, reading, and languages. The other Academy classes made their best showing in these fields, too.

I should be greatly discouraged if the juniors and seniors did not make the best showing. By the junior and senior years in the Academy, pupils take a more serious interest in what the school has to offer. This has been especially true in the last two years. Our boys and girls know that they are soon to take real jobs, join some branch of the armed forces, train for nursing, or go to colleges. They can see a purpose to their work and are more willing to apply themselves. We find this is especially true in the college preparatory and commercial work. As was said above, they see a purpose in the work; to them it is more functional.

In reporting on any test results greater space is needed than is available in this report. The test results are available in the superintendent's office and he is only too willing to explain them to any interested person.

MAINTENANCE OF BUILDINGS

The following are the major repair items completed in 1944:

1. Cameron School:

The exterior of the building was given two coats of paint putting the building in A-1 condition. Eight classrooms and the center corridors were redecorated. Soft pastel colors were used on the walls making the rooms more attractive and restful to the eye.

A new coal bin wall was built making the boiler room much freer of coal dust and safer from fire.

That portion of the return pipes to the boiler that pass through the coal bin were replaced. These pipes become gradually corroded due to the action of the sulphuric acid in the coal and have to be replaced every fifteen to twenty years.

2. Wm. E. Frost School:

The exterior of Frost School was given two coats of badly needed paint.

New locks were installed in two outside basement doors.

Considerable work was done on the driveways.

A sewer drain became broken necessitating considerable outside work in locating and repairing the break.

3. Sargent School:

That portion of the return pipes to the boiler that pass through the coal bin was replaced. As in Cameron School those pipes were badly corroded.

The coal bin window has been enlarged to make a bulkhead chute so that large truckloads of coal can be dumped directly into the bin.

New locks were installed in the two outside basement doors.

Grates were replaced in one boiler.

4. Academy:

New locks were installed in several of the outside doors.

The gymnasium floor was thoroughly cleaned and treated with penetrating floor finish.

Boiler tests revealed a leak between two boiler sections. New nipples were installed eliminating the leaks.

The third story floors were sanded and treated with penetrating finish.

5. Nabnassett School:

The roof of this building developed bad leaks during the winter months making necessary the elimination of the old rear roof gutters. The roof is now in good condition.

The end of 1945 should find our buildings clean, attractive places in which to live. The progress made in putting our buildings in good repair is gratifying and barring the unforseen, the repair budget for 1946 should be considerably less.

Opportunity Class:

It was necessary to disband this class due to our inability to obtain a satisfactory teacher

Westford Academy:

The Academy began the 1944-45 school year without the services of its principal, Mr. Anthony Brackett. Mr. Brackett was granted a leave of absence to accept a naval commission. His duties have been assigned temporarily to me. I should like here to express my appreciation of the work of Mr. Samuel Frolio who has been my assistant in the Academy. His help has been invaluable.

Our Academy pupils are continuing to show the loyalty and interest in what the school has to offer that has characterized the life of the school in the last few years. The space available in this report is too limited to cite the many examples of this but there is indeed much for which to be proud. I have limited this part of my report to five topics which follow.

1. Rating of Westford Academy:

Pediodically for many years rumors have arisen concerning the academic standing of the Academy. The rumor is nearly always the same; namely, "Westford Academy is not a Grade A secondray school and its graduates cannot be accredited to college." Like most rumors this one is false.

In the principal's office is a certificate issued by the State Department of Education stating that Westford Academy holds a Grade A rating. This is sufficient refutation of this part of the rumor.

The record of graduates certified to college is the answer to the inaccuracy of the rest of the above statement. In recent years gradu-

ates have been certified and accepted for entrance to Boston University, Holy Cross, Bates, Massachusetts State, New Hampshire University, and the Lowell State Teachers' College. Not only were graduates certified to these colleges but those certified have been successful in their collegiate work.

Certification for college entrance depends on a pupil's scholastic achievement. To be certified a pupil should achieve "A" or "B" grades in all subjects listed as entrance requirements by a college. However, not all colleges will admit applicants upon certification. These colleges require entrance examinations of all applicants regardless of the quality of their secondary school work.

2. Student Council:

Our Student Council is developing into an important part of Westford Academy life. A well organized council is a vital bit of machinery for operating a school co-operatively by pupils and faculty. While it is true that the faculty is responsible for all school activities from a French class to a basketball game, many things can and should be the responsibility of pupils.

Very frequently we adults condemn the lack of responsibility shown by young people overlooking the fact that as many examples of not accepting responsibility are evident every day in our own lives. I believe that one of the best ways to get young people to accept responsibility is to give them important tasks to do and then hold them responsible for the results. This does not mean that pupils run the schools but it does mean they share actively in decisions and actions when it is within their province to do so. Such things as finances, dramatics, athletics, determination of admission fees to dances, plays and the like, are within the pupil's capacity to render a decision.

In recent years greater responsibilities have been given to the council. Though their acts are subject to the principal's veto, as the student body has gained in social power the use of this veto has become less necessary. Council members often ask the question, "Is this matter within our authority?" and seek advice before acting. I believe our council represents a definite step forward in training our pupils in the democratic way of living.

3. Dramatics:

The outstanding dramatic effort of recent years in the Academy was the presentation last spring of the "Academy Antics". This Revue

of Academy life was original in all respects. It was written and produced by the pupils under the direction of Mrs. Helen R. Rochefort. Everyone who saw the performance was loud in his praise of their work.

4. Athletics:

Last fall the Academy sponsored its first football team and all of us are proud of the team's record. This sport was made possible by the marvelous co-operation of pupils, parents, and interested citizens and particularly through the efforts of Mr. James Belleville and Mr. Samuel Frolio. The Academy pupils acknowledge their debt to all of you.

A statement of football finances follows:

Game receipts, expenses deducted	\$199.26
Football programs and sponsors	249.41
Gifts	42.73
Total	\$491.40
Expenditures other than those incident to games	447.42
Balance	\$ 43.98

The expense of cleaning and repairing equipment is yet to be deducted.

This winter the Wachusett Basketball League was revived. The Academy has both boys and girls entered in this league. The league has been divided into an eastern and western division thereby eliminating several long trips and most of the Tuesday evening games.

5. Westford Academy Activities Fund:

The Academy students' finances are handled by a central treasury, the principal serving as treasurer. This fund is largely controlled by the Student Council. A financial statement as of January 1, 1945 follows:

Athletics	\$288.39
Clarion	71.22
Yearbook	8.93
Clarionette	64.37

CHANGES IN STAFF PERSONNEL

1. Resignations

Barbara Gray, history and English, Cameron School
Helen R. Brownrigg, special class, Cameron School
Ruth L. Wright, principal, Sargent School
Mary C. McQuade, history and geography, Sargent School
Muriel S. Burke, English and reading, Sargent School
Mary Croucher, mathematics, Academy
Marian Kelly, social studies, Academy
Richard T. Harrity, science and social studies, Academy
Howard H. Ferguson, janitor, Academy

2 Transfers

Catherine Goodwin, from Cameron School to Sargent School, 6th Grade.

3. Leave of Absence

Anthony G. L. Brackett, principal, Academy, Navy

4. New Staff Members

D. Ethel Cleary, social studies, Cameron School
Laura I. Hall, fifth grade, Cameron School
Gordon C. Getchell, principal, Sargent School
Helen Marie Garrity, fifth grade, Sargent School
Louise E. Fremeau, mathematics, Academy
Herbert G. Lowell, social studies, Academy
Richard T. Harrity, science and social studies, Academy
Robert Spinner, janitor, Academy

A WORD OF THANKS

For many years the Abbot Worsted Company and the C. G. Sargent's Sons Corporation have made a Christmas gift of money to the elementary schools. Their generosity is commendable and is deeply appreciated by the children.

In closing I want to thank the School Board, the teaching staff, and the citizens of Westford for their fine cooperation. It is this excellent spirit of cooperation that makes serving as superintendent of schools in Westford a real pleasure.

Respectfully submitted,

CHESTER V. SWEATT

REPORT OF SCHOOL PHYSICIAN

Members of the School Committee:

The following is my report as school physician for the year ending December 31, 1944:

The usual physical examination was made on all the children attending the public schools of Westford. A separate physical examination is made to recheck all the cases in which major physical defects are found, and the children may receive treatment if any is indicated. Academy pupils playing football and basketball received special examinations.

I have responded to calls at the schools for emergency cases when called by the school principals.

Co-operation by the Board of Health nurse, teachers, and parents of the children has been splendid.

Respectfully submitted,

DR. D. W. COWLES

REPORT OF THE SCHOOL NURSE

January 15, 1945

Mr. Chester V. Sweatt, Superintendent of Schools, Westford, Massachusetts.

Dear Sir:

Following is the report of the School Nurse from January 1, to December 31, 1944:

Schools visited	267
Dressings and first aid	21
Children examined for minor ailments	72
Children recommended for exclusion because of pediculosis and skin infections	26
Home nursing classes	12
Assisted at clinic for mentally retarded children.	
Vaccinations checked.	

Weighed and measured school children.

Assisted School Physician with physical examination of school children in Spring and Fall of 1944.

Respectfully submitted,

DOROTHY A. HEALY, R. N.

REPORT OF THE SUPERVISOR OF MUSIC

Mr. Chester V. Sweatt, Superintendent of Schools, Westford, Massachusetts.

Dear Sir:

The following is my report as Supervisor of Music in the Westford Schools.

Music finds a hearty welcome in the home, the classroom, the camps, the club; in fact, in all assemblies and recreational groups and the year of 1944 has shown a decided improvement in the music of our schools. Music has had an exceptional appeal to the children and they seemed keyed to its importance during these trying days. Their eagerness and willingness to perform solely, as well as in groups, has been amazing and to have been present at their graduations in June proved the earnestness of their efforts. The results were most gratifying.

The activities for the year were much the same as last. On May 30th, the children from all the schools assembled at Westford Common for the Memorial Day Exercises and songs were sung at the Civil War and World War Monuments. A spring concert "Goldilocks" was given in the Westford Town Hall by the Primary and Intermediate Grades of the Sargent School and "Hansel and Gretel" was given by Grades 1-8 of the Cameron School in the Abbot Hall in Forge Village.

In December, Christmas programs were presented by all of the schools in the various halls and the Frost School Glee Club entertained the P.T.A. with a special program pertaining to carols and their origin. At present, plans are in the making for a concert to be given in the near future by this same school.

In conclusion, I wish to acknowledge the co-operation of the Superintendent and the helpful support of the teachers.

Respectfully submitted,

LILLEY M. LAWLER.

Music Supervisor.

REPORT OF THE SUPERVISOR OF HANDWRITING

Mr. Chester V. Sweatt, Supt., Westford Public Schools, Westford, Mass.

My dear Mr. Sweatt:

I am pleased to submit the following report of the Handwriting program in the Westford schools for the year 1943-44.

In the initial Handwriting tests administered in September, 1940, 20% of your elementary school pupils received a grade of "A" (Excellent); 6% received a grade of "B" (Good); and 72% were graded less than "B". In the June 1944 tests, 83% were graded "A" (Excellent); 10% were graded "B" (Good); and 6% were graded less than "B". These scores indicate that excellent progress has been made and I wish to compliment the pupils and teachers for their achievement.

During the school year we graded approximately 4,650 formal and 13,950 informal samples of Handwriting for the elementary school children, and 1,400 formal and 3,000 informal handwriting samples for the High School pupils.

We furnished the following supplies during the year:—monthly outlines for the teachers, pupil folder outlines, room motivation certificates, monthly and term envelopes, term testing paper, individual handwriting certificates for the eighth and high school pupils who qualified, diagnostic charts and seals, etc.

In conclusion, I should like to express my appreciation to you, your teachers, and your pupils for the fine co-operation we have received at all times.

Sincerely yours,

W. L. RINEHART

ANNUAL REPORT

OF THE

J. V. FLETCHER LIBRARY

OF THE

Jown of Westford

For the Year Ending December 31, 1 9 4 4

REPORT OF THE TRUSTEES OF THE j. V. FLETCHER LIBRARY

January 1, 1945

The trustees of the J. V. Fletcher Library respectfully submit their annual report for 1944; including the report of the Librarian and the list of books added in 1944.

It is with appreciation that the trustees acknowledge the legacy of one thousand dollars under the will of William J. Burbeck for the purchase of books for the J. V. Fletcher Library. Thus the son continues the thoughtfulness shown by his mother, Mrs. Adeline T. Burbeck, who also made a gift to the Library for the same purpose.

To carry on the repairs and the necessary work of the Library and its branches the trustees ask for the following appropriation, viz:

- 1. The sum of twenty four hundred (\$2,400.00) dollars,
- 2. The receipts from the dog licenses in 1944.

WILLIAM C. ROUDENBUSH, Chairman WILLIAM R. TAYLOR ALICE M. HOWARD, Secretary

REPORT OF THE LIBRARIAN

January 1, 1945

To the Trustees of the J. V. Fletcher Library:

The librarian herewith submits her twenty-seventh annual report in the eighty-sixth year of the Westford library, completing forty-eight years in the present building in June, 1944.

There has been an increase in the number of books borrowed in the children's department which has made the total circulation slightly more than last year. A few more books of adult fiction were also borrowed but fewer non-ficition. The order of popularity is the same as last year—history, which includes war books, 579; travel 458; and biography 438.

On March 30 the fire in the furnace went out as a part of the automatic feeder broke. Due to war conditions it was not possible to get a new piece till April 20th. During this time the library hours were shortened at each end and a kerosene heater, loaned by Miss Winnek, was used in the librarian's room where refuge could be taken from the cold. The smallest circulation of the year was on April 13 when the library was open only two hours.

Books for readers in foreign languages (French and Swedish) and other books which the library did not own have been borrowed through the facilities of the Division of Public Libraries.

Again the Frost museum case has served its purpose as a place to show many things of interest. A collection of old valentines belonging to the librarian was arranged in February. This was followed by two exhibits of articles from China and from Russia loaned by Miss Marion F. Winnek. In July "A little girl's treasures of 1860"—articles belonging to Miss Winnek's mother, were much enjoyed. An assortment of shells furnished by the library, Mr. Arthur L. Hope, Miss Winnek, and the librarian were shown in the fall. For Book Week there was an exhibit of children's books with examples from the time of the first child's book published for amusement only by John Newberry about 1745 (in facsimile) to the modern English picture books showing the effect of the paper shortage.

Since February 3rd the Red Cross has had the use of Library Hall for making bandages mainly on Thursday afternoons and evenings. As bandages are to be made in factories this coming year it it not probable that the Red Cross will continue to make them.

The librarian wishes to thank the following who have furnished flowers for the library during the summer: the Misses Atwood, John K. Felch, Arthur L. Hope, Mrs. Oscar R. Spalding, Miss Marion F. Winnek.

Since so many library meetings have been cancelled since war was declared, the librarian has not attended any meetings since 1940 till the Massachusetts Library Association held its one-day meetings in Boston on May 11 and October 25. On November 10th the Division of Public Libraries held a one day institute on Public Relations.

A copy of American Photography for December has been received from Mrs. Martha Taylor Howard as it contains a picture of the Unitarian Church.

A box to collect money for the infantile paralysis drive was placed in the library in January and \$1.28 was received.

Attention is called to Subscription Books Bulletin which gives reviews of encyclopedias, dictionaries and various other books sold by subscription. It presents both the good and bad points with recommendations for purchase. If consulted before buying from book agents undesirable purchases can be avoided.

There are few changes on the list of magazines for the coming year. Junior Natural History is being added for young people. Newsweek has not been received since July 17. About that time the publishers moved to New York and evidently mixed up the address list and the notified several times have not yet straightened it out. There has been a big decrease in the circulation of periodicals. All except current numbers may be borrowed for one week and the list for the coming year is as follows:

REGULATIONS

The J. V. Fletcher Library is open Tuesdays, Thursdays and Saturdays (legal holidays excepted) from 1:30 till 5, and from 6:30 till 9:00 P. M.

The Nabnasset deposit station at the home of Mrs. Edgar S. Peterson is open Tuesday afternoon and evening.

The Forge Village deposit station at the Post-Office in charge of Mrs. Josephine Connell is open daily.

New books of fiction can be kept only one week; but there may be one renewal. All other books may be kept four weeks. Renewals may be made by telephone or by postal.

No book shall be transferred, or acknowledged as returned, unless delivered to the librarian.

For each day that a book is kept beyond the prescribed time a fine of one cent is charged.

Borrowers finding books mutilated or defaced should report the fact to the librarian.

NOTE

All persons are respectfully requested to examine the foregoing reports of births, marriages and deaths and report to the Town Clerk any errors or omissions that may be discerned therein, so that the records may be corrected. An error in the record, other than a mistake in copying a certificate or return, can be corrected only in accordance with a deposition under oath made by one who was required by law, to furnish the information for the original record or by one or more creditable persons having knowledge of the case.

(See General Laws, Chapter 46, Section 13 as amended.)

Births occurring late in the year are sometimes returned without the Christian name. In such cases parents should return the name to the Town Clerk as soon as selected, as incompleteness of the record may occasion trouble in the future.

Attention is particularly called to the following extracts from the General Laws:

GENERAL LAWS, CHAPTER 46

Section 1. Each city and town clerk shall receive or obtain and record * * * facts relative to the births * * * in his city or town.

Section 3. Every physician or medical officer registered shall keep a record of the birth of every child in cases of which he was in charge and * * * shall, within fifteen days after such birth, mail or deliver to the clerk or registrar of the town where such birth occurred a report * * * if the child is illegitimate, the name and other facts relating to the father shall not be stated except at the request in writing of both father and mother filed * * * Upon presentation to him of a certificate of the town clerk stating that any such birth has been duly reported, the town treasurer shall pay to such physician or officer a fee of twenty-five cents for each birth so reported * * * A physician or any such officer violating any provision of this section shall forfeit not more than twenty-five dollars * * *

Section 4. A member or servant of a family in which a child is born, having knowledge of the facts required * * * shall furnish the same upon request of the clerk of the town * * * or of any person authorized by him. (Penalty for refusing, not more than ten dollars.)

Section 6. Parents, within forty days after the birth of a child, and every householder within forty days after a birth in his house shall cause notice thereof to be given to the clerk of the town where such child is born.

GENERAL LAWS, CHAPTER 207

Section 36. If a marriage is solemnized in another state between parties living in this Commonwealth, who return to dwell here, they shall within seven days after their return, file with the clerk or registrar of the town where either of them lived at the time of their marriage, a certificate or declaration of their marriage including the facts required in a notice of intention of marriage.

Section 55. Whoever violates Section 36 shall forfeit ten dollars.

The Town Clerk hereby gives notice that he is prepared to furnish, parents, householders, physicians and registered hospital medical officers applying therefor, with blanks for return of births as required by law.

CHARLES L. HILDRETH.

Town Clerk.

TOWN CLERK'S REPORT ON DOGS

Number of Dog Licenses issued from January 1, 1945 thru December 31, 1945:

34	Males at \$2.00	170.00	
3	Military (Males)		
1	Kennel	25.00	\$667.00

274 Total

Clerk's fees at 20 cents on 271 Licenses\$ 54.20	
Paid to Town as per Treasurer's Receipts 612.80	\$667.00

The attention of owners and keepers of dogs is called to the following extracts from Chapter 140 of the General Laws as amended:

Definition: "License period," the time between April first and the following March thirty-first, both dates inclusive.

Section. 137. A person who at the commencement of a license period is, or who during any license period becomes, the owner or keeper of a dog when it becomes three months old during a license period, shall cause it to be registered, numbered, described and licensed until the end of such license period, and the owner or keeper of a dog so registered, numbered, described and licensed during any license period, in order to own or keep such dog after the beginning of the succeeding license period, shall, before the beginning thereof, cause it to be registered, numbered, described and licensed for such period.——The registering, numbering, describing and licensing of a dog——shall be——if kept in any——town in the office of the clerk thereof.

The license shall be in a form prescribed by the director, upon a blank to be furnished,——by the county in which the town is located, and shall be subject to the condition expressed therein that the dog which is the subject of the license shall be controlled and restrained from killing, chasing or harassing live stock or fowls. The owner or keeper of a licensed dog shall cause it to wear around its neck or body a collar or harness of leather or other suitable material,

to which shall be securely attached a tag in a form prescribed by the director, and upon which shall appear the license number, the name of the town issuing such license and the year of issue. Such tags shall be furnished in the same manner as the license blanks, and if any such tag shall be lost the owner or keeper of such dog shall forthwith secure a substitute tag from the town clerk—at a cost of ten cents which, if received by a town clerk, shall be retained by him unless otherwise provided by law.

Section 139. Fees for licenses. The fee for every license shall, except as otherwise provided, be two dollars for a male dog and five dollars for a female dog, unless a certificate of a registered veterinarian who performed the operation that said female dog has been spayed and has thereby been deprived of the power of propagation has been filed with the town clerk, in which case the fee shall be two dollars. A certified copy of such certificate on file in the office of any town clerk within the commonwealth may be accepted as evidence that the said operation has been performed.———

DOG LICENSES ISSUE THRU DECEMBER 31, 1945

 - 5. Voted to take Item 5 from the table.

Voted that the sum of \$3,350.00 be raised and appropriated for Fire Hydrants.

Article 4. Voted unanimously that the Town Treasurer be authorized, with the approval of the Selectmen, to borrow money from time to time in anticipation of the Revenue of the current financial year and to issue a note or notes therefor payable within one year, and to renew any note or notes as may be given for a period of less than one year, in accordance with Section 17 of Chapter 44 of the General Laws.

Article 5. Voted that the sum of \$10,375.00 be raised and appropriated to meet the Town's share of the cost of Chapter 81 Highways, and that, in addition, the sum of \$10,375.00 be transferred from Unappropriated Available Funds in the Treasury to meet the State's share of the cost of the work, the reimbursements from the State to be restored, upon their receipt, to Unappropriated Available Funds in the Treasury.

Article 6. Voted that the sum of \$2,700.00 be raised and appropriated for Maintenance of Chapter 90 Roads, on condition that like amounts be contributed by either or both the State and County respectively, to be used in conjunction therewith, and that, in addition,

the sum of \$5,400.00 be transferred from Unappropriated Available Funds in the Treasury to meet the State's and County's shares of the cost of the work, the reimbursements from the State and County to be restored, upon their receipt, to Unappropriated Available Funds in the Treasury.

Article 7. Voted that the Town authorize the Selectmen to act as its Agent in any suit or suits which may arise during the current year, with authority to settle and adjust claims or demands for or against the Town, and to employ Counsel whenever in their judgment it is advisable so to do, and that the amount of any settlement or settlements made by the Selectmen of demands against the Town, and the charges and expenses of Counsel, be paid out of Unappropriated Available Funds in the Treasury.

Article 8. Voted that the sum of \$1,429.62 be raised and appropriated for the purpose of paying the County of Middlesex, as required by law, the Town's share of the Middlesex County Tuberculosis Hospital as assessed in accordance with the Provisions of Chapter 111 of the General Laws.

Article 9. Voted that the sum of \$300.00 be raised and appropriated for the Care of the Whitney Playground.

Article 10. Voted that the sum of \$400.00 be raised and appropriated for Band Concerts during the current year.

Article 11. Voted that the sum of \$1,400.00 be raised and appropriated for the purpose of defraying the Salaries and Expenses of the Ration Board, the said sum to be expended under the direction of the Westford Ration Board.

- 12. Voted that the sum of \$2,559.00 be transferred from the Machinery Fund to the Highway Equipment Account.
- Article 13. Voted that the Selectmen be authorized to install two additional lights on Prescott Street in Forge Village.
- Article 14. Voted that the Selectmen be authorized to install one additional light on Beacon Street in Graniteville.
- Article 3. 29. Voted to take Article 3, Item 29 from the Table.

 Voted that the sum of \$7,055.00 be raised and appropriated for Street Lights.

Article 15. Voted that the sum of \$67.25 be raised and appropriated for the purpose of paying into the Contributory Retirement System the Town's portion of the amount which would have been paid into said Retirement System by former Westford teachers who are now in the military or naval services, all as provided in Section 9 of Chapter 708 of the Acts of 1941, as amended by Chapter 419 of the Acts of 1943.

Article 16. Voted that the sum of \$10.00 be raised and appropriated for Demonstration Work in Agriculture and Home Economics, and that a Director be elected, under the Provisions of Chapter 128, Sections 40-45 of the General Laws, as amended.

Mabel M. Nixon was elected Director, by Ballot.

Article 17. Voted that the Town accept a gift made to it during the year 1944 by the Solomon Hyam's Fund, Inc., and that the Town Clerk be authorized and directed to extend to said Corporation the appreciation of the Town for this gift.

Voted that the Town accept the bequest of \$1,000.00 made to it under the will of the late William J. Burbeck, for the benefit of the J. V. Fletcher Library, to be used for the purposes set forth in said will, and that the Town Clerk be authorized and directed to extend to the Executor of said will the appreciation of the Town for the thoughtful consideration and generosity of the deceased in making this bequest for the use and benefit of his native Town.

Article 18. Voted that the Town authorize the Board of Assessors to use as Free Cash a sum of money, not over \$15,000.00, said amount to be approved by the Commissioner of Corporations and Taxation of the Commonwealth, and said sum to be applied in determining the tax rate for the current year 1945.

Article 19. Voted to dismiss Article 19, relative to the Westford Committee on Public Safety.

Article 20. Voted that the sum of money appropriated under Article 12 of the Warrant for the Annual Town Meeting held February 16, 1942, be transferred for the purpose of purchasing either a new or used Power Grader for the Highway Department, the same to be purchased under the supervision of the Board of Selectmen, and that \$1,000.00 be raised and appropriated in addition for said purpose, and that the Selectmen be authorized to transfer by a good and sufficient Bill of Sale, title to the old Holt Tractor and Plow and apply the sum received therefrom against the purchase of said Power Grader.

- Article 21. Voted to dismiss Article 21, relative to the purchase of an automobile for the Board of Health.
- Article 22. Voted to dismiss Article 22, relative to the sale of the automobile now used by the Board of Health.
- Article 23. Voted that the Town raise and appropriate the sum of \$180.00 for the purpose of purchasing an Adding Machine for use in the office of the Town Treasurer, said purchase to be paid under the supervision of the Town Treasurer.
- Article 24. Voted to dismiss Article 24, relative to the sale of the typewriter now used in the office of the Selectmen.
- Article 25. Voted that the Selectmen be authorized to sell at private sale, at such time or times and for such sum or sums as the Selectmen deem advisable for the best interests of the Town, the following personal property now in the Town Hall: One Gas Stove, One Ice Chest, One Soapstone Sink, Two Safes and One Platform Scales.
- Article 26. Voted that the Town accept Coolidge Avenue, as laid out by the Selectmen, as shown by their Report and Plan duly filed in the office of the Town Clerk.
- Article 27. Voted that the Moderator appoint a Committee composed of five members to study Post War Planning, with special reference to a Town Beach and the development of Town owned Land, said Committee to report its findings and conclusions at the next Annual Town Meeting.
- Article 28. Voted that the sum of \$555.25 be raised and appropriated for the purpose of paying Outstanding Bills for Medical and Hospital Services rendered to Walter Sechovich as a result of injuries received by him as a voluntary Fireman in April 1944.
- Article 29. Voted that the sum of \$225.00 be raised and appropriated to defray the Expenses of taking the Dicennial Census of the State of Massachusetts.
- Article 30. Voted that the Selectmen be authorized to determine, from time to time, the hourly rate of pay to be paid employees of the Highway Department, including the granting of vacations with pay to such employees as shall have served on said Highway Department continuously for one year.

Article 31. Voted that the sum of \$25.00 be raised and appropriated to defray the expenses of the Westford Rehabilitation Committee.

Article 32. Voted to accept the minutes of the meeting.

Article 33. Voted to dissolve the Meeting.

CHARLES L. HILDRETH,

Town Clerk.

A True Record, Attest:

SPECIAL TOWN MEETING-DECEMBER 27, 1945

At a legal Meeting of the inhabitants of the Town of Westford, qualified by law to vote in Town affairs, held at the Town House, Thursday, December 27, 1945 at 8:00 o'clock P. M., the following business was transacted:

Ben W. Drew, Town Moderator, called the Meeting to order.

Voted to dispense with the reading of the Warrant.

Article 1. Voted that the sum of \$625.00 be transferred from the Account entitled "Health Department" for the purpose of purchasing an automobile for the Board of Health; said purchase to be made under the supervision of the Board of Health. The Finance Committee made a verbal report of their approval.

Article 2. Voted that the Board of Health be authorized to sell and transfer, by a good and sufficient Bill of Sale, Title to the Ford automobile now used by the Board of Health and apply the sum received therefor against the purchase price of the new car voted under Article 1.

Article 3. Voted that the sum of \$12,000.00 be transferred from the Account entitled "Excess and Deficiency" for the purpose of purchasing an 8-ton Walter Snow Fighter together with dump body, front V-plow with right leveling wing, front one-way plow with full power hydraulic control and with power steering; said purchase to be made under the supervision of the Board of Selectmen.

Article 4. Voted that the sum of \$975.00 be transferred from the Account entitled "Excess and Deficiency" for the purpose of purchasing three new Snow Plows; said Plows to be either the V-Type or Straight Type; said purchase to be made under the supervision of the Board of Selectmen.

Article 5. Voted that the Selectmen be authorized to sell and transfer, by good and sufficient Bill of Sale, for such sum or sums as the Selectmen deem advisable, a 1937 Chevrolet Truck together with dump body thereon; two Reversible Baker Plows; one Straight Plow and that said Selectmen be authorized, if they deem it advisable, to

apply such part or all of the sum received therefor against the purchase price of the equipment voted to be purchased under Article 3 or Article 4, or both.

Article 6. Voted that the sum of \$300.00 be transferred from the Account entitled "Excess and Deficiency" to the Account entitled "Fire Department—General Expense".

Article 7. Voted that the sum of \$2,400.00 be transferred from the Account entitled "Excess and Deficiency" to the Account entitled "Snow and Ice Removal".

Article 8. Voted to accept the minutes of the Meeting.

Article 9. Voted to dissolve the Meeting.

A True Record, Attest:

CHARLES L. HILDRETH.

Town Clerk.

	\$390,741.11
Balance on hand December 31, 1945	\$117,745.33
Total payments to Dec. 31, 1945	272,995.78
	\$390,741.11

Respectfully submitted,

CHARLOTTE P. GREIG,

Treasurer.

REPORT OF CEMETERY COMMISSIONERS

The Westford Cemetery Commissioners submit the following report for the year ending 1945.

We have endeavored to care for the Cemeteries as best we could under the existing labor shortage.

For the following year we have asked the sum of \$1200 for a much needed fence at Westlawn. Several years ago we were given an appropriation to cover this but due to war conditions were unable to obtain the material and the appropriation was turned back into the Treasury.

SEBASTIAN WATSON, Chairman

FRED R. BLODGETT

AXEL G. LUNDBERG

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

As Sealer of Weights and Measures for the Town of Westford I submit the following report for 1945.

Number	of	Platform Scales over 10,000 lbs	3

REPORT OF SELECTMEN

To the citizens of Westford:

The Board organized at the beginning of the year with Arthur M. Whitley, Chairman; Arthur L. Healy, Secretary, and Cyril A. Blaney, M.D., as the third member.

The Annual Audit was made by the Director of Accounts and a copy is printed herein.

The reports of the various departments and committees under our Supervision and jurisdiction are printed in this report.

A Photo Record Printer has been donated to the American Legion and they have granted Soldiers' Relief Department the use of it for making copies of discharges for the veterans or for any other work that may come up under the department.

In addition to the regular meetings special sessions were found necessary in order to discuss road construction, celebrations of V-E and V-J day, appropriations, articles for Town Warrant and other urgent business.

Signed:

Board of Selectmen

ARTHUR M. WHITLEY, Chairman.

ARTHUR L. HEALY

CYRIL A. BLANEY

REPORT OF FIRE ENGINEERS

The Board of Fire Engineers submit the following report for the year ending December 31, 1945:

The various companies responded to 56 alarms other than forest fires; namely, 1 church, 9 chimney, 8 house, 3 barn, 1 ticket office, 1 depot, 2 pig pen, 1 box car, 1 paint vat, 1 oil burner, 1 flagpole, 1 truck, 4 automobile, 4 camp, 1 chicken coop, 1 blacksmith shop, 1 garage, 3 dump, 1 rubbish pile, 2 out of town, 4 false alarms, 3 blood donors. 39 alarms for forest and grass fires were answered making a total of 95 calls.

2500 ft. of new hose was purchased this year which is enough to allow for a change of load on each truck at regular intervals.

The cottage for the permanent man was redecorated inside when the new man came in and in the coming year it should be painted two coats on the outside.

Respectfully submitted,

EDMUND D. ROGERS HAROLD E. WRIGHT RICHARD W. HALL

REPORT OF FISH AND GAME WARDEN

I hereby submit my report as Fish and Game Warden for the Town of Westford.

The following were liberated during the year nineteen hundred and forty-five.

April 13-Long Sought For-Brook Trout-500 5"-9"

April 17—Nashoba—Brook Trout—600 6"-8"

Snake Meadow—Brook Trout—300 6"-8"

Long Sought For—Brook Trout—500 9"-11"

Anyone wishing information or help may reach me by calling my home.

I wish to thank all for their kind cooperation.

Respectfully submitmted

EDMUND L. PROVOST,

Game Warden.

REPORT OF THE FOREST WARDEN

There were no serious fires this year.

Permits must be obtained for fires in the open unless there is snow on the ground.

The usual appropriation of \$1,000.00 is asked for the coming year.

Respectfully submitted,

LEO R. LARKIN,

Forest Warden.

REPORT OF THE TAX COLLECTOR

I herewith submit my report as Tax Collector for the Town of Westford for the year ending December 31, 1945.

Any questions in regard to the assessments of taxes should be presented to the Board of Assessors.

REPORT OF BOARD OF HEALTH

The Westford Board of Health submits the following report for the year ending December 31, 1945:

The Board of Health organized in March with Cyril A. Blaney, M. D., Chairman, Dwight W. Cowles, M. D., Secretary, and Ralph E. Cole, M. D. as the third member.

Due to the shortage of dentists we have been unable to secure the services of a dentist to do the school clinic work this past year but we hope to have one in the spring.

The usual vaccination and diphtheria toxoid clinics were conducted in the fall.

In October a Community Chest X-ray Program was conducted by the Middlesex Health Association and the Westford Tuberculosis Committee in cooperation with the Board of Health. This Program was paid for by the Westford Tuberculosis Committee with funds obtained through the sale of Christmas Seals. Of the 218 people X-rayed 16 were referred to their own physicians for observation.

With the exception of Chicken Pox, we have had less contagious diseases reported this year than in 1944.

The milk situation has been carefully supervised by the Board and its agents.

Inspections of liquor establishments have been made and, as in past years, conditions were found to be good.

We have had two patients in the Middlesex County Sanatorium this past year; one was discharged in March, and the other patient, who was admitted in August, is still there.

At a special Town Meeting in December, it was voted to transfer \$625 from the 1945 Health Department funds for the purpose of purchasing a new car for this department. An order has been placed with the Lowell Motor Sales and we expect to receive this car within the next few weeks. After subtracting this \$625 from our unexpended balance, we have \$185.81 to return to the Town.

The Board of Health has functioned well during the year receiving the fullest cooperation of all its members. Regular meetings have been held on the second Monday of each month.

Respectfully submitted.

CYRIL A. BLANEY, M.D., Chairman DWIGHT W. COWLES, M.D., Secretary RALPH E. COLE, M.D.

REPORT OF PUBLIC HEALTH NURSE

January 18, 1946

Dr. Cyril A. Blaney Chairman, Board of Health Westford, Massachusetts

Dear Sir:

Following is the report of the Public Health Nurse from January 1, to December 31, 1945:

Absentees from school visited in their homes	127
Children taken home from school because of illness	28
Children taken to school physician	42
Contagious disease cases visited	63
Nursing visits	188
Home visits	681

REPORT OF THE BOARD OF PUBLIC WELFARE

The Board organized for the year 1945 with Reginald Blowey, Chairman, William L. Wall, Secretary, and Samuel A. Richards reelected as third member.

The number of cases on Aid to Dependent Children and Old Age Assistance have taken a slight drop from the previous year and Temporary Aid remained the same. A new law was enacted this year, amending the act which required children's support for dependent parents on Old Age Assistance. This law now provides for a higher exemption for children before they have a legal liability to support.

There were eleven inmates at the Infirmary during the year, four of these out of town boarders. No new improvements were necessary, and the recent appraisal showed the farm to be exceptionally well managed.

Respectfully,

REGINALD BLOWEY
WILLIAM L. WALL
SAMUEL A. RICHARDS

Board of Public Welfare

1945 TOWN REPORT OF THE MIDDLESEX COUNTY EXTENSION SERVICE

During 1945, the same as previous war years, the work of the Middlesex County Extension Service was devoted to those projects which would help in the winning of the war.

The fact that Middlesex County farmers increased their production about one third over pre-war years is proof that everyone did his part in the food production program. Labor on farms was the critical factor in food production and a great deal of the time spent on finding labor and making it available. In addition to local help foreign labor was imported from Jamaica and Newfoundland and prisoners of war were used on market gardening and fruit farms.

Selective Service Boards cooperated fully in the whole program by trying to allow men to remain on farms who were absolutely essential. The Extension Service checked these farms and made reports to the local Selective Service Boards.

The usual assistance was given, such as assistance to Victory gardeners, sending out information on spray schedules for fruit growers and market gardeners and keeping farmers informed as to the regulations on farm equipment, price schedules, especially for eggs and poultry, fruits and vegetables, and help with any emergency cases upon personal request.

With the homemakers of the county, food preservation and conservation in the home were the main projects. Information was given regarding successful methods of canning and freezing of fruits and vegetables as well as meats. Due to the severe shortage of clothing materials demonstrations were continued on clothing renovation, shortcuts in clothing construction and the maintenance of sewing machines. To help with general nutrition demonstrations were given in the best use of vegetables, cooking with a minimum amount of sugar and preparation of community meals.

Boys and girls were encouraged as usual to carry on 4-H Club work and developed such projects as food production, food preservation, clothing construction and meal preparation. This work was made possible only by volunteer local leaders and the active interest of local committee members and parents.

Members of the Westford Agricultural Club led by Mrs. Willard Moore, who received \$5.00 prizes from the Society for the Promotion of Agriculture were Lawrence and Murray Alcorn and George Fletcher in dairy projects: Lawrence Shea in Pig project and Edwin Nixon in poultry project. Edwin Nixon became a member of the North Middlesex Agricultural Society and received a \$3.00 garden prize.

Mrs. Mary VanNorden and Mrs. Dorothy Mann of Nabnassett led a clothing project. Miss Esther Van Norden did a canning project and received first prizes at Boston Horticultural Hall, County Exhibit and Littleton Grange Exhibit.

The Middlesex County Extension Service shares with other organizations, farmers, homemakers, young people, as well as those organizations interested in agriculture, the satisfaction of knowing that during war years for the most part agricultural products of the area were available in sufficient amounts so that there was actually no food shortage in any town within the county.

(Signed):

MRS. MABEL NIXON,

Town Director.

REPORT OF THE WESTFORD COMMITTEE ON PUBLIC SAFETY

We respectfully submit herewith our last and final report.

With the war in its final stages the activities of our Committee were naturally lessened.

The Salvage Committee under the direction of Mr. Morris A. Hall, Chairman, continued its excellent work with four collections of paper and one of tin.

From the first to the last of our activities as a Committee the citizens have responded and assisted splendidly in the work and activities required of us by the Massachusetts Committee on Public Safety and we wish to take this opportunity to express our appreciation for this cooperation.

There was rejoicing throughout the town when Germany surrendered on May 7, 1945 but when it was announced at about 7 o'clock P.M. on August 14, 1945 that Japan had surrendered enthusiasm and rejoicing ran high throughout the Town. Almost immediately Citizens from all parts of the Town assembled at Forge Village and led by the Abbot Worsted Company Band and the American Legion, other local organizations and the Townspeople paraded through the streets of Forge Village, Graniteville, Brookside and Westford Center, singing and cheering, happy that the war was over. Bells were rung and whistles were blown. On the following morning appropriate services were held in the several Churches in the Town. During the forenoon of August 16th another parade was formed and marched through the villages expressing joy over the ending of the war. On Saturday night August 18th a Victory Dance was held in Forge Village.

For many families there was a sadness, but everyone shared in the thankfulness that the worst war in all history was ended and in the hope that it was also the last war.

Westford Committee on Public Safety.

WILLIAM R. TAYLOR, Chairman.

REPORT OF WHITNEY PLAY GROUND COMMITTEE

Responsibility for the care and maintenance of the Whitney Playground, as vested in this committee, we trust has been properly fulfilled.

As in previous years the Committee has employed the services of Mr. John S. Peterson to care for the lawns and shrubbery, the tennis court and baseball grounds. His work has been efficient and has greatly contributed to making this the beauty spot of the town.

The financial record of the Committee is shown in the Town Accountants' report. As supervisors of the Whitney Shade Tree fund we have to report again this year the necessity for more pruning and spraying of the trees on Depot Street, for their better preservation and in the interest of public safety. This work is entirely within the province of the Tree Warden. Now that the war is over and labor likely to be more plentiful we hope he will be able to give the matter his attention.

Respectfully submitted,

JOHN FISHER

MORRIS A. HALL

Treasurer.

Westford, Mass., January 22, 1946

Commonwealth of Massachusetts.

Middlesex, ss.

Then personally appeared William R. Taylor and made oath that the above is a true statement of the cost of construction of the Westford Water Company to December 31, 1945 and of the Receipts and Expenditures from January 1, 1945 to December 31, 1945.

WINTHROP W. SARGENT,

Notary Public.

FINAL REPORT OF THE WESTFORD RATIONING BOARD

Following the announcement that the war with Japan had ended, August 14, 1945, word was received by the members of the Rationing Board that the rationing of gasoline, fuel oil, and stoves would be discontinued on the following day, (as of noon, August 15, 1945). This left only tires and sugar to be rationed and these commodities were transferred to the Lowell Rationing Board. Price control had previously been transferred to this point.

The following dates may be of interest:

Rationing of gasoline was started as of May 15, 1942 and discontinued August 15, 1945.

Rationing of fuel oil was started as of October 22, 1942 and discontinued August 15, 1945.

Rationing of stoves was started as of December 19, 1942 and discontinued August 15, 1945.

Rationing of shoes was started as of February 7, 1943 and discontinued October 31, 1945.

Rationing of processed food was started as of March 1, 1943 and discontinued August 15, 1945.

Rationing of meats and fats was started as of March 20, 1943 and discontinued November 24, 1945.

Rationing of rubber footwear was started as of September 29, 1942 and discontinued September 4, 1945.

Rationing of coffee was started as of November 21, 1942 and discontinued July 29, 1943.

Rationing of bicycles was started as of July 9, 1942 and discontinued September 23, 1944.

Rationing of typewriters was started as of April 13, 1942 and discontinued April 22, 1944.

Rationing of tires was started as of December 27, 1941 and discontinued January 1, 1946.

Rationing of sugar was started as of April 20, 1942 and has not as yet been discontinued.

The members and clerks of the former rationing board take this opportunity to thank the citizens of the town for their cooperation at all times.

REPORT OF SUPERINTENDENT OF HIGHWAYS

Board of Selectmen, Westford, Mass. Gentlemen:

> The following is my report for the year ending December 31, 1945: Chapter 81 and General Highway Maintenance:

The usual highway maintenance was carried out this year, which included the use of gravel, tar, pea stone, gravel and patch on our various streets and those that come under our Chapter 81 contract.

Chapter 90 Maintenance:

The usual maintenance of Chapter 90 Highways was carried out again this year under the provisions of the contract.

In resurfacing Boston Road, Main Street, Graniteville Road, Groton Road and Prescott Street, an application of tar and pea stone were used. I previously used this treatment on our Chapter 81 reads and streets and found it very satisfactory.

Respecafully submitted,

J. AUSTIN HEALY, Superintendent of Highways.

REPORT OF FINANCE COMMITTEE OF THE TOWN OF WESTFORD, MASSACHUSETTS

The Finance Committee has held the customary meetings and given all the articles in the Warrant careful consideration and recommend the appropriation of the various sums as tabulated below:

- It is recommended that the Town Treasurer, with the approval of the Selectmen be authorized to borrow money from time to time in anticipation of revenue.
- It is recommended that the gift in this Article be accepted and vote of appreciation extended to the 15.
- It is recommended that a Committee be appointed to report at the next Annual Meeting relative to the construction of a new band stand in Westford Center. 23.
- The purchase of an oil burner at the Westford Fire House is not recommended for the savings resulting do not seem to warrant the expense.
- It is recommended that the sum of \$15,000.00 be transferred from Excess and Deficiency Account to Finance Committee believes that owing to poor material and the high cost of construction that the construction of the fire house should be postponed until 1947, and that a Committee should be appointed to Stabilization Fund under Article 39 for the purpose of constructing a new fire house in Graniteville. The have plans drawn taking into consideration the needs of the community.
- It is recommended that this article be dismissed because the funds necessary for temporary repairs have been provided under Article 3-4. ART. 29.

- The Finance Committee does not favor the reopening of the Nabnasset School at this time because of the additional expense involved and because it is the belief of the Committee that the educational program provided under the present system is better than could be provided by opening the school ART. 32.
- It is recommended that a Committee be appointed to work in conjunction with the School Committee study the future problem of school buildings in the Town of Westford as a whole. ART. 33.
- It is recommended that this article for celebrating the return of Members of the Armed Forces be postponed until a more careful consideration of the problem has been made. ART. 36.
- The Finance Board does not recommend this article because of our proximity to the Federal Rehabilitation Office in Lowell. 37.
- The Finance Board recommends this article in order that the tax rate may be maintained at approximately the present level.

If the above recommendations of the Finance Committee are adhered to the tax rate will approximate \$33.50 For every appropriation increase of \$1,000.00 the tax rate will increase approxiper thousand dollars of valuation. mately 28 cents.

Finance Committee,

REPORT OF THE TRUSTEES OF THE EMILY F. FLETCHER LECTURE FUND

To the Citizens of Westford

The bequest received by the Town in 1923 from Miss Emily F. Fletcher for lectures on natural history and travel has once again enabled the trustees to present a lecturer of outstanding importance. On December fifth Julian Bryan gave two lectures on South America at Abbot Hall. In the afternoon an audience of 200 children enjoyed his illustrated talk on family life in that country. Due to the efforts of Mr. Sweatt, Superintendent of Schools, bus transportation was provided to bring the children to the Hall and return them to their homes.

The subject of his evening lecture was Argentina. Due to the very cold weather and poor traveling conditions a much smaller audience was present than should have been, considering the character of speaker and the subject under discussion.

Fee of Julien Bryan \$300.

Receipts from the lectures \$30.70.

Minor expenses, \$27.50.

Returned to the fund \$3.20.

Respectfully submitted,

WILLIAM C. ROUDENBUSH,
WILLIAM R. TAYLOR,
ALICE M. HOWARD, Secretary,
MAY E. DAY,
ALBERT C. COOK.

WARRANT TOWN OF WESTFORD

COMMONWEALTH OF MASSACHUSETTS

Middlesex, ss.

To the Constable of the Town of Westford, in said County,

GREETINGS:

You are hereby required, in the name of the Commonwealth, aforesaid, to notify and warn all the inhabitants of said Town qualified to vote in elections, and also in Town affairs, to meet at their several polling places, viz:

Precinct 1. Town Hall, Westford Center

Precinct 2. Abbot Hall, Graniteville

Precinct 3. Donnelly's Store, Brookside

Precinct 4. Abbot Hall, Forge Village

MONDAY, FEBRUARY 11, 1946

being the second Monday in said month, at 12:00 o'clock noon for the following purposes:

To bring in their votes for the following officers:

FOR THREE YEARS

One Selectman

One Member of the Board of Public Welfare

One Assessor

Two Members of the School Committee

One Member of the Board of Cemetery Commissioners

One Trustee of the Public Library

One Member of the Board of Health

FOR ONE YEAR

One Moderator

One Constable

One Tree Warden

All on one ballot.

The polls will be open from 12 o'clock noon to 8 P. M., and to meet in the Town Hall at Westford Center on the following

MONDAY, FEBRUARY 18, 1946

at 1 o'clock in the afternoon, then and there to act upon the following articles, viz:

- ART. 1. To hear the reports of Town Officers and Committees; or act in relation thereto.
- ART. 2. To determine the salary and compensation of elected officers and officials as provided by law.
- ART. 3. To appropriate money to meet the costs and expenses of the following departments, officers and purposes:
 - 1. General Government.
 - 2. Town Hall.
 - 3. Police Department.
 - 4. Fire Department.
 - 5. Hydrants.
 - 6. Sealer of Weights and Measures.
 - 7. Fish and Game Warden.
 - 8. Forest Fires.
 - 9. Town Forest.
 - 10. Tree Warden.
 - 11. Moth Department.
 - 12. Health Department.
 - 13. Cattle Inspector.
 - 14. Highway purposes.
 - 15. Department of Public Welfare.
 - 16. Soldiers' Benefits.
 - 17. School Department.
 - 18. Vocational tuition.
 - 19. Public Library.
 - 20. Care of Common.
 - 21. Commemoration of Memorial Day.
 - 22. Publishing of Town Reports.
 - 23. Compensation Insurance.
 - 24. Fire Insurance.
 - 25. Interest on Revenue Loans.
 - 26. Cemeteries.
 - 27. Street Lights.
 - 28. Finance Committee Reserve Fund.
 - 29. Unpaid bills of previous years.
- ART. 4. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the current financial year and to issue a note or notes therefor payable within one year, and to renew any note or notes as may be given for a period of less than one year, in accordance with Section 17 of Chapter 44 of the General Laws; or act in relation thereto.

- ART. 5. To see if the Town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for Chapter 81 Highways; or act in relation thereto.
- ART. 6. To see if the Town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for Chapter 90 Highway maintenance; or act in relation thereto.
- ART. 7. To see if the Town will authorize the Selectmen to act as its agent in any suit or suits which may arise during the current year, with authority to settle and adjust claims or demands for or against the Town, and to employ counsel whenever in their judgment it is advisable so to do; or act in relation thereto.
- ART. 8. To see if the Town will vote to raise and appropriate the sum of Nine Hundred Eighty-Nine and 56/100 (\$989.56) Dollars, or some other sum, for the purpose of paying the County of Middlesex, as required by law, the Town's share of the Middlesex County Tuberculosis Hospital as assessed in accordance with the provisions of Chapter 111 of the General Laws; or act in relation thereto.
- ART. 9. To see if the Town will vote to raise and appropriate the sum of Three Hundred (\$300.) Dollars, or some other sum, for the care of the Whitney Playground; or act in relation thereto.
- ART. 10. To see if the Town will vote to raise and appropriate the sum of Four Hundred (\$400.) Dollars, or some other sum, for Band Concerts during the current year; or act in relation thereto.
- ART. 11. To see if the Town will vote to transfer a certain sum of money from the Machinery Fund to the Highway Equipment Account; or act in relation thereto.
- ART. 12. To see if the Town will vote to authorize the Selectmen to install two street lights on Abbot Street in Forge Village; or act in relation thereto.
- ART. 13. To see if the Town will vote to raise and appropriate the sum of Seventy-Six and 13/100 (\$76.13) Dollars, or some other sum, for the purpose of paying into the Contributory Retirement System the Town's portion of the amount which would have been paid into said Retirement System by former Westford teachers who are now in the military or naval service, all as provided in Section 9 of Chapter 708 of the Acts of 1941, as amended by Chapter 419 of the Acts of 1943 or act in relation thereto.

- ART. 14. To see if the Town will vote to raise and appropriate the sum of Ten (\$10.) Dollars and elect a Director, under the provisions of Sections 40 to 45 of Chapter 128 of the General Laws, as amended; or act in relation thereto.
- ART. 15. To see if the Town will vote to accept a gift made to it during the year 1945 by the Solomon Hyams Fund, Inc.; or act in relation thereto.
- ART. 16. To see if the Town will vote to raise and appropriate the sum of Four Thousand (\$4,000.) Dollars, or some other sum, for the purpose of reconstructing Groton Road contingent upon the State and County contributing towards the cost of said reconstruction or act in relation thereto.
- ART. 17. To see if the Town will vote to raise and appropriate a sufficient sum of money for the purpose of purchasing a stone spreader for the Highway Department; the same to be purchased under the supervision of the Board of Selectmen; or act in relation thereto.
- ART. 18. To see if the Town will vote to raise and appropriate the sum of Sixteen Hundred (\$1600.) Dollars, or some other sum, for the purpose of purchasing a truck for the Highway Department; or act in relation thereto.
- ART. 18A. In the event of an affirmative vote under Article 18, to see if the Town will vote to authorize the Selectmen to transfer by a good and sufficient bill of sale title to the 1937 Ford truck now used by the Highway Department and apply the sum received therefor against the purchase price of the new truck; or act in relation thereto.
- ART. 19. To see if the Town will vote to raise and appropriate the sum of Five Hundred Seventy-Five (\$575.) Dollars, or some other sum, for the purpose of purchasing an automobile for the Police Department, said purchase to be made under the supervision of the Board of Selectmen; or act in relation thereto.
- ART. 20. In the event of an affirmative vote under Article 19, to see if the Town will vote to authorize the Selectmen to transfer by a good and sufficient bill of sale title to the automobile now

used by the Police Department and apply the sum received therefor against the purchase price of the new car; or act in relation thereto.

- ART. 21. To see if the Town will vote to raise and appropriate a sufficient sum of money for the purpose of purchasing a typewriter for use in the offices of the Board of Selectmen, said purchase to be made under the supervision of the Board of Selectmen; or act in relation thereto.
- ART. 22. In the event of an affirmative vote under Article 21, to see if the Town will vote to authorize the Selectmen to transfer by a good and sufficient bill of sale title to the typewriter now used in the offices of the Selectmen, and apply the sum received therefor against the purchase price of the new typewriter; or act in relation thereto.
- ART. 23. To see if the Town will vote to raise and appropriate a sufficient sum of money for the purpose of constructing a permanent band stand on the Common in Westford Center; or act in relation thereto.
- ART. 24. To see if the Town will vote to raise and appropriate a sufficient sum of money for the purpose of purchasing and installing an oil burner in the Fire House at Westford Center, said purchase and installation to be made under the supervision of the Fire Department; or act in relation thereto.
- ART. 25. To see if the Town will vote to purchase about 8639 square feet of land on the southwesterly side of Broadway and northwesterly side of Cross Street in Graniteville for the purpose of erecting thereon a new fire house; or act in relation thereto.
- ART. 26. In the event of an affirmative vote under Article 25, to see if the Town will vote to raise and appropriate the sum of Seven Hundred Fifty (\$750.) Dollars, or some other sum, for the purpose of purchasing about 8639 square feet of land on the southwesterly side of Broadway and northwesterly side of Cross Street in Graniteville for the purpose of erecting thereon a new fire house; or act in relation thereto.
- ART. 27. In the event of an affirmative vote under Article 25, to see if the Town will vote to raise and appropriate, or transfer from the account entitled Excess and Deficiency, the sum of Fifteen Thousand (\$15,000.) Dollars, or some other sum, for the

purpose of erecting on said land a new fire house similar to the Forge Village Fire House; or act in relation thereto.

- ART. 28. In the event of an affirmative vote under Article 27, to see if the Town will vote to authorize the Board of Selectmen in the name and behalf of the Town to convey by good and sufficient deed title to the land situated in Graniteville, with the building thereon, said building being now used as a fire house, for such sum as to the Board of Selectmen may seem advisable; or act in relation thereto.
- ART. 29. In the event of a negative vote under Article 28, to see if the Town will vote to raise and appropriate the sum of Five Thousand (\$5,000.) Dollars, or some other sum, for the purpose of making repairs to the present fire house building in Granite-ville, said repairs to be made under the supervision of the Board of Fire Engineers; or act in relation thereto.
- ART. 30. To see if the Town will vote to purchase land adjoining the present town dump for the purpose of enlarging said dump; or act in relation thereto.
- ART. 31. In the event of an affirmative vote under Article 30, to see if the Town will vote to raise and appropriate a sufficient sum of money for the purpose of purchasing land adjoining the present town dump for the purpose of enlarging said dump, said purchase to be made under the supervision of the Board of Selectmen; or act in relation thereto.
- ART. 32. To see if the Town will vote to instruct the School Committee to reopen for use for school purposes the Nabnassett School; or act in relation thereto.
- ART. 33. To see if the Town will vote to appoint a committee to work in conjunction with the School Committee to study and investigate the advisability of and need for a new school building; said Committee to make a full report of its findings at the next annual town meeting; or act in relation thereto.
- ART. 34. To see if the Town will vote to raise and appropriate the sum of Twelve Hundred (\$1200.) Dollars, or some other sum, for the purpose of constructing a fence at the Westlawn Cemetery, said sum to be expended under the supervision of the Cemetery Commissioners; or act in relation thereto.

- ART. 35. To see if the Town will vote to raise and appropriate a certain sum of money for the purpose of defraying the expenses of selling land acquired by the Town through foreclosure of tax titles; or act in relation thereto.
- ART. 36. To see if the Town will vote to raise and appropriate a sum of money for the purpose of celebrating the return of men and women who served in or were affiliated or associated with the Armed Forces of the United States in World War II; or act in relation thereto.
- ART. 37. To see if the Town will vote to accept the provisions of Chapter 723 of the Acts of 1945, providing for the establishment and maintenance of municipal departments and of districts for furnishing information, service and assistance to Veterans of World War II or other Veterans; or act in relation thereto.
- ART. 38. To see if the Town will vote to authorize the Board of Assessors to use as free cash a sum of money not to exceed fifteen thousand (\$15,000.) Dollars, said amount to be approved by the Commissioner of Corporations and Taxation of the Commonwealth, and said sum to be applied in determining the tax rate for the current year 1946; or act in relation thereto.
- ART. 39. To see if the Town will vote to raise and appropriate, or transfer from the account entitled Excess and Deficiency, a certain sum of money for the purpose of creating a Stabilization Fund under the provisions of Chapter 124 of the Acts of 1945; or act in relation thereto.

And you are directed to serve this warrant by posting up true and attested copies thereof at the Town Hall and at each Post Office in said Westford, seven days at least before the time of holding said meeting.

Hereof fail not, and make return of this warrant, with your doings thereon, to the Town Clerk, at the time and place of holding the first meeting aforesaid.

Given under our hands this twenty-fourth day of January in the year of our Lord 1946.

ARTHUR M. WHITLEY ARTHUR L. HEALY CYRIL A. BLANEY

REPORT OF THE SCHOOL COMMITTEE

Citizens of Westford, Westford, Massachusetts.

I hereby submit my annual report as Chairman of the School Committee for the year 1945.

Two new members, Mr. William Kelly and Mr. H. Arnold Wilder were elected to the Board this year. They fill vacancies left by the expiration of the terms of Mr. Thomas Curley and Mr. Clifford Courchaine.

At the first meeting of the Board, Mr. Frederick Gatenby was chosen chairman and Mrs. Dorothy Chandler, secretary.

Like all school boards our own has had to contend with the problem of securing and holding teachers. We have been more fortunate than a neighboring school union that has had to replace over half its teaching staff annually during the past four years. The problem of securing good teachers and keeping them is one of salary. Teachers are no longer satisfied, and rightly so, with salaries of twelve or thirteen hundred dollars.

As was stated in the 1944 budget, it is the policy of our Board to maintain a salary range of \$1200 to \$1700 for elementary and \$1200 to \$2100 for secondary teachers. This is none too much but it would tend to make Westford something more than a training ground for beginning teachers. This schedule cannot be maintained longer than through 1946 on the present total budget figure.

We are respectfully asking for the sum of \$84,500.00 with which to operate the public schools during 1946 and the sum of \$1,000.00 for vocational tuition. The amount for vocational tuition is increased over that of 1946 because more pupils are attending Lowell Vocational School.

This year the Town has received \$5,703.00 as our share of income taxes appropriated according to Part 1, Ch. 70 of the General Laws, \$954.25 for tuition and transportation of State Wards, \$81.87 from

Tyngsboro for tuition of one pupil, and \$150.90 from the State for reimbursement on vocational tuition. These funds are paid directly to the Town Treasurer and are not available to the School Department.

Many Massachusetts school officials believe the income tax returns, by law apportioned according to teachers, should be made directly available for school purposes. On the other hand there is no question but what the money received from the State and other towns for tuition and transportation is received by the Town as a result of school services. Westford received \$1,187.02 from the latter sources thus actually making the school expenditures for the year 1944 \$82,812.73 instead of \$83,999.75.

Respectfully submitted,

FREDERICK W. GATENBY,

Chairman.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Westford School Committee:

It is a pleasure to present the following report.

The heart of a school program is the classroom teacher. On her shoulders rests the quality of instruction, the extent of pupil learning, and the quality of pupil morale. This report is devoted in a large measure to what has been accomplished in Westford schools in the improvement of classroom instruction.

In-Service Teacher Training

It is generally accepted by the average citizen that teachers need only to attend some training school to be fully prepared to teach indefinitely thereafter. While it is true such study does prepare teachers for their work, this training is only preparatory. A teacher must continue this training as long as he teaches. This can be done in many ways, such as university graduate courses, extension courses, lectures, reading, travel, and industrial work.

A determined effort has been made by the Westford teachers to improve professionally. During the first half of 1945, seven of the staff attended regular graduate courses at Harvard or Boston University. Four attended the full summer session at Harvard. During the fall semester, seven teachers took graduate courses at Harvard and Boston University and twenty-one participated in a Harvard-Boston University Extension Course held in Westford. In addition, one teacher took private lessons throughout the year while another spent the summer traveling.

This professional study on the part of the staff has resulted in improved instruction. Teachers are more enthusiastic and purposeful in their work. They are more aware of their responsibilities for the development by their pupils of the attitudes, appreciations, understandings, insights, abilities, and knowledges involved in worthy living. This professional improvement is most gratifying and the staff is to be commended for its efforts.

The School Board is to be congratulated on their keen awareness of the need for in-service training. The financial assistance given to the teachers has been a tremendous stimulus. Inasmuch as no financial aid is given a teacher until she returns the following year, it has also had some stabilizing effect on the permanency of the staff.

Each principal has been asked to state how the in-service training program has affected instruction in his school. Their reports follow:

Mr. Perry-Cameron School

In order to get a fairer picture of how the teachers at Cameron School have improved or have tried to improve in their classroom instruction, each teacher was asked to write a short paper evaluating her teaching. This to me was a better way than if I had recorded what I had seen through observation. Being a full time teaching principal, it is difficult to judge a teacher's work on the short visits which are occasionally made. The following will be a summary of the papers received.

The subject of discipline was mentioned several times and it was definitely clear that the discipline mentioned was not the kind in vogue fifteen or twenty years ago, as the following will show. have tried to create a feeling of freedom from tenseness and strain but not a freedom without restraint. A feeling of ease is a factor toward learning. One cannot do his best work if he is tense and ill at ease." "A well-disciplined classroom is conducive to greater learning than is possible in a room where the discipline is either too rigid, in the old fashioned manner, or non-existent. My description of a well disciplined classroom is a place wherein the pupils do the job that is required because it is interesting to them and they want to do it. Under these circumstances, even the so-called problem-child ceases to be a problem." "An informal atmosphere should be present and the feeling of fear of the teacher should be eliminated." This does not exhaust the remarks on this subject but space prevents further discussion.

Another teacher remarks, "This year I have worked especially hard in trying to improve my slower reading groups. These groups have improved, both in silent and oral reading. Such things as drills in words and phrases, silent reading, alphabet, and phonic drills have helped these slow readers."

"Improvement in teaching comes with the successful outcome of objectives set by the teacher in accordance with the interests, needs, and abilities of her class. This year I have been trying to make the class feel that school is a privilege and not just something they are compelled to attend. I would like to change a worn out statement from, "If you don't do your work you will stay after school" to "If you don't do your work you can't stay after school."

"The subject matter should be determined by the needs of the class, not the book. A teacher discovers these needs by the questions that are asked and the information volunteered. Oftentimes she must set the stage herself. Now we have "The birth of a unit." No more handing out a set of questions to be answered by everyone from his text and passed in at the end of my specified date. Rather we list pupil questions, then discover that our own texts don't have enough information, so we gather the necessary references and find the answers to our own questions."

"I have found that Mrs. Landis' course has been particularly helpful to me. The principles of teaching which she presented in our Art course can be applied to any class. I have learned that motivation through vivid presentation of material will give the necessary stimulus whereby the child will not be satisfied until the learning process is complete. In spelling, by making each word alive, that is, understanding and applying it through oral and written work, I find the children eager for each new group of words. Spelling rather than a mechanical thing becomes related to reading and language."

We at Cameron School, like all other teachers in Westford, are striving to improve our classroom instruction. Last year four of our teachers took courses at Harvard University. The first semester of this year, two took courses at Boston University. There are a number of us who are now planning to take more courses at Harvard and Boston University this coming semester. Only through constant study can we hope to improve our teaching.

Mr. Getchell-Sargent School

We at Sargent School have been alert to improve ourselves professionally during the past year. While three of us have taken courses at Harvard University or Boston University the main source of new teaching ideas has been our extension course "Art In the Elementary School", taught by Mrs. Landis of Harvard University. While this was primarily an Art course it offered innumerable sound practical teaching principles that could be used in most any school situation. Our teachers, always alert for new and better procedures, were quick to adopt them with the following results:

Realizing that sometimes a child's enthusiasm is dampened by too much stress upon how something should be done when he is trying to express himself either artistically, poetically, musically, or through oral and written stories, the teachers have allowed them to express themselves first, unhindered by attention to mechanical details, and then afterwards have worked tactfully to correct these mechanical errors. This has produced excellent creative stories in the language work of Grades 3 and 4. The children of Grade 4 have been able to interpret their songs both musically and through making up their own dances to fit the music. The pupils of Grades 7 and 8 have shown remarkable ability to express themselves through the written word. One girl has been able to consistently express herself through poetry. Her crowning achievement being the re-writing in poetic form of a story written in prose. Another girl can express herself excellently by writing, directing, and acting plays.

Of course, the art itself has shown a remarkable improvement in that the children are now really expressing themselves artistically and not merely "coloring" as school art so frequently was in the past. I am especially proud of our little first graders who have been in school only four months. It is a pleasure to see them working and then have them interpret their paintings orally. Their parents can well be proud of them.

All of the teaching procedures and pupil results promise a brilliant future for the children in Westford in being able to express themselves under the guidance of teachers well skilled in the art and science of modern teaching.

Mr. Bozoian-Wm. E. Frost School

The value of a teacher to a community is determined in large measure by what he is doing for the children of the community and what he is doing to make himself an increasingly more important factor in the stimulation and motivation of educational experiences.

As principal of the William E. Frost School, it has been my privilege to watch the growth of our teachers both with respect to their philosophical concepts of education and the application of practical educational principles.

Evidence of professional growth, for the most part the result of in-service training, is apparent in the work of all teachers. Our youngest teacher and oldest teacher seem to be following the same principles when the former says, "I have a feeling of more confidence in the approach and the actual teaching of ideas." And the latter says, "Each year, I try to present different things in different ways to stimulate new ideas."

Our energies are directed, insofar as possible, toward the realization of a school situation in which pupils live. This democratic living we place on a level of the pupils in order to make it effective. One of our teachers explains, "Encouraging children to express themselves is no simple task. And unless children do learn in school to do their own thinking and to express themselves as they feel and interpret the same as their own, their ability to express themselves will be very much curtailed."

Practically all formal education, at one time, was a matter of telling children what to do and then making certain that they did it. Such rigid training under a "tell them—do it—make them do it" philosophy does not prepare young people for living in a democracy. "Crushing democratic living in a school or a group is likely to produce mentally handicapped children just as a lack of exercise is likely to produce physically handicapped children."

Our teachers present problems to their classes as a whole. Here they give prominence to the ideas of the children. "Free, constructive discussion, in accordance with their own provisions, is encouraged. Children are most likely to follow plans in which they have shared."

In the social studies, one of our teachers explains, "The value of this work is not in the realization of some very unusual thought expressed in a brilliant manner. Rather it is to bring about personal growth. The question asked is, "Has the child grown in his ability to express himself and to interpret his own ideas?"

Another kind of growth is typified in the statement one teacher makes, "I hope I have grown in tolerance, understanding, and appreciation."

We have seen tremendous growth among our teachers in the use of art as a medium of expression. Youngsters have been free t_0 follow impulses and feelings in painting their own ideas and interpreting these ideas in the light of their own experiences. Our inservice training program in art this year has elicited such responses as these:

"It was a source of growth to me. This course has improved my methods by making them more progressive."

"My outstanding interest this year is the art course which has been a great inspiration and stimulation for my work."

"The art course has given me opportunity to grow and strengthen my teaching."

This philosophy cannot help but reflect a spirit and attitude that is making Westford a place where children are going to school to prepare for living, "I have felt keenly the responsibility that present day education places upon me as a teacher in the schools of Westford. This year, I have tried to make it my chief task to understand the thinking and individual personality of each child with a view toward evaluating his creative work by not only analyzing his eventual success but also by interesting myself in his aims in life and his reactions to life situations."

Art Instruction

For many years a certain amount of time has been given for art instruction in the elementary grades. With a few exceptions the work has been of not too good quality. This was due to a lack of understanding of the basic philosophy of art instruction.

This fall a Harvard-Boston University Extension Course was organized in Westford for the purpose of helping teachers acquire an art philosophy and techniques for putting that philosophy into practice. Mrs. Mildred Landis, an art instructor at Harvard University and Ella Wheelock College, conducted the course. The course was financed by the teachers themselves, with some assistance from the School Board and the Harvard-Boston University Extension Service. Mrs. Landis has taken a great interest in what our teachers are trying to do and has come to Westford many times at her own expense, and without remuneration, to help teachers conduct art work in their classrooms. We are grateful for Mrs. Landis' interest and help which has gone far beyond her responsibility as an extension course instructor.

It has been asked, "What do you hope to accomplish through this art work?" I would answer as follows: Language of all sorts, oral, written, or pictorial is a means of self-expression. So is physical movement, like dancing and skating. So, also, is music and art. Through these various means the human being can express himself and each is used when it can best express the desired idea or feeling.

Every child should develop his natural self-expression so that he can portray ideas and feelings that are his very own. Among the ways this can be done are writing, dancing, singing, playing a musical instrument, or painting a picture. To be good the work must be one's very own, and it must have quality. Young children can usually express themselves in one or more of these ways until we adults, in our fear of being different from the masses despite the fact

that we all want to be different, teach them to inhibit their natural self-expression.

Our classroom work using paints and crayons is designed to help children keep alive their natural expressiveness. Expressing ideas through the media of paint and crayon, if begun with young children by a clever teacher, will help a child to develop his own individuality. Very few will become artists and then only after years of effort, but all will make progress in becoming more individual personalities.

(It should be trite to say that the above is not to advocate that children should always do as they please. No one with any sense advocates this.)

Evidence of pupil originality can be seen in their classroom displays. If the visitor will only view them on the beginners level rather than on the level of the finished worker, these displays show real pupil development. They indicate that a significant step has been taken in improving the art work in Westford.

MAINTENANCE OF BUILDINGS

Every effort is being made to hold to the long range building maintenance plan adopted four years ago. The results of such planning show in the improved appearance of our schools. We have had many compliments by visitors on the attractiveness of Westford school buildings.

Obtaining labor for building maintenance was especially difficult in 1945. We were fortunate to complete the major part of the planned work but some items had to be postponed.

There is always a certain amount of minor plumbing, carpentry, and electrical work that is necessary each year and no attempt has been made to list these things. They include replacing a leaking valve, window cords, or a defective light switch. This type of repairs is at a minimum now that our buildings are in good condition.

The larger items of maintenance are listed below.

Academy:

Auditorium ceiling washed and painted two coats.

Auditorium stage curtain replaced.

One section of boiler repaired.

Boiler grates replaced.

New book shelves in one of classrooms.

Replacing the steam pipes which run through the coal bin.

Cameron School:

Coal bin window enlarged into bulkhead so coal can be dumped directly into bin.

Fluorescent lights were installed in six of the classrooms.

Wm. E. Frost School:

Driveway resurfacing begun in 1944, completed.

Eighth grade room floor sanded and refinished.

Toilet seats replaced.

Window seat in teachers' room enlarged to serve as sick room cot. New book shelves in teachers' room.

Nabnassett School:

Replacing damaged shutter and window glass.

Sargent School:

Painting exterior two coats.

Repairing roof and roof gutters.

First grade room floor sanded and refinished.

NO-SCHOOL SIGNAL

The No-School signal will be two blows of the fire alarm whistle repeated three times.

The above signals will be given at 7:15~A.~M. unless icing conditions begin about that time; in which case the No-School signal may be blown as late as 7:45~A.~M.

The No-School announcement will be broadcast over stations WEEI, WLLH, and WLAW whenever possible.

It is the policy of the School Department to keep schools in session on all days during which it is safe for buses to be operated. On days when the weather condition is questionable parents are urged to exercise their own judgment as to the wisdom of sending their children to school.

CHANGES IN STAFF PERSONNEL

Resignations:

Esther T. Burns, first grade, Wm. E. Frost School.

Helen Marie Garrity, fifth grade, Sargent School.

Marion E. Carroll, grades 6, 7, 8, Reading & English, Cameron School

Samuel F. Frolio, science, Academy.

Anthony G. L. Brackett, principal, Academy.

Leave of Absence:

Walter T. Pulsifer, returned December 1, 1945, Academy.

New Staff Members:

Elinore Corbett, seventh grade, Cameron School. Mary L. Kearney, fifth grade, Sargent School. Mollie A. Mazur, first grade, Wm. E. Frost School. Fredric W. Jewett, science, Academy. Albert C. Cook, principal, Academy.

A WORD OF THANKS

Christmas Gifts

It is my privilege to extend to the Abbot Worsted Co. and the C. G. Sargent Sons Corporation the appreciation of the elementary school children for the generous Christmas gifts given by them.

One of the finest things any school system can have is the democratic way of working together, for then everyone's talents can be put to the greatest use. I believe we have this spirit in Westford. I see evidence of it constantly among pupils, teachers, principals, school board, and citizens. It is this willingness of all to work together to give Westford better schools that makes serving as superintendent of schools in Westford a real pleasure.

Respectfully submitted,

CHESTER V. SWEATT.

REPORT OF PRINCIPAL OF WESTFORD ACADEMY

For the Year Ending December 31, 1945

January 1, 1946

Mr. Chester V. Sweatt Superintendent of Schools Westford, Massachusetts Dear Sir:

I am pleased, herewith to submit the annual report as Principal of Westford Academy.

At last the end of the war has come and we may return to our peace time pursuits. These have been times that have tried our souls, but perhaps the suffering through which we, as a nation, have passed had a refining influence on our lives. Thus, we may be better prepared to live in this new era of peace.

In this new era, youth will play an important role. The youth of our nation deserves most of the credit for winning the war and in years to come will be our leaders. Therefore, one cannot overemphasize the need of trained leaders. These should be developed in all youth activities and especially in our schools. Our young people have made valuable war time contributions and now through their Student Council, will receive the same training in the responsibilities of self-government as they receive in the subjects of the established Academic curriculum. We, therefore, look with favor upon the efforts of the school staff to make the school a place where boys and girls can experience democracy and learn its practical ways of life.

The Academy had an enrollment on October 1, 1945 of 162 pupils, distributed as follows:

Class	Boys	Girls	Total
1946	11	19	30
1947	11	27	38
1948	14	32	46
1949	22	26	48
	_	_	J
Total	58	104	162

Note: Each pupil is required to have 15 credits to be a Sophomore, 35 credits to be a Junior, 60 credits to be a Senior, and 80 credits to graduate.

Scholarship

The scholarship level has been improving and its improvement is one of our most important aims. We are attempting to stimulate better scholastic achievement on the part of our students by helping them to improve their study habits and by helping pupils individually.

Habits of Study

Failures and habits of study in the individual student are closely related. Poor study habits often result in much waste of time and energy on the part of the pupil, and are responsible in some degree for his failure to achieve success. This year informal meetings of the Freshmen were held for the purpose of instructing them in correct study habit procedures. In addition, individual conferences with pupils of all classes have been arranged to plan their study time in school and at home. It is important that parents as well as teachers help pupils follow a study plan, for only by maintaining a rigid study schedule can a pupil acquire abiding habits of correct study.

Individual Teaching

To facilitate make-up work in the afternoon for those pupils absent on account of illness, or for other good reasons, behind in their studies and justified in asking help of the teachers, a schedule of make-up sessions was adopted. This affords an excellent opportunity for pupil-teacher conferences and also an opportunity to remove misunderstandings of all sorts which may have arisen in connection with regular classroom work. While pupils are expected to do make-up work during these sessions, this does not exclude the well-intentioned pupil from making up back work, or from obtaining extra help by appointment with the teachers.

Curriculum

A secondary school program must be provided in which the curriculum content and the method of instruction are differentiated and developed to meet the capacity and needs of all types of youth. The introduction of courses such as Smith-Hughes Agriculture and Home Economics would increase the opportunity of these students to experience successful accomplishment, while at the same time, affect a modernization of our curriculum in accord with current trends in this phase of secondary education. This is impossible now due to the lack of available space in our present building.

Library

The school continues to work in close association with Miss Mae Day, librarian of the J. V. Fletcher Library. At three week intervals throughout the school year, Miss Day brings the "library" to the school and sets up shop in one end of the Assembly Hall. Here pupils are allowed to come to select books, either for reference in connection with regular classroom work, or for outside reading reports. The fine service which Miss Day is rendering the pupils and the school is to be commended.

Press Club

Mrs. Robinson and Miss Caram are advisers for the Press Club, organized as the Clarion Associates. This active group publishes a weekly newspaper, "The Clarionette", and a quarterly magazine, "The Clarion", the final issue being the "Year Book".

Handicraft Club

The Handicraft Club was first formed in October, 1944 with Miss Dutton as adviser. The club began its work this past fall with as much enthusiasm and with the addition of a few boys. Again the girls decided to do Red Cross work, making articles for the service men, such as: wash cloths, men's handkerchiefs, and stuffed animals of many types to be used in children's hospitals. The boys shellacked lap boards for wounded service men and made paper disposal bags for use in Lowell hospitals.

Agriculture Club

The Agriculture Club, under the direction of Mr. Erickson, 4H Extension Leader of Middlesex County, was created for the benefit of those who are interested in farming. The program of this club consists of talks by Mr. Erickson illustrated with motion pictures. The topics of poultry and soil conservation have been discussed thus far. The remainder of the program will be devoted to live stock, vegetable gardening, and orcharding.

Glee Club

The Academy Glee Club, Mr. Lowell, adviser, has doubled in size over last year's organization; it now consists of some 60 female voices. Of this group, 36 voices have been chosen to represent the Academy at various local, musical functions. An attempt is also being made to sponsor a double octet of female voices which will participate with the regular Glee Club in a proposed Spring Concert.

History Club

The History Club with Mr. Pulsifer as adviser, is open to all pupils who are interested in becoming better acquainted with the people of the United States and the other countries of the world. The program includes speakers qualified to speak about the various regions of the United States or foreign countries, motion pictures of appropriate subjects, discussion groups, research into local history, listening to radio programs, and, when feasible, trips to nearby sites.

Dramatic Club

The Dramatic Club serves several purposes. It is under the direction of Mrs. Rochefort, adviser. The Club trains pupils in stage deportment, thereby giving them some poise and ease before the public. Dramatic work reaches more than the few who are selected to act. It gives work which involves responsibility and initiative to those concerned with the business of production, stage manners, business and publicity managers.

This year we had our customary Freshman Initiation Party.

A skit in English followed by a Spanish version, the proceeds of which were sent to the Lovell General Hospital at Fort Devens to help buy Christmas presents for patients.

Mathematics Club

In December, 1945, a Mathematics Club was organized at Westford Academy with Miss Fremeau as adviser. The purpose of this club is to provide special instruction in the use of the slide rule, mathematical tables, and other devices so necessary in the study of higher mathematics.

Athletics

Girls' Basketball

Miss Fremeau is coach of the girls' basketball team of Westford Academy which participated in the eastern division of the Wachusett League during the 1944-45 season. Throughout the playing season the girls practiced fair play and good sportsmanship, and were rewarded with a fine record of ten wins against five losses. At the end of the league period, our team took part in the first girls' basketball tournament sponsored by Littleton High School, and went through to the semi-finals only to be eliminated by a superior East Jaffrey team.

Boys' Athletics

Mr. Jewett is coaching athletics for the boys this year.

The Academy Baseball Team enjoyed an undefeated season, winning 11 straight games.

Football, which was organized last year has been continued. A schedule of six games was arranged and played. Due to the drafting for the Armed Services, there was a lack of practice material, so a Midget team was organized. This was composed of the larger boys from the three grammar schools and the smaller boys from the Academy. This team played a schedule of four games with other Midget teams from nearby private schools. The hope that, by starting football for the upper grammar school boys, we will develop a nucleus, trained in fundamentals, to be developed later in the Academy.

At the end of the football season, the Westford-Parent Association sponsored a Football Banquet for the teams and cheerleaders The Town Hall was filled to capacity—the dinner was excellent, speakers were good, and dancing was enjoyed afterwards.

Student Council

Mr. Cook is adviser to the Student Council which is composed of representatives of the student body. It acts as administrator for all clubs, apportioning the funds, approving the bills, and planing the yearly program of activities. In addition, they discuss and help to solve any problem arising in the student body. Here, the students actually participate in policy making.

The Westford New Year's Ball was sponsored by the American Legion this year. The pupils appreciate the cooperation and interest shown by local organizations in their activities.

In conclusion, I wish to extend my sincere thanks and appreciation to the School Board, to the Superintendent, to the teachers, to the pupils, and to the parents and citizens for their kindly cooperation and enthusiastic support.

Respectfully submitted,

ALBERT C. COOK,

Principal, Westford Academy.

Five Dollars-Doris MacArthur

REPORT OF SCHOOL PHYSICIAN

Members of the School Committee:

The following is my report as School Physician for the year ending December 31, 1945.

The usual physical examinations were made on all of the children attending the public schools of Westford. A separate physical examination was made to recheck all the cases in which major physical defects were found, in order that the parents of the children could be notified as to what procedure would be needed for them to see that the children would get the needed medical or surgical care when major defects were found.

A special examination was made on the pupils of the Academy who were to play football and basketball, in order that they could carry Liability Insurance and to find out if they were in the right physical condition to enter into these sports.

A large number of pupils were treated at the Abbot Worsted Hospital for minor surgical and medical conditions. These cases came to me as emergency cases referred to me by the principals of the different schools.

Cooperation by the Board of Health Nurse, teachers and parents of the children was splendid as it has been in the past.

Respectfully submitted,

DR. DWIGHT W. COWLES.

REPORT OF SCHOOL NURSE

January 2, 1946

Mr. Chester V. Sweatt Superintendent of Schools Westford, Massachusetts

Dear Sir:

Following is the report of the School Nurse from January 1, to December 31, 1945:

Schools visited	287
First aid and dressings	33
Children examined for minor ailments	181
Children recommended for exclusion because of	
pediculosis and skin infections	9
Vaccinations checked.	

Assisted school physician with physical examinations of school children in Spring and Fall of 1945.

Weighed and measured all school children.

Respectfully submitted,

DOROTHY A. HEALY, R. N.

REPORT OF THE SUPERVISOR OF HANDWRITING

January 2, 1946

Mr. Chester V. Sweatt, Supt. Westford Public Schools Westford, Mass.

My dear Mr. Sweatt:

I am pleased to submit the following report on the Handwriting program in the Westford schools for the school year 1944-45.

In the initial Handwriting tests administered in September, 1940, $20\,\%$ of your elementary school pupils received a grade of "A" (Excellent); $8\,\%$ received a grade of "B". In the June 1945 tests, 84.4% were graded "A" (Excellent); 10.9% were graded "B" (Good); and 4.6% were graded less than "B". Handwriting Certificates were awarded to 88% of the eighth grade and 84% of the High School graduates. These scores indicate that excellent progress has been made and I wish to compliment the pupils and teachers for their achievement.

During the school year we graded approximately 4750 formal and 14250 informal samples of Handwriting for the elementary school children, and 1200 formal and 2800 informal handwriting samples for the High School pupils.

We furnished the following supplies during the year:—monthly outlines for the teachers, pupil folder outlines, room motivation certicates, monthly and term envelopes, term testing paper, individual handwriting certificates for the eighth and high school pupils who qualified, diagnostic charts and seals, etc.

In general, I am pleased with the results obtained and wish to take this opportunity to thank you and the teachers for the fine cooperation I have received.

Sincerely yours,

W. L. RINEHART.

ANNUAL REPORT

OF THE

J. V. FLETCHER LIBRARY

OF THE

Jown of Westford

For the Year Ending December 31, 1 9 4 5

REPORT OF THE TRUSTEES OF THE J. V. FLETCHER LIBRARY

January 1, 1946

The trustees of the J. V. Fletcher Library respectfully submit their annual report for 1945, including the report of the librarian and the list of books added in 1945.

It is with appreciation that the trustees once again acknowledge a bequest from a member of the Burbeck family,— a legacy of one thousand dollars under the will of Frederick A. Burbeck for the purchase of books for the J. V. Fletcher Library.

June 1946 will mark the fiftieth anniversary of the dedication of the building presented to the town by J. V. Fletcher. As the years go by there is increased need for repairs such as the refinishing of floors, weather stripping windows, renewing the plumbing and work on the stone steps.

To carry on these repairs and the necessary work of the library and its branches the trustees ask for the following appropriation, viz:

- 1. The sum of three thousand (\$3000) dollars.
- 2. The receipts from the dog licenses in 1945.

WILLIAM C. ROUDENBUSH, Chairman WILLIAM R. TAYLOR,
ALICE M. HOWARD, Secretary.

REPORT OF THE LIBRARIAN

January 1, 1946

To the Trustees of the J. V. Fletcher Library:

For the twenty-eighth time the librarian presents her annual report, during the fiftieth year in which the present building has been in use. The work has been carried on much as usual—loaning books, looking up reference questions for the school children and others, buying new books and making them ready for circulation, mounting pictures, taking books to the high school once in three weeks and sending others to the schools and deposit stations, etc.

There has been a gain of 644 books over the number borrowed last year, of which 205 are adult non-fiction. The history section, including war books, leads with 617, followed by travel with 512, biography with 438 and useful arts (cooking, agriculture, medicine, aviation) with 321. The two days with the smallest circulation were the very snowy days of November 29 with 25 books and December 6 with 33.

No library activity is more important than selecting books for individuals who are interested in particular subjects. One reader has been especially helped by the group of financial books on personal economics and the wise investment of money. Another expressed appreciation for those on art and home decoration, while a third has made use of those relating to his business of carding and spinning at the mill. College students and teachers who have been taking courses have also been provided with books from our collection or borrowed through the Division of Public Libraries in Boston.

On April 27 several classes from Westford Academy were held in the library as their furnace was being repaired.

The exhibits in the Frost Museum case were of articles and pictures of Holland; foreign coins loaned by George Fletcher, Harry Best, Renny Drew, Frederick Burne, Miss Winnek and Miss Day; and now the wedding garments that are worn only once by the bride and groom of Japan loaned by Miss Winnek with Japanese bride and groom dolls belonging to the librarian.

On May 18 the librarian was asked to show the Dutch tiles, dolls and other articles to the fourth grade in Forge Village as they had been studying that country. On November 16 she showed her dolls to the fifth grade in Graniteville in connection with their hobby project.

Again the librarian is grateful to those who have provided flowers for the library: the Misses Atwood, Miss Bunce, Arthur L. Hope, Mrs. Alice Lambert, Mr. and Mrs. Daniel C. Staples, and Miss Marion F. Winnek.

On December 19 the motor for the stoker gave out but a new one was installed the next day.

The circulation of magazines increased over that of last year. All except current numbers may be borrowed for one week and the list for the coming year is as follows:

REGULATIONS

The J.V. Fletcher Library is open Tuesdays, Thursdays and Saturdays (legal holidays excepted) from 1:30 till 5, and from 6:30 till 9:00 P. M.

The Nabnasset deposit station at the home of Mrs. Edgar S. Peterson is open Tuesday afternoon and evening.

The Forge Village deposit station at the post office in charge of Mrs. Josephine Connell is open daily.

New books of fiction can be kept only one week; but there may be one renewal. All other books may be kept four weeks. Renewals may be made by telephone or by postal.

No book shall be transferred, or acknowledged as returned, unless delivered to the librarian.

For each day that a book is kept beyond the prescribed time a fine of one cent is charged.

Borrowers finding books mutilated or defaced should report the fact to the librarian.

NOTE

All persons are respectfully requested to examine the foregoing reports of births, marriages and deaths and report to the Town Clerk any errors or omissions that may be discerned therein, so that the records may be corrected. An error in the record, other than a mistake in copying a certificate or return, can be corrected only in accordance with a deposition under oath made by one who was required by law, to furnish the information for the original record or by one or more creditable persons having knowledge of the case.

(See General Laws, Chapter 46, Section 13 as amended.)

Births occurring late in the year are sometimes returned without the Christian name. In such cases parents should return the name to the Town Clerk as soon as selected, as incompleteness of the record may occasion trouble in the future.

Attention is particularly called to the following extracts from the General Laws:

GENERAL LAWS, CHAPTER 46

Section 1. Each city and town clerk shall receive or obtain and record * * * facts relative to the births * * * in his city or town.

Section 3. Every physician or medical officer registered shall keep a record of the birth of every child in cases of which he was in charge and * * * shall, within fifteen days after such birth, mail or deliver to the clerk or registrar of the town where such birth occurred a report * * * if the child is illegitimate, the name and other facts relating to the father shall not be stated except at the request in writing of both father and mother filed * * * Upon presentation to him of a certificate of the town clerk stating that any such birth has been duly reported, the town treasurer shall pay to such physician or officer a fee of twenty-five cents for each birth so reported * * * A physician or any such officer violating any provision of this section shall forfeit not more than twenty-five dollars * *

Section 4. A member or servant of a family in which a child is born, having knowledge of the facts required * * * shall furnish the same upon request of the clerk of the town * * * or of any person authorized by him. (Penalty for refusing, not more than ten dollars.)

Section 6. Parents, within forty days after the birth of a child, and every householder within forty days after a birth in his house shall cause notice thereof to be given to the clerk of the town where such child is born.

GENERAL LAWS, CHAPTER 207

Section 36. If a marriage is solemnized in another state between parties living in this Commonwealth, who return to dwell here, they shall within seven days after their return, file with the clerk or registrar of the town where either of them lived at the time of their marriage, a certificate or declaration of their marriage including the facts required in a notice of intention of marriage.

Section 55. Whoever violates Section 36 shall forfeit ten dollars.

The Town Clerk hereby gives notice that he is prepared to furnish, parents, householders, physicians and registered hospital medical officers applying therefor, with blanks for return of births as required by law.

CHARLES L. HILDRETH,

Town Clerk.

TOWN CLERK'S REPORT ON DOGS

Number of Dog Licenses issued from January 1, 1946 thru December 31, 1946:

151	Males at \$2.00	\$ 302.00
28	Females at \$5.00	140.00
53	Spayed Females at \$2.00	106.00
1	Military (Male)	
	_	
233	Total	\$ 548.00
	Clerk's fees at 20 cents on 232 Licenses \$ 46.40	
	Paid to Town as per Treasurer's Receipts 501.60	
		\$ 548.00

The attention of owners and keepers of dogs is called to the following extracts from Chapter 140 of the General Laws as amended:

Definition: "License period," the time between April first and the tollowing March thirty-first, both dates inclusive.

Section. 137. A person who at the commencement of a license period is, or who during any license period becomes, the owner or keeper of a dog when it becomes three months old during a license period, shall cause it to be registered, numbered, described and licensed until the end of such license period, and the owner or keeper of a dog so registered, numbered, described and licensed during any license period, in order to own or keep such dog after the beginning of the succeeding license period, shall, before the beginning thereof, cause it to be registered, numbered, described and licensed for such period.——The registering, numbering, describing and licensing of a dog——shall be——if kept in any——town in the office of the clerk thereof.

The license shall be in a form prescribed by the director, upon a blank to be furnished,——by the county in which the town is located, and shall be subject to the condition expressed therein that the dog which is the subject of the license shall be controlled and restrained from killing, chasing or harassing live stock or fowls. The owner or keeper of a licensed dog shall cause it to wear around its neck or body a collar or harness of leather or other suitable material, to which shall be securely attached a tag in a form prescribed by the director, and upon which shall appear the license number, the name of the town issuing such license and the year of issue. Such tags shall

be furnished in the same manner as the license blanks, and if any such tag shall be lost the owner or keeper of such dog shall forthwith secure a substitute tag from the town clerk——at a cost of ten cents which, if received by a town clerk, shall be retained by him unless otherwise provided by law.

Section 139. Fees for licenses. The fee for every license shall, except as otherwise provided, be two dollars for a male dog and five dollars for a female dog, unless a certificate of a registered veterinarian who performed the operation that said female dog has been spayed and has thereby been deprived of the power of propagation has been filed with the town clerk, in which case the fee shall be two dollars. A certified copy of such certificate on file in the office of any town clerk within the commonwealth may be accepted as evidence that the said operation has been performed.——

CHARLES L. HILDRETH,

Town Clerk

ANNUAL TOWN MEETING-FEBRUARY 18, 1946

At a legal meeting of the inhabitants of the Town of Westford, qualified by law to vote in Town affairs, held at the Town House, Monday, February 18, 1946, at one o'clock P. M., the following business was transacted:

Ben W. Drew, Town Moderator, was sworn in by Charles L. Hildreth, Town Clerk, and called the meeting to order.

Rev. Garrett J. Condon, Pastor of St. Catherine's Church, offered prayer.

Voted to dispense with the reading of the Warrant.

The Canvass of the Votes cast at the Town Election, February 11th, made by the Board of Registrars was read by the Town Clerk.

On Motion of Ben W. Drew a rousing vote of thanks was given to Arthur M. Whitley, retiring member of the Board of Selectmen, who had just completed fifteen years of faithful service.

The Moderator read a letter dated September 27, 1945 from the Massachusetts Salvage Committee to the Board of Selectmen, praising the work of the local Salvage Committee and their Chairman. A Certificate of appreciation was presented to Morris A. Hall, Chairman of the Committees.

William R. Taylor, Chairman of the Committee on By-Laws, gave a verbal report.

Article 1. Voted that the Report of the Committee on By-Laws be accepted as a report of progress and that the time for making the Committee's final Report be extended until the next Annual Town Meeting; and further, that said Committee be instructed to file with the Selectmen, on or before January 10, 1947, Articles to be inserted in the Warrant for the next Annual Town Meeting calling for the adoption of such By-Laws as the Committee may propose for adoption by the Town.

Article 2. A Motion was made that the compensation of Town Officers be as follows: Selectmen, Chairman and other Members \$300. each; Board of Public Welfare, Chairman \$20.00, other two Members \$10.00 each; Town Treasurer \$1,500.00; Town Clerk \$400.00; Collector of Taxes \$1,400.00; Tree Warden \$0.53 per hour; Assessors \$5.00 per day of eight hours; Registrars and Assistant Registrars of Voters \$5.00 per day of eight hours for Listing as required by law. Voted to take up the compensation of said Town Officers separately. Voted that the compensation of the Chairman of the Selectmen be \$225.00, the other two Members \$200.00 each; Board of Public Welfare, Chair-

man \$20.00, other two Members \$10.00 each; Town Treasurer \$1,500; Town Clerk \$400.00; Collector of Taxes \$1,400.00; Tree Warden \$0.53 per hour; Assessors \$5.00 per day of eight hours; Registrars and Assistant Registrars of Voters \$5.00 per day of eight hours for Listing as required by law.

Article 3.

- Voted that the sum of \$10,200.00 be raised and appropriated for General Government, divided as follows: Selectmen \$925.00; License Expenses \$75.00; Town Treasurer \$1,850.00; Town Accountant 1,175.00; Assessors \$1,200.00; Tax Collector \$1,750.00; Town Counsel \$300.00; Tax Title Expense \$700.00; Town Clerk \$750.00; Election and Registration \$1,475.00.
- 2. Voted that the sum of \$3,400.00 be raised and appropriated for the General Expenses of the Town Hall.
- 3. Voted that the sum of \$6,775.00 be raised and appropriated for the purpose of defraying the Expenses of the Police Department.

(The Vote on these three bills was unanimous) Total \$87.11; HIGHWAY DEPARTMENT-Machinery Account: Whitney's Repair Shop \$15.20; J. A. Healy & Sons \$17.60; Edwin H. Gould \$6.80; Total \$39.60; INFIRMARY: A. G. Pollard Co. \$4.14; Lowell Electric Light Corp. \$12.57; C. G. Sargent Sons Corp. \$6.50; John C. Bennett \$5.85; Total \$29.06; OLD AGE ASSISTANCE: Chelmsford \$41.66, Lowell \$266.93; Boston \$12.50; Pepperell \$87.03; Dracut \$60.00; Chelmsford \$108.92; Total \$577.04; TEMPORARY AID: Division of Child Guardianship \$289.00; Department of Public Welfare; Boston \$144.00, Lowell \$246.83, Boston \$48.00, Chelmsford \$5.00; Total \$732.83.

Article 1. Voted to again take up Article 1. The Report of the Committee appointed under Article 27 of the Annual Town Meeting held February 19, 1945, was given verbally by Thomas McGrath, Chairman. Voted to accept the verbal Report given under Article 1

and the Reports of the Finance Committee, other Committees, Boards and Officers, as printed in the Town Report.

Article 4. Voted unanimously that the Town Treasurer be authorized, with the approval of the Selectmen, to borrow money from time to time in anticipation of the Revenue of the current financial year and to issue a note or notes therefor payable within one year, and to renew any note or notes as may be given for a period of less than one year, in accordance with Section 17 of Chapter 44 of the General Laws.

Article 5. Voted that the sum of \$10,125.00 be raised and appropriated to meet the Town's share of the cost of Chapter 81 Highways, and that, in addition, the sum of \$18,225.00 be transferred from Unappropriated Available Funds in the Treasury to meet the State's share of the cost of the work, the reimbursements from the State to be restored, upon their receipt, to Unappropriated Available Funds in the Treasury.

Article 6. Voted that the sum of \$1,000.00 be raised and appropriated for Maintenance of Chapter 90 Roads, on condition that like amounts be contributed by either or both state and County respectively, to be used in conjunction therewith, and that, in addition, the sum of \$2,000.00 be transferred from Unappropriated Available Funds in the Treasury to meet the State's and County's share of the cost of work, the reimbursements from the State and County to be restored, upon their receipt, to Unappropriated Available Funds in the Treasury.

Article 7. Voted that the Town authorize the Selectmen to act as its Agent in any suit or suits which may arise during the current year, with authority to settle and adjust claims or demands for or against the Town, and to employ Counsel whenever in their judgment it is advisable so to do.

Article 8. Voted that this Article, to raise and appropriate a sum of money to pay the County of Middlesex the Town's share of the Middlesex County Tuberculosis Hospital, be dismissed.

Article 9. Voted that the sum of \$300.00 be raised and appropriated for the Care of the Whitney Playground.

Article 10. Voted that the sum of \$400.00 be raised and appropriated for Band Concerts during the current year.

Article 11. Voted that the sum of \$1,250.56 be raised and appropriated for the Machinery Fund, and that the sum of \$3,088.19 be transferred from the Machinery Fund to the Highway Equipment Account.

Article 13. Voted that the sum of \$76.13 be raised and appropriated for the purpose of paying into the Contributory Retirement System the Town's portion of the amount which would have been paid into said Retirement System by former Westford Teachers who are now in the Military or Naval Services, all as provided in Section 9 of Chapter 708 of the Acts of 1941, as amended by Chapter 419 of the Acts of 1943.

Article 14. Voted that the sum of \$10.00 be raised and appropriated for Demonstration Work in Agriculture and Home Economics and that a Director be elected, under the Provisions of Chapter 128, Sections 40-45 of the General Laws, as amended. Mabel M. Nixon was elected Director.

Article 15. Voted that the Town accept a gift made to it by the Isabel F. Hyams' Fund, Inc., formerly known as the Solomon Hyams' Fund, Inc., and that the Town Clerk be authorized and directed to extend to said Corporation, the appreciation of the Town for this gift.

Article 16. Voted that the sum of \$2,000.00 be raised and appropriated for the reconstruction of Groton Road, on condition that like amounts be contributed by either or both the State and County to be used in conjunction therewith and that, in addition, the sum of \$6,000.00 be transferred from Unappropriated Available Funds in the Treasury to meet the State's and County's shares of the cost of the work, the reimbursements from the State and County to be restored, upon their receipt, to Unappropriated Available Funds in the Treasury.

Article 17. Voted that the sum of \$680.50 be raised and appropriated for the purpose of purchasing a Stone Spreader for the Highway Department, the same to be purchased under the supervision of Board of Selectmen.

Article 18. Voted that the sum of \$2,000.00 be raised and appropriated for the purpose of purchasing a new Truck for the Highway Department, said purchase to be made under the supervision of the Board of Selectmen.

Article 18A. Voted that the Selectmen be and hereby are authorized to transfer, by a good and sufficient Bill of Sale, Title to the 1937 Ford Truck now used by the Highway Department, and apply the sum received therefrom against the purchase price of the new Truck.

Article 19. Voted that the sum of \$575.00 be raised and appropriated for the purpose of purchasing a new Automobile for the Police Department, said purchase to be made under the supervision of Board of Selectmen.

Article 20. Voted that the Selectmen be and hereby are authorized to transfer, by a good and sufficient Bill of Sale Title to the automobile now used by the Police Department, and apply the sum received therefrom against the purchase price of the new Automobile.

Article 21. Voted that the sum of \$144.00 be raised and appropriated for the purpose of purchasing a new Typewriter for use in the Office of the Board of Selectmen, said purchase to be made under the supervision of the Board of Selectmen.

Article 22. Voted that the Selectmen be and hereby are authorized to transfer, by a good and sufficient Bill of Sale. Title to the typewriter now used in the Office of the Board of Selectmen, and apply the sum received therefrom against the purchase price of the new Typewriter.

Article 23. Voted that a Committee of seven persons be appointed by the Moderator for the purpose of investigating the advisability of constructing a permanent Bandstand on the Common in Westford Center.

Article 24. Voted not to raise and appropriate the sum of \$375.00 for the purpose of purchasing and installing in the Fire House in Westford Center, an Oil Burner.

Article 25. Voted that the Town purchase a parcel of land situated on the Southwesterly side of Broadway and the Northwesterly side of Cross Street in that part of Westford known as Graniteville and supposed to contain 8,639 square feet, said premises being more particularly described in a Deed from the Abbot Worsted Company to Fred S. Healy dated October 21, 1938 and recorded with Middlesex North District Registry of Deeds, Book 920, Page 522, said purchase to be made under the supervision of the Board of Selectmen.

Article 26. Voted that the sum of \$750.00 be raised and appropriated for the purpose of purchasing the parcel of land voted to be purchased under Article 25, and that the further sum of \$50.00 be raised and appropriated for the purpose of defraying the expenses of examination of Title and Recording Fee of the Deed to the Town. William R. Taylor and John S. Creig, appointed Tellers by the Moderator and sworn in by the Town Clerk, counted the Vote which was Yes 90, No 17.

Article 27. A Motion to lay Article 27 on the Table and take up Article 39 was defeated 60 to 52.

Voted that the sum of \$15,000.00 be transferred from the Account entitled Excess and Deficiency for the purpose of erecting, on the land purchased under Article 25, a new Fire House, said new Fire

House to be erected under the supervision of a Committee consisting of the Board of Selectmen, the Fire Engineers and one Member of the Finance Committee, to be designated by the Moderator, said Committee to have full power and authority to obtain such plans and specifications as the Committee deems advisable and to pay for the same out of this Appropriation.

A Motion was made to reconsider Article 27.

A Motion for a recess was defeated.

Voted not to reconsider Article 27.

Article 28. Voted that the Board of Selectmen be and hereby are authorized, in the name and behalf of the Town, to convey, by a good and sufficient Deed, at public auction or private sale, Title to the land situated in Graniteville, with the Building thereon, said Building now being used as a Fire House, for such sum as to the Board of Selectmen may seem advisable.

Article 29. No action was taken under Article 29 as the Vote under Article 28 was in the affirmative.

Article 30. Voted that the Town purchase, for the purpose of enlarging the present Town Dump, a parcel of Land adjoining the present Town Dump containing about seventeen (17) acres, said premises being more particularly described in a Deed from Minot A. Bean to Fred S. Healy dated January 3, 1929 and recorded with Middlesex North District Registry of Deeds, Book 773, Page 459.

Article 31. Voted that the sum of \$170.00 be raised and appropriated for the purpose of purchasing the premises voted to be purchased under Article 30 and that the further sum of \$50.00 be raised and appropriated for the purpose of defraying the expenses of Examination of Title and Recording Fee of the Deed to the Town. This vote was unanimous.

Article 33. Voted that a Committee of five persons be appointed by the Moderator to work in conjunction with the School Committee for the purpose of investigating the advisability of and need for a new School Building, said Committee to make a Report of its findings at the next Annual Town Meeting.

Article 34. Voted that the sum of \$1,300.00 be raised and appropriated for the purpose of constructing a Fence at the Westlawn Cemetery, said work to be done under the supervision of the Cemetery Commissioners.

Article 35. Voted that the sum of \$100.00 be raised and appointed for the purpose of defraying the Expenses of selling land,

Title to which has been acquired or will in the future be acquired, by the Town thru the foreclosure of Tax Titles.

Article 36. Voted that a Committee of seven persons be appointed by the Moderator for the purpose of recommending to the Town, the manner in which and the extent to which, the return of men and women who served in or were affiliated with or associated with the Armed Forces of the United States in World War II should be celebrated, and make a Report of their recommendations at the next Town Meeting.

Article 37. Voted to dismiss Article 37 relative to a Committee to investigate the advisability of accepting the Provisions of Chapter 723 of the Acts of 1945.

Article 38. Voted that the Board of Assessors be authorized to use, as Free cash, a sum of money not to exceed \$15,000.00, said amount to be approved by the Commissioner of Corporations and Taxation of the Commonwealth, and said sum to be applied in determining the Tax Rate for the current year 1946.

Article 39. Voted to dismiss Article 39 relative to a transfer of Funds to create a Stabilization Fund, under the Provisions of Chapter 124 of the Acts of 1945.

Article 40. Voted to accept the minutes of the Meeting.

Article 41. Voted to dissolve the Meeting.

SPECIAL TOWN MEETING—NOVEMBER 12, 1946

At a legal Meeting of the inhabitants of the Town of Westford, qualified, by law to vote in Town affairs, held at the Town House, Tuesday, November 12, 1946, at 8:00 P. M., the following business was transacted:

Ben W. Drew, Town Moderator, called the Meeting to order.

Voted to dispense with the reading of the Warrant.

Article 1. Voted not to authorize the Board of Selectmen to convey a parcel of land, containing eight and one half $(8\frac{1}{2})$ acres, on the Southerly side of the road leading to South Chelmsford and bordering on Baptist Pond.

Article 2. Voted that the sum of \$400.00 be transferred from the Account entitled "Excess and Deficiency" to be added to and used for the purposes for which a sum of money has already been appropriated under Article 18 of the Warrant for the Annual Town Meeting held February 18, 1946.

Article 3. Voted that the sum of \$2,700.00 be transferred from the Account entitled "Excess and Deficiency" to be added to and used for the purposes for which a sum of money has already been appropriated under Article 20 of the Warrant for the Annual Town Meeting held February 19, 1945—said Article having to do with the purchase of a Power Grader.

Article 2. Voted to reconsider Article 2. Amendments of the original Vote were accepted and it was voted "That the sum of \$400.00 be transferred from the Account entitled "Excess and Deficiency" to be added to and used for the purposes for which a sum of money has already been appropriated under Article 18 of the Warrant for the Annual Town Meeting held February 18, 1946. The \$400.00 so transferred is to be added to the \$2,000.00 already appropriated at said Annual Town Meeting for purchasing a new Truck for the Highway Department."

Article 4. Voted that the sum of \$105.47 be transferred from the Account entitled "Excess and Deficiency" to pay the balance due, by law, on Teacher Retirement Assessments, for teachers who served in the Armed Services.

Articlė 5. Voted that the sum of \$3,050.88 be transferred from the Account entitled "Excess and Deficiency" to be used for the purpose of defraying the expenses of the School Department.

Article 6. Voted that the sum of \$1,000.00 be transferred from the Account entitled "Excess and Deficiency" to be used for the purpose of defraying the expenses of the Department of Public Welfare.

Article 7. A Motion was made that the sum of \$6,000.00 be transferred from the Account entitled "Excess and Deficiency" to be added to and used for the purposes for which a sum of money has already been appropriated under Article 27 of the Warrant for the Annual Town Meeting held February 18, 1946 — said Article having to do with the erection of a Fire House at Graniteville for which \$15,000.00 has already been appropriated.

Voted that a written Ballot be taken.

The Moderator appointed eight Tellers to supervise the Balloting and to count the Votes, which was announced as YES 85, NO 117—so the Motion was declared lost.

Article 8. Voted that the sum of \$375.00 be transferred from the Account entitled "Excess and Deficiency" to be used for the purpose of defraying the expenses of Election and Registration.

Article 9. Voted that the Town accept, from the Abbot Worsted Company, the gift of a small triangular parcel of land situated on the Southeasterly side of Abbot Street and the Northeasterly side of Pleasant Street, in that part of said Westford called Forge Village, on the conditions set forth in said Deed, namely, that said land be used for the widening and straightening of said Abbot Street at its junction with said Pleasant Street.

Article 10. Voted to accept the minutes of the Meeting.

Article 11. Voted to dissolve the Meeting.

A True Record, Attest:

CHARLES L. HILDRETH

Town Clerk — Westford

REPORT OF SELECTMEN

To the citizens of the Town of Westford:

A new member Mr. Edward F. Harrington was elected to the Board this year.

At the first meeting of the Board Mr. Arthur L. Healy was appointed Chairman and Dr. Cyril A. Blaney, Secretary.

The Annual Audit was made in March and the report is printed herein.

At the very first meeting the Board wrote the Boston and Maine Railroad regarding the crossing at Forge Village and have been corresponding since then trying to get some new arrangement regarding safety signals. We now feel through the cooperation of the Department of Public Utilities that the matter will soon be straightened out to benefit the citizens of the town.

From time to time the State Inspector has demanded new changes be made; such, as Robot lights have to be installed in the Town Hall requiring quite an additional expense, but which we feel is of great value to the public in case the lights go out.

It was also necessary to increase the Insurance Coverage for the protection of the Town.

We have had representatives here from Boston and Maine Railroad and Eastern Mass. Railway to get better bus service. They have now arranged for service from Forge Village Center over Pleasant and Concord St. to Littleton line, and from North Chelmsford to Nabnasset which is very convenient to the people in these sections.

The Town lines were perambulated with Acton, Groton and Littleton which have to be done every five years.

Respectfully submitted,

ARTHUR L. HEALY
CYRIL A. BLANEY
EDWARD F. HARRINGTON
Board of Selectmen

REPORT OF SUPERINTENDENT OF HIGHWAYS

Board of Selectmen:: Westford, Mass.

The following is my report for the year ending Dec. 31, 1946.

Chapter 81 and General Highway Maintenance:

The usual highway maintenance was carried out during the year. All oiled roads were patched when necessary with bituminous materials during the spring and summer months, and this procedure was carried out into the late fall.

On account of the shortage of help the brush was cut only on bad corners and curves. New metal culverts, catch basins and cement guard rail posts were installed.

Pea stone was used in resurfacing various roads in Town.

Chapter 90 Maintenance:

The usual maintenance of Chapter 90 highways was carried out again this year under the provisions of the allotment. All our chapter 90 roads are in good condition.

Chapter 90 Construction:

On Groton road the Town had allotment for new construction.

The work was to begin at Mrs. Shugrue's residence extending in a Westerly direction toward North street. The State asked for bids on same and Mr. Greenough was awarded the contract as he was the lowest bidder. The State thought it advisable to wait until spring to start the job.

Respectfully yours,

J. AUSTIN HEALY
Supt. of Streets

REPORT OF THE POLICE DEPARTMENT

To the Honorable Board of Selectmen Westford, Mass.

Gentlemen:

I herewith submit my report for the year 1946 for the Police Department.

Report to the Department of Correction has been made.

REPORT OF FIRE ENGINEERS

The board of Fire Engineers submit the following report for the year ending December 31, 1946:

The various Companies responded to thirty-six alarms other than Forest fires; namely, 8 house, 9 chimney, 2 camps, 5 trucks and cars, 2 false alarms, 1 chicken coop, 2 sheds, 3 oil stoves, 1 saw mill, 2 barns, 1 Electric Light pole. 44 forest or grass and 3 dump fires were answered making a total of 83 calls.

The Companies were called in to assist at three drownings and one electrocution.

Repairs were made to the roof of cottage and also back porch. This building should have a coat of paint this year.

Water leak in roof of Fire House at Westford was fixed and ceiling repaired. This building should be refinished inside this year.

The pump on the Forge Village truck, which originally was installed on the old White chassis in 1925, is badly worn and will not meet the Underwriters' requirements. This pump cannot be repaired to pass these tests and should be replaced as soon as possible.

When the present board of Engineers was appointed, one of their first acts was to meet with a representative of the National Board of Underwriters for the purpose of lowering the insurance rates in the Town. At this time the Town had a class D rating.

We were told that the following requirements would have to be met in order to improve this rating:

- 1. A centrally controlled alarm system would have to be installed.
- 2. A person would be required to be on duty at all times to operate the above system.
- 3. Three pumping engines of at least 500 gallons per minute capacity would have to be purchased. One pumper was to be located in each fire station.
- 4. A sufficient amount of hose was to be purchased to eventually have a complete change for each truck.

On the basis of the above requirements the Town was given a Class "C" rating with the provision that the Town would meet these requirements within a reasonable length of time.

In order to complete these requirements a new pumper must be purchased for the Graniteville station.

Plans and specifications were secured for a Fire House in Graniteville and bids were called for. Because of the increase in prices we were unable to build a fire house as all bids were for a larger amount than appropriated. Bids were rejected. We feel that the money should be left as is until such time as the house can be built for this amount.

Respectfully submitted,

EDMUND D. ROGERS,
HAROLD E. WRIGHT,
RICHARD W. HALL,
Board of Fire Engineers.

REPORT OF THE TREASURER

Balance on hand January 1, 1946 Total receipts to December 31, 1946	
Balance on hand December 31, 1946	
	\$397,653.58

Respectfully submitted,

CHARLOTTE P. GREIG.

Treasurer.

REPORT OF FOREST WARDEN

To The Board of Selectmen, Westford, Mass.

Dear Sirs:

There were two large brush fires this year. One on West Street and one on Carlisle Road.

One thousand feet of new forestry hose was bought this year for \$300. At the present time the price is \$490 per one thousand feet.

Because of the expected raise in firemen's pay, I am asking \$1800 for this department.

Respectfully yours,

LEO R. LARKIN,
Forest Warden.

REPORT OF FISH AND GAME WARDEN

I hereby submit my annual report as Game Warden for the Town of Westford.

The following is the list of fish and game liberated in Westford for the year of 1946.

LONG-SOUGHT-FOR POND

- 500 Rainbow-9-11 inches
- 500 Browns—9-11 inches
- 250 Brookies-9-12 inches-Spring
 - 50 Browns-15-21 inches

NASHOBA BROOK—(WESTFORD END)

- 600 Brookies-6-8 inches
- 150 Brookies-9-11 inches-Spring

SNAKE MEADOW BROOK

500 Brookies-6-8 inches-Spring

FORGE POND

- 2000 Small Mouth Black Bass-3 inches-July 26, 1946
- 4000 Yellow Perch-4-5 inches-November 6, 1946
 - 35 Yellow Perch-7-9 inches
- 500 Horned Pout-6 inches
- 400 Calico Bass-4-5 inches

KEYES POND

- 1000 Horned Pout-4-5 inches-November 2, 1946
- 3000 Yellow Perch-3 inches

NABNASSET POND

- 4800 Horned Pout-4-5 inches-November 2, 1946
- 1200 Yellow Perch-3 inches
- 2000 Small Mouth Black Bass-3 inches-July 26, 1946

BURGESS POND

- 1000 Horned Pout-4-5 inches-November 2, 1946
- 3000 Yellow Perch-3 inches

TOWN OF WESTFORD COVERS

45 Pheasants—12-16 weeks old—September-October, 1946

In addition to what fish that are listed above, the Lowell Sportsmen's Club put about 1000 Rainbows into Long-Sought-For Pond this fall through the Federal Hatchery at Nashua, N. H.

This year two arrests were made for the carrying of firearms on Sunday. The defendants were tried and found guilty in the Ayer Court.

May I take this time to thank all for their cooperation.

Respectfully submitted,

EDMUND L. PROVOST,

Game Warden for Westford.

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

As Sealer of Weights and Measures for the Town of Westford I submit the following report for the year 1946:

Number of Platform Scales over 10,000 lbs	3
Number of Platforms Scales under 5,000 lbs	29
Number of Counter Scales under 100 lbs	17
Number of Spring Scales under 100 lbs	16
Number of Spring Scales over 100 lbs	15
Number of Computing Scales under 100 lbs	9
Number of Weights Sealed	91
Number of Gasolene Meters Sealed	15
Number of Gasolene Pumps Sealed	1
Number of Quantity Measures on Pumps	15
Number of Kerosene Pumps	5
Number of Grease Measuring Pumps	3
Number of Vehicle Tank Sealed	2
Number of Liquid Measures	
Total	227

Respectfully submitted,

ALBERT A. HILDRETH,
Sealer of Weights and Measures.

REPORT OF THE BOARD OF HEALTH

Following is the report of the Board of Health for the year ending December 31, 1946:

The usual pre-school clinics for vaccination and diphtheria toxoid injections were held. In addition the Board held extra clinics in order to give those children, previously immunized against diphtheria, complete protection by an additional diphtheria toxoid injection. Various clinics were held to determine the health of pre-school children by the Visiting Nurse Association under the auspices of the Board of Health.

Periodic inspections of milk and dairies were made during the year, and the general sanitation of the dairies and milk supply showed a marked improvement.

A new car was purchased for the use of the Public Health Nurse during this year, using the old car as part payment.

Strenuous endeavors were made to procure a school dentist during the year, with no result, due to shortage of dentists, and conditions over which the Board had no control.

The work and cooperation of the Public Health Nurse during the year was highly commendable as shown in her report to follow.

Respectfully submitted,

CYRIL A. BLANEY, M. D.,

Chairman

DWIGHT W. COWLES, M. D., RALPH E. COLE, M. D.

Secretary

REPORT OF THE PUBLIC HEALTH NURSE

January 13, 1946

Cyril A. Blaney, M.D. Chairman, Board of Health, Westford, Massachusetts

Dear Sir:

Following is the report of the Public Health Nurse from January 1, to December 31, 1946:

Absentees from school visited in their homes	295	
Children taken home from school because of illness	40	
Children taken to school physician	40	
Contagious disease cases visited	123°	
Nursing visits	159

TEMPORARY AID

Appropriated	\$	\$ 14,250.00
Expended—Infirmary Temporary Aid	\$ 9,305.75 4,943.93	
Total Expended		\$ 14,249.68
Balance Amount Received from:		\$.32
State	\$ 138.79	
Other Towns	147.40	
Total Received		\$ 286.19

The present case load on Temporary Aid is four cases comprising eight persons. There have been five Westford-settled persons at the Tewksbury Infirmary during the year which cost \$823.50. Three children are being cared for by the Division of Child Guardianship amounting to \$770.00, and Out-of-Town relief totalled \$91.90 for the year. There are eight inmates at the Infirmary at this time. Four of these are boarded here by other towns at \$9.00 per week.

The following is the case load of the department by months:

January	6
February	6
March	5
April	4
May	4
June	4
July	3
August	3
September	3
October	3

Expended	\$	29,082.13
Deficit December 31, 1946		54.76
Administration Received—Federal		416.98
AdministrationExpended		416.98
Received from State		10,667.19

The case load on Old Age Assistance increased during the year ending with 62 cases. Changes in the law regarding children's liability became effective January 1, 1946 and this provided for a higher exemption for children before they have a legal liability to support their parents. This change in law however does not affect the basic responsibility of the Board of Public Welfare to determine the ability

of children to assist their parents financially. Beginning October 1, 1946 the Federal Government matching increased from one-half up to \$40.00 spent on each case to one-half up to \$45.00. Two-thirds is received from the state on remaining settled cases, and total reimbursement on unsettled cases. The following is the monthly case load:

January	59
February	57
March	58
April	57
May	60
June	63

REPORT OF THE MIDDLESEX COUNTY EXTENSION SERVICE

Food Production was of the utmost importance during 1946 and the main effort of the Extension Service was along this line. Through meetings, radio, farm and home visits, county bulletin, news releases and calls in person and by telephone at the office, assistance was given to as many people as possible.

Fruit growers this year were interested especially in knowing more about frost damage and its prevention and the latest materials to use in spraying to overcome insects and diseases. Because of the wet season, there was a severe infestation of scab and growers required all the assistance possible to produce a good quality crop. Twilight meetings of interest to local growers were held in various parts of the county. Information was sent out to local papers and through town libraries as well as over the radio to help all those interested in home gardens.

Three projects were emphasized to assist those interested in poultry—namely, Better Use of Ranges; Brooding and Rearing; Disease Control and Sanitation.

Of interest to dairymen, the Selective Breeding Association and the Herd Improvement Association were developed and expanded during the year.

Because of the many food shortages experienced during the year, homemakers were given assistance to help them in problems in feeding their families the right foods essential to health despite the shortages. Demonstrations and illustrated talks were given on: When Meat is Scarce; Sugar-Saving Desserts; Use of Available Foods; Oil-Sparing Salad Dressings. Homemakers were interested in clothing renovation and Short Cuts and Speed Tricks in clothing construction. Food preservation was the main project followed during the summer to assist homemakers in the best procedure to insure satisfaction in home canning and preparation of foods for freezing.

4-H Club work was carried on under the direction of the 4-H Committee of which Mrs. Willard Moore was chairman, who also made home visits to agricultural club members during the summer. Clothing clubs were led by Mrs. Mary Van Norden, Mrs. Dorothy Mann, and Miss Ethel Cleary. Peter Perry completed his twentieth year as a leader of a handicraft club at school. There were two agricultural clubs—one at the Frost School and one at the Academy, which met once a month in school time with the County Club Agent.

These clubs were for boys interested in gardening, poultry, and livestock, Mrs. Moore was one of four mothers who made Camp Middlesex possible this past summer by being the cook for two weeks. George Fletcher was awarded \$5. by the Massachusetts Society for Promoting Agriculture on his dairy work, while Lawrence Shea received \$5. on his pig club work from the same organization. George Fletcher was also awarded a prize by the Middlesex North Agricultural Society on garden work. Edwin Nixon did the outstanding work in the town, being the county winner in the National Poultry Contest, for which he was awarded a medal and a \$25. Savings Bond. He was awarded a prize by the Middlesex North Agricultural Society on his garden work and was first prize winner in a State Poultry Judging Contest held at State College and a member of the county team, which was second. He was third in the Boston Poultry Show Judging Contest. He exhibited a dozen eggs at Worcester and was awarded the sweepstakes prize, receiving \$8. and 25 baby chicks on one dozen eggs.

MRS. WARREN NIXON.

Director.

REPORT OF THE WESTFORD PLAYGROUND COMMITTEE

There has been no change in the routine activities of this Committee since the last annual report.

Care and upkeep of the Lawns and shrubbery, as well as Tennis Court and Baseball field has been attended to in the usual efficient manner of Mr. John D. Peterson whose long service merits our commendation.

The financial report of your committee is shown in the Town Accountants record.

New equipment for the Tennis Court, painting the flag pole and fixing up the baseball diamond were additional items of expense this year.

Increased labor costs are items of additional expense that your committee may have to deal with during the ensuing year.

JOHN FISHER, CHARLES L. HILDRETH, MORRIS A. HALL. Whitney Playground Committee.

Westford, Massachusetts, January 20, 1947

Commonwealth of Massachusetts. Middlesex, ss.

Net Loss for the year ending December 31, 1946

Then personally appeared William R. Taylor and made oath that the above is a true statement of the cost of construction of the Westford Water Company to December 31, 1946 and of the Receipts and Expenditures from January 1, 1946 to December 31, 1946, before me, WINTHROP W. SARGENT.

Notary Public.

REPORT OF JOINT COMMITTEE TO INVESTIGATE THE NEED OF NEW SCHOOLS IN WESTFORD

The Committee centered its inquiry around three questions:

- 1. What is the physical condition of our school building?
- 2. Is the available space adequate for a good school program?
- 3. Will the present buildings be adequate five or ten years from now?

It has obtained the data presented below through interviews with the school principals, a thorough investigatory tour of the Academy building, and through Committee discussions.

What is the condition of our present plant?

Our school buildings are in about as good condition as the age and type of structure permits. All buildings are relatively old, being built about fifty years ago though remodelling was done at the Academy in 1927, Cameron School in 1927, Frost School in 1938, and Sargent School in 1924.

Is the available space adequate for a good school program?

The answer to this question for the Academy is definitely negative. In the elementary schools the answer is mostly in the affirmative.

Academy

Here we find a building which was built for an enrollment of about eighty pupils serving an enrollment of one hundred eighty-six today. This building is definitely over-crowded and will be more so in the near future.

Classrooms

There are only four good classrooms. In addition there is a small laboratory and three improvised classrooms which were made by partitioning the old gymnasium on the third floor. None of the latter can be called adequate.

Areas and capacities of various rooms:

Room	Dimensions	Pupil stations
1	Sup'ts office	
2	small conference room	
3	32 x 25	35
4	32 x 25	35

5	32 x 25	35
6	32 x 25	35
7	small laboratory	
8	commercial room	18
9	24 x 18	25
10	25 x 25 (available space)	25
	Total	208

Lunch rooms

No space is available for a lunch room. Pupils bring their lunches and eat them in the classrooms. A cafeteria is badly needed as only a handful of pupils live near enough to go home for a warm lunch.

Study halls

The only space available for study purposes is the gymnasium-auditorium. This forestalls any chance of having physical education classes and seriously interferes with the use of the room for school assemblies, athletics, music, dramatics, and other school activities where an auditorium is needed.

Gymnasium

The gymnasium is inadequate. The floor space would serve fairly well if other space were available for seating the spectators who attend athletic games. The crowded conditions at basketball games create serious problems for which there is no solution other than the banning of all spectators except the Academy pupils. Inasmuch as a large part of the athletic program is financed through basketball game admissions, such action would create financial difficulties and also be next to impossible to enforce.

One of the greatest drawbacks in the present gymnasium is the impossibility of shutting it off from the rest of the building thus making adequate policing next to impossible. The same toilet facilities are used by both teams and the general public, and access to them is possible only through the team locker rooms, an intolerable situation with a large crowd.

Locker and shower rooms

Shower and locker rooms are altogether inadequate. Visiting and home teams have to use the same locker room which is too small for even one team. Only two shower stalls are available, six or eight are needed. These rooms are impossible to heat in the cold weather. The above describes both the boys' and girls' facilities.

Domestic science rooms

There is a real need and demand for courses in domestic science subjects. At present there isn't a room that can be made available for these courses.

Manual arts

Many of our pupils need prevocational training. No space is available.

Cameron School

For the most part space is available in this building. The building can care for 240 pupils. The present enrollment is 161 pupils housed in eight rooms.

The one big lack in Cameron School is the absence of auditorium space. It is important to hold school assemblies on various occasions for various purposes but such gatherings are impossible in Cameron School as no large room is available.

Sargent School

This building has eight rooms with a capacity of 240 pupils and has an enrollment of 202. In general this building is fairly adequate.

Frost School

Frost School has six rooms, none of which should house more than 25 pupils. Thirty or more pupil stations are jammed into these classrooms and when fully occupied make the rooms uncomfortably crowded.

The problem in Frost School is the housing of eight grades in six rooms. When any two classes, such as grades 3 and 4, have over 15 pupils in each, it becomes next to impossible to seat the children. A run of relatively large consecutive classes would create serious difficulties and such may well happen.

Nabnasset

This building has two excellent classrooms each capable of seating thirty pupils.

Will the present buildings be adequate five or ten years from now?

In all probability this question can be answered in the affirmative in Sargent and Cameron Schools. In the Academy and Frost Schools the answers are definitely negative.

The Academy building has a maximum homeroom seating space of 208 pupils without further cutting down the already limited working space. The present registration in lower grades indicates an Academy enrollment of 236 pupils five years from now. Westford is due to grow as a residential town and any growth at all will create an enrollment jam that cannot be handled in our present Academy building.

The present enrollment of 186 pupils is close to maximum seating conditions and a few more pupils will create an intolerable situation in the scheduling of rooms for classes.

Enrollment by grades October 1, 1946

Grade	1	2	3	4	5	6	7	8	9	10	11	12	PG	Totals
Cameron	13	20	25	24	23	17	21	18						161
Frost	21	28	22	20	16	17	19	12						155
Sargent	20	28	31	28	26	28	22	19						202
Nab.	8	9	5											22
Academy									53	49	42	38	4	186
	_	_	_	_	_	_	_		_	-	_	_		
Totals	62	85	83	72	65	62	62	49	53	49	42	38	4	726

Frost School has six classrooms housing eight grades. A continued entering class of twenty-five pupils for three years would make it impossible to crowd eight grades into this building.

Conclusions

- 1. More schoolroom space is needed now and will be needed badly in the near future as Westford increases in population.
- 2. Several additions to the school program are needed; manual arts, domestic science, a cafeteria, and better gymnasium facilities. None is possible under the present conditions.
- 3. While it was not the duty of our Committee to plan a building or school program, our discussions constantly arrived at the need for concentrating our school facilities. The anticipated crowding at Frost School could be averted by the construction of a six-year secondary school.
- 4. A building committee should be appointed at once as it will take several years to prepare adequately for a new building. Good planning is important and should be carefully done.

REPORT OF CEMETERY COMMISSIONERS

The Westford Cemetery Commissioners submit the following report for the year ending 1946.

The fence at Westlawn Cemetery has been completed at an expense of \$1117.75. We have taken in the additional land belonging to the Cemetery and have graded and seeded same.

The other Cemeteries have been taken care of as well as possible under the prevailing labor situation.

SEBASTIAN WATSON, Chairman FRED R. BLODGETT AXEL G. LUNDBERG Cemetery Commissioners

REPORT OF THE TRUSTEES OF THE EMILY F. FLETCHER LECTURE FUND

To the Citizens of Westford,

The bequest received by the town in 1923 from Miss Emily F. Fletcher for lectures on Natural History and Travel enabled the Trustees to present Martin K. Bovey on the afternoon and evening of May the eighth when he showed his colored movies and told of his experience with a pack train in Alberta. These two lectures which he had entitled Timber Line were held in the Westford Town Hall. An audience of one hundred and fifty children enjoyed the privilege of hearing Mr. Bovey due to the efforts of Mr. Sweatt, Superintendent of Schools and the cooperation of the bus drivers. The beautiful pictures of mountain peaks, Alpine flowers, birds and animals gave pleasure to all those who attended and the talks were much in accordance with Miss Fletcher's wishes in leaving the bequest.

Fee of Martin K. Bovey \$125.00.

Receipts from the lectures \$26.65.

Minor expenses \$30.07.

Respectfully submitted,

- Art. 4. It is recommended that the Town Treasurer, with the approval of the Selectmen be authorized to borrow money from time to time in anticipation of revenue.
 - It is recommended that the gift in this Article be accepted and that a vote of appreciation be extended Art. 12.
- The purchase of an oil burner at the Westford Fire House is not recommended for the savings resulting do not seem to warrant the expense at this time. Art. 17.
 - This article is not recommended by the Finance Committee. Art. 26.
- It is recommended that the gift of land and the war memorial in Graniteville, as provided under this article, be accepted by the Town and a vote of appreciation be extended to the donors. Art. 30.
 - This article is recommended by the Finance Committee. Art. 31.
- rt, 32. This article is recommended by the Finance Committee.
- This article is not recommended by the Finance Committee as it is the belief that the Excess Deficiency account should be utilized for Capital expenditures rather than for current expenses. Art. 33.
- Finance Committee recommends that in the event of the passage of a new set of By-Laws, that they be published. Art. 35.
- This article is recommended by the Finance Committee only because it is a state law.

If the above recommendations of the Finance Committee are adhered to the tax rate will approximate per thousand dollars of valuation. For every appropriation increase of \$1,000.00 the tax rate will increase approximately 261/2 cents.

Respectfully submitted,

E. KENT ALLEN, Chairman W. OTIS DAY HERFORD N. ELLIOTT EVERETT SCOTT ALBERT FORTY JOHN L. SHEA

TOWN OF WESTFORD WARRANT

COMMONWEALTH OF MASSACHUSETTS,

Middlesex, ss

To the Constable of the Town of Westford, in said County,

GREETINGS:

You are hereby required, in the name of the Commonwealth, aforesaid, to notify and warn all the inhabitants of said Town qualified to vote in elections, and also in Town affairs, to meet at their several polling places, viz:

PRECINCT 1. Town Hall, Westford Center

PRECINCT 2. Abbot Hall, Graniteville

PRECINCT 3 Nabnassett School, Brookside

PRECINCT 4. Abbot Hall, Forge Village

MONDAY, FEBRUARY 10, 1947

being the second Monday in said month, at 12:00 o'clock noon for the following purposes:

To bring in their votes for the following officers:

For Three Years

One Selectman

One Member of the Board of Public Welfare

One Assessor

Two Members of the School Committee

One Member of the Board of Cemetery Commissioners

One Trustee of the Public Library

One Member of the Board of Health

One Treasurer

One Collector of Taxes

For One Year

One Moderator

One Constable

One Tree Warden

And to vote upon the following question: "Shall the provisions of Section forty of Chapter seventy-one of the General Laws as amended, relative to equal pay for men and women teachers be in force in this Town?"

All on one ballot.

The polls will be open from 12 o'clock noon to 8 P. M., and to meet in the Town Hall at Westford Center on the following

MONDAY, FEBRUARY 17, 1947

- at 1 o'clock in the afternoon, then and there to act upon the following articles, viz:
- ART. 1. To hear the reports of Town Officers and Committees; or act in relation thereto.
- ART. 2. To determine the salary and compensations of elected officers and officials as provided by law.
- ART. 3. To appropriate money to meet the costs and expenses of the following departments, officers and purposes:
 - 1. General Government
 - 2. Town Hall
 - 3. Police Department
 - 4. Fire Department
 - 5. Hydrants
 - 6. Sealer of weights and measures
 - 7. Fish and Game Warden
 - 8. Forest Fires
 - 9. Town Forest
 - 10. Tree Warden
 - 11. Moth Department
 - 12. Health Department
 - 13. Cattle Inspector
 - 14. Highway purposes
 - 15. Department of Public Welfare
 - 16. Soldiers' Benefits
 - 17. School Department
 - 18. Vocational tuition
 - 19. Public Library
 - 20. Care of Common
 - 21. Commemoration on Memorial Day
 - 22. Publishing of Town Reports
 - 23. Compensation Insurance
 - 24. Fire Insurance
 - 25. Interest on Revenue Loans
 - 26. Cemeteries
 - 27. Street Lights
 - 28. Finance Committee Reserve Fund
 - 29. Unpaid bills of previous years.
- ART. 4. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the current financial year and to issue a note or notes therefor payable within

- one year, and to renew any note or notes as may be given for a period of less than one year, in accordance with Section 17 of Chapter 44 of the General Laws; or act in relation thereto.
- ART. 5. To see if the Town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for Chapter 81 Highways; or act in relation thereto.
- ART. 6. To see if the Town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for Chapter 90 Highway maintenance; or act in relation thereto.
- ART. 7. To see if the Town will authorize the Selectmen to act as its agent in any suit or suits which may arise during the current year, with authority to settle and adjust claims or demands for or against the Town, and to employ counsel whenever in their judgment it is advisable so to do; or act in relation thereto.
- ART. 8. To see if the Town will vote to raise and appropriate the sum of Three Hundred (\$300.) Dollars, or some other sum, for the care of the Whitney Playground; or act in relation thereto.
- ART. 9. To see if the Town will vote to raise and appropriate the sum of Four Hundred (\$400.) Dollars, or some other sum, for Band Concerts during the current year; or act in relation thereto.
- ART. 10. To see if the Town will vote to transfer a certain sum of money from the Machinery Fund to the Highway Equipment Account; or act in relation thereto.
- ART. 11. To see if the Town will vote to raise and appropriate the sum of Ten (\$10.) Dollars and elect a Director, under the provisions of Section 40 to 45 of Chapter 128 of the General Laws, as amended; or act in relation thereto.
- ART. 12. To see if the Town will vote to accept a gift made to it during the year 1946 by the Solomon Hyams Fund, Inc., or act in relation thereto.
- ART. 13. To see if the Town will vote to raise and appropriate the sum of Two Thousand (\$2,000.) Dollars, or some other sum, for the purpose of reconstructing Groton Road contingent upon the State and County contributing towards the cost of said reconstruction; or act in relation thereto.
- ART. 14. To see if the Town will vote to raise and appropriate the sum of Twenty-Four Hundred (\$2400.) Dollars, or some other

- sum, for the purpose of purchasing a new truck for the Highway Department, said purchase to be made under the supervision of the Board of Selectmen; or act in relation thereto.
- ART. 15. In the event of an affirmative vote under Article 14, to see if the Town will vote to authorize the Selectmen to sell two trucks now used by the Highway Department and apply the sum received therefor against the purchase price of the new truck; or act in relation thereto.
- ART. 16. To see if the Town will vote to raise and appropriate the sum of Four Hundred (\$400.) Dollars, or some other sum, for the purpose of making repairs to and painting the fire house cottage, so called, at Westford Center; or act in relation thereto.
- ART. 17. To see if the Town will vote to raise and appropriate a, sufficient sum of money for the purpose of purchasing and installing an oil burner in the Fire House at Westford Center, said purchase and installation to be made under the supervision of the Board of Fire Engineers; or act in relation thereto.
- ART. 18. To see if the Town will vote to raise and appropriate the sum of Six Thousnad (\$6,000.) Dollars, or some other sum, for the purpose of purchasing a new fire truck having a pumping capacity of five hundred gallons per minute, said purchase to be made under the supervision of the Board of Fire Engineers; or act in relation thereto.
- ART. 19. To see if the Town will vote to raise and appropriate the sum of Twenty-Five Hundred \$(2500.) Dollars, or some other sum, for the purpose of purchasing and installing in the fire truck now stationed at Forge Village a new pump having a pumping capacity of five hundred gallons per minute; said purchase and installation to be made under the supervision of the Board of Fire Engineers; or act in relation thereto.
- ART. 20. To see if the Town will vote to raise and appropriate a sufficient sum of money for the purpose of purchasing five hundred feet, or some other quantity, of new 2½ inch double jacket treated fire hose, said purchase to be made under the supervision of the Board of Fire Engineers; or act in relation thereto.
- ART. 21. To see if the Town will vote to raise and appropriate the sum of Five Hundred (\$500.) Dollars, or some other sum, for the cleaning and maintenance of the several water holes or reservoirs in the various sections of the Town; or act in relation thereto.
- ART. 22. To see if the Town will vote to raise and appropriate the sum of One Thousand (\$1,000.) Dollars, or some other sum, for

- the purpose of celebrating the return of men and women who served in or were affiliated or associated with any branch of the Armed Forces of the United States in World War II; or act in relation thereto.
- ART. 23. To see if the Town will vote to raise and appropriate a sufficient sum of money for the purpose of repairing certain public sidewalks; or act in relation thereto.
- ART. 24. To see if the Town will vote to raise and appropriate the sum of Three Hundred Fifty (\$350.) Dollars, or some other sum, for the control of poison ivy in the Town, the said sum to be expended under the supervision of a Committee of three persons to be appointed by the Moderator; or act in relation thereto.
- ART. 25. To see if the Town will vote to authorize the Selectmen in its name and behalf to enter into a contract with the Westford Water Company for three additional hydrants to be located as follows: One on Pleasant Street between Abbot Street and Patten Road; one near the corner of Brookside Road and Lowell Road; one on Lowell Road easterly from Brookside Road; or act in relation thereto.
- ART. 26. To see if the Town will vote to authorize the Selectmen in its name and behalf to enter into a contract with the Westford Water Company for hydrant service for a period not to exceed five years on such terms and conditions as the Selectmen deem advisable; or act in relation thereto.
- ART. 27. To see if the Town will vote to authorize the Selectmen to install one street light on Oak Hill Road at the intersection of Lake Shore Drive; or act in relation thereto.
- ART. 28. To see if the Town will vote to authorize the Selectmen to install one street light on Oak Hill Road in the vicinity of Tower Road or Grove Street; or act in relation thereto.
- ART. 29. To see if the Town will vote to authorize the Selectmen to install one street light on Coolidge Avenue in Nabnassett; or act in relation thereto.
- ART. 30. To see if the Town will vote to accept a gift from Richard Hall et als of a triangular parcel of land situated on the south-easterly side of Main Street in Graniteville, together with a monument erected thereon in honor of those residents of Graniteville who served in the Armed Forces of the United States during World War II; or act in relation thereto.

- ART. 31. To see if the Town will vote to rescind the action taken under Article 2 of the Warrant for the Special Town Meeting held June 15, 1937 (the action taken under said Article 2 was as follows: "Voted unanimously that the compensation of the regular members of the Fire Department while in the performance of their duties in responding to calls on account of fires, shall be at the rate or One Dollar per hour for the first hour and thereafter at the rate of Sixty Cents per hour, and that of the officers increased in proportion"); or act in relation thereto.
- ART. 32. To see if the Town will vote to accept the provisions of Section 4B of Chapter 136 of the General Laws (This section provides in substance for the granting of licenses by the Selectmen for the operation of bowling alleys on the Lord's Day); or act in relation thereto.
- ART. 33. To see if the Town will vote to authorize the Board of Assessors to use as free cash a sum of money not to exceed Fifteen Thousand (\$15,000.) Dollars, said amount to be approved by the Commissioner of Corporations and Taxation of the Commonwealth, and said sum to be applied in determining the tax rate for the current year 1947; or act in relation thereto.
- ART. 34. To see if the Town will vote to elect at the annual meeting for the year 1948 a Moderator for the term of three years; or act in relation thereto.
- ART. 35. To see if the Town will vote to rescind its By-Laws as adopted at the annual town meeting held February 11, 1924 and any amendments or additions thereto adopted subsequent to that time, and to accept and adopt the following By-Laws, and raise and appropriate a sufficient sum of money for the purpose of printing and publishing the same:

BY-LAWS ARTICLE I.

Town Meetings and the Procedure Thereat

Section 1. The annual meeting for the election of Town Officers shall be held on the third Monday of February in each year. The polls shall be opened at 12:00 o'clock noon and shall remain open until 8:00 o'clock P. M.

Section 2. All business of the annual Town Meeting except the election of such officers and the determination of such matters as by law or vote of the town are required to be elected or determined by ballot shall be considered at said meeting on the Monday following called at 7:00 o'clock in the evening.

- Section 3. Notice of every Town Meeting shall be given by posting an attested copy of the warrant at the Town Hall and each Post Office in Westford at least seven days before such meeting.
- Section 4. Special town meeting shall be called on any day not earlier than seven-thirty o'clock P. M. except that on Saturday it may be called not earlier than two o'clock P. M.
- Section 5. The proceedings of Town Meetings shall be governed by the rules of practice contained in Robert's Rules of Order except as modified by law or by the by-laws.
- Section 6. At any Town Meeting held for the transaction of town business, no person whose name is not on the list of voters shall be admitted to the floor of the hall except those who may be invited by the meeting assembled. It shall be the special duty of the police and election officers to enforce this law by use of the check list; but the same shall not apply to the state election, primaries or meetings for the election of Town Officers, or to be construed to prohibit press reporters from such admission. The Moderator shall determine the bounds of the floor of the hall.
- Section 7. All committees shall be appointed by the Moderator unless otherwise specially directed by the meeting, and all committees so appointed shall be directed to report within a definite time. If a committee does not report within the time stated, or at the first Town Meeting held thereafter, it shall be considered discharged. The Moderator shall not be a member of any commmittee appointed by him.
- Section 8. All motions shall be presented in writing, if the Moderator so requests.

ARTICLE II.

Duties of the Finance Committee

- Section 1. There shall be a Finance Committee of six voters of the Town, no one of whom shall hold an elective or appointive town office having to do with the expenditure of town money. The members of this committee shall be sworn to the faithful performance of their duties, and shall serve without pay.
- Section 2. The Finance Committee shall be appointed by the Moderator. The first committee shall be appointed as follows: Two for one year, two for two years, and two for three years. At the annual meeting in each year thereafter, two members of said committee to serve for the term of three years shall be appointed by the Mod-

erator. The term of office of said members shall commence on March first of the year of their appointment. Said committee shall meet at the call of the Town Clerk and choose its chairman and clerk. The Moderator shall forthwith fill by appointment any vacancies which occur in its membership, and said appointee shall serve for the remainder of this predecessor's term of office.

Section 3. The Finance Committee shall consider matters relating to the appropriation, the borrowing and the expenditure of money by the Town, its indebtedness, the methods of administration of its various offices and departments, property valuation and assessments, and other municipal affairs, and make recommendations to the Town or to any town board, officer, or committee, relative to such matters, also articles in Town Warrants involving the expenditure or appropriation of money and shall approve or disapprove the same in whole or in part, and shall make report to the voters with such recommendations or suggestions as the committee shall deem advisable.

Section 4. The Town Accountant shall immediately upon the close of the financial year compile statements in tabulated form showing the amounts appropriated and the amounts expended from each appropriation during the preceding year, and the estimates for the current year, and shall forthwith furnish a copy thereof to the Finance Committee to consider and report on proposed appropriations. The said committee shall, after due consideration, designate the amounts which in their opinion should be appropriated for the ensuing year, and shall accompany the same with such explanations and suggestions in relation thereto as they may deem desirable for the proper information of the inhabitants. The Selectmen shall bring and distribute this document at or before the Annual Town Meeting and the Town Clerk shall transmit a copy thereof, and of all Town Reports to the Director of Accounts. The committee shall furnish to the Selectmen on or before February first of each year a report of the matters so considered by it with recommendations or suggestions relative thereto, and the same shall be printed in the Annual Town Report.

ARTICLE III

Duties of the Board of Health

Section 1. The Board of Health shall annually make a report to be printed in the Annual Town Report, showing in detail the statistics of the health and sanitary condition of the Town, with recommendations for its improvement, together with a full and comprehensive statement of its work and that of its appointees, during the previous year.

The Board shall make and publish such regulations as it deems necessary for public health and safety, and from time to time shall cause said rules and regulations to be printed in a form suitable for public distribution.

Section 2. They shall have charge of the appropriations for quarantine purposes, in addition to the regular health appropriation, and any special appropriation which may be made by the Town, which concern the health and sanitation of the Town, not specifically entrusted to any other department.

ARTICLE IV

Junk Dealers and Collectors of Junk

Section 1. The Selectmen may license suitable persons to be dealers in and keepers of shops for the purchase, sale or barter of junk, old metals, or second-hand articles; they may also license suitable persons as junk collectors, to collect by purchase, or otherwise, junk, old metals, and second-hand articles from place to place in said Town; and they may provide that such collectors shall display badges upon their persons or upon their vehicles, or upon both when engaged in collecting, transporting or dealing in junk, old metals, or second-hand articles, and may prescribe the design thereof. Fees for such license shall be five dollars (\$5.00).

Section 2, Every such shopkeeper shall keep a book, in which shall be written at the time of every purchase of any such article a description thereof and the name, age and residence of the person from whom and the day and hour, when such purchase was made and such book shall at any time be open to the inspection of the Selectmen and by any person by them authorized to make such inspection.

Section 3. Every such shopkeeper shall allow his shop and all articles of merchandise therein to be at any time examined by the Selectmen and by any person by them authorized to make such inspection, and every such collector shall allow any place, vehicles or receptable used for the collection or keeping of such articles of merchandise to be at any time examined by the Selectmen and by any persons by them authorized to make such inspection.

ARTICLE V

Streets and Sidewalks

Section 1. No person shall suffer horses or grazing beasts or swine to run at large in the Town or to graze within the limits of the highway in the thickly settled parts of the Town; or to graze within the limits of the highway in any other part of the Town unless securely tied.

- Section 2. No person shall throw stones, snowballs, sticks or other missiles, or kick football, or play at any game, in which a ball is used, or fly kites or balloons, or shoot with an airgun, bow and arrow, sling shot or other similar devise. in or across any of the public ways of the Town.
- Section 3. No person shall wilfully or negligently obstruct the free passage of foot-travellers on any sidewalk, nor shall any person loaf upon any sidewalk or in any street or public way of the Town after a request to move made by any constable or police officer.
- Section 4. No person shall break or dig up any sidewalk, street, or highway, or place thereon any staging or other temporary structure, or move any building into or along the same without a written permit from the Board of Selectmen, or the Board having charge of the streets in such cases. Any permit issued hereunder shall be in force for such time as the Board may specify; shall be issued upon condition that from one half hour after sunset until one half hour before sunrise sufficient lights or lanterns shall be so placed as to secure travelers from danger, and shall be issued upon such other conditions as the Board may prescribe. The Board granting such permit shall have the right to revoke the same at any time, and may require a bond either before the commencement of work or during its progress to ensure its proper performance. Any person having such a permit shall, before the expiration of the same, restore the sidewalk, street or highway to its original condition.
- Section 5. No person shall throw or place or cause to be thrown or placed upon any street or highway of the Town, any nails, spikes, screws, glass, tin cans or any rubbish or refuse of any kind.
- Section 6. No person shall deface or damage any public monument or damage any public grounds or property.
- Section 7. No person shall ride, drive or cause to be driven, any horse, or vehicle over that part of any street which is being mended, repaired or paved, if a watchman or signs are placed prohibiting the same.
- Section 8. The Selectmen shall have the right to close any street or highway or portion thereof to coasting.
- Section 9. No vehicle shall be driven or moved on any street or highway nor shall any owner of any vehicle knowingly permit such vehicle to be driven or moved on any street or highway unless such vehicle is so constructed, or so loaded, as to prevent its contents from spilling, dropping, sifting, leaking or otherwise escaping therefrom. Vehicles loaded with any material which may be blown about

by the wind shall be suitably covered to prevent the contents from being blown about the streets and highways.

ARTICLE VI

Legal Affairs

Section 1. The Selectmen shall, with the assistance of Town Counsel, institute, prosecute and defend any and all claims, actions and proceedings to which the Town is a party or in which the interests of the Town are or may be involved.

Section 2. The Selectmen may, subject to the approval of the Town, settle any claim or suit made or instituted by them in behalf of the Town. They may compromise or settle any claims or suits against the Town, provided an appropriation by the Town for the payment of such compromise or settlement has first been obtained.

ARTICLE VII

Penalty

Section 1. Whoever violates any of the provisions of these By-Laws shall be punished with a fine of not more than twenty dollars for each offense unless specifically provided otherwise herein.

ARTICLE VIII

Amendments

Section 1. These By-Laws may be repealed or amended at any annual Town Meeting or at any other Town Meeting an article or articles for such purpose having been inserted in the warrant for such meeting.

ARTICLE IX

Repeal

Section 1. These By-Laws shall go into effect upon their acceptance by the Town and their approval and publication in the manner required by law, and all the By-Laws or votes of the Town inconsistent with these By-Laws are hereby repealed, or act in relation thereto.

ARTICLE 36. To see if the Town will vote to raise and appropriate a sufficient sum of money for the purpose of defraying the expenses of the Department of Veterans' Services, including the compensation of the Director of Veterans' Services, as provided in Chapter 599 of the Acts of 1946; or act in relation thereto.

And you are directed to serve this warrant by posting up true and attested copies thereof at the Town Hall and at each Post Office in said Westford, seven days at least before the time of holding said meeting.

Hereof fail not, and make return of this warrant, with your doing thereon, to the Town Clerk, at the time and place of holding the first meeting aforesaid.

Given under our hands this twenty-ninth day of January in the year of our Lord, 1947.

REPORT OF THE SCHOOL COMMITTEE

Citizens of Westford Westford, Massachusetts

The Superintendent's report which follows has been read and accepted by the School Board.

The Board is asking for the sum of \$102,600 with which to operate the public schools during 1946-1947 and the sum of \$800 for vocational tuition. A copy of the 1947 budget may be obtained at the office of the Superintendent of Schools.

Only one new member, Mr. Edgar Peterson, was elected to the Board this year.

Respectfully submitted,

FREDERICK W. GATENBY,

Chairman.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Westford School Committee:

It is with mixed emotions that I submit this my last annual report. Naturally, I am happy to accept the challenge of my new position but my associations in Westford have been so happy that I can't help regretting leaving such a fine town.

In the years I have served as your superintendent I have worked on the assumption that Westford people want good modern schools. There have been few times during those years when I have doubted the soundness of that assumption, for Westford citizens have constantly supported efforts to have better schools. But occasionally one hears some individual say, "We are spending a lot of money for our schools and we don't have anything." In this report, therefore, I shall review our school program for the benefit of the few citizens who utter that all too embracing generality "we don't have anything," and also for those citizens who are aware of what has been accomplished and are proud of that accomplishment.

PART I

WHY DO WE HAVE SCHOOLS?

Education is that process by which society constantly seeks to renew itself. It is a continuous process begun at birth and continued through life, and everything in the environment may contribute to one's education — the family, church, school, butcher, baker, or candlestick-maker.

The school is only one factor in the educational process but it is a vital one. It is the centralizing agency set up by society through which the many influences of an environment that contribute to an individual's education may be assessed, given perpective, and, if necessary, re-directed in the light of a common goal. The major items making up this common goal are: vocation, personal development, and citizenship.

VOCATION

Everyone needs to develop proficiency in some vocation whatever it be, home-maker, doctor, or engineer. The nation cannot survive without an abundance of well-educated, skilled workmen, technicians, and engineers. It is rather generally admitted that the schools should give this vocational training but there is some question as to what schools should provide it. The danger in the emphasis on vocational training is that the other two factors, personal development and citizenship, may be neglected.

PERSONAL DEVELOPMENT

The most important educational item among those pertaining to self is character. Knowledge, health, and appreciation of fine things are desirable for good living but character is essential. For good living one must have a code built on a firm foundation of what God and Time have shown to be good. Possession of such a code gives a person character.

Character is essentially those knowledges, attitudes, habits, appreciations, insights, and actions concerning the science of good and evil. The person who possesses character is one who has definite standards, "a philosophy of life, a principle by which to judge and rule" his life. It is the duty of the school to help the individual acquire a philosophy of living that serves as an ideal to guide his life, and, through him, national life. Richard Livingston expresses it thusly: "Education, that maid-of-all-work, has set her hand to as many duties as a general servant. But two things she could give everybody before her work is complete — an intellectual attitude of life and a philosophy of life. I would define the right intellectual attitude as threefold; to find the world and life intensely interesting; to wish to see them as they are; to feel that truth, in Plato's words, is both permanent and beautiful. And a philosophy of life? The right intellectual attitude to life is already a partial philosophy of it. It is complete, if you extend it to cover Goodness, Truth and Beauty, and define Goodness to cover those words which have been trumpet-calls to many generations, and, once sounded by unknown men far back in history have been borne around the world on waves of the spiritual air, now loud, now low, but never wholly silent: Love, justice, courage, self-mastery, mercy, liberty-". "The fundamental task of education is to put into the mind some idea of what these things are, some desire to pursue them."

There was probably never a time when firm character, individual and national, was so needed as today. Our way of life is changing so fast that the speed of that change frightens people. It is well that it does for it makes us realize the necessity of striving for goodness, in individual and national life.

CITIZENSHIP

Individuals are born citizens only in a legal sense. They must be trained in the knowledges, duties, attitudes, understandings, and obligations of citizenship. Such training should be as far as the school is concerned a major part of the school program and it can best be done by organizing the entire school program to provide it. Here is one phase of education where learning by doing is a must.

In citizenship, as in many other things, the public school is asked to do the impossible. No public school can fully train citizens. Learning by doing implies action but only adults can participate in the machinery of government. While elementary principles of citizenship can be taught in school, where the life of the school is organized to this end, the real training in citizenship can only be given on the adult level.

Citizenship training on any level must include three elements: knowledge of the structure of the state and the foundation of the parts of the structure; a vision of what society may be; and a sense of being a part of the state, a feeling of belonging. Knowledge is needed but even more is vision needed so that knowledge can be used for the good of man. Even of greater importance is the necessity for one to feel he belongs and is important to his state.

HOW WELL ARE WESTFORD SCHOOLS MEETING THE PURPOSES FOR WHICH WE HAVE SCHOOLS?

VOCATIONAL TRAINING

Vocational training is an area in which our school program is far from adequate. Naturally, this is a secondary school problem and not an elementary one. Only in the field of commercial education can we claim to be offering training that has immediate use in earning a living.

Commercial instruction in Westford Academy consists of two years of typing, two years of stenography, and one year of book-keeping. These subjects are taken in addition to the required courses in English and social studies, together with elective courses in science or foreign language.

A bright girl who is willing to work hard can graduate from the above program with good secretarial ability. Those graduates whom we have recommended highly to employers have consistently done well.

In specialized training as in other fields not all individuals learn as rapidly as others. Our policy has been to discourage pupils from taking Stenography II if their work in Stenography I is unsatisfactory. These pupils may continue their typing instruction thereby fitting themselves as office clerks.

Our vocational instruction should include more prevocational work. There is considerable doubt that the intensive vocational training should be given in schools as small as ours. On the other hand, it is generally agreed that prevocational training is in order. This training should be in manual arts and domestic science, possibly followed by intensive study at the Lowell Vocational School. However, until adequate space is made available it will be impossible to improve vocational training as the Academy building is inadequate for even the present secondary program.

PERSONAL DEVELOPMENT

It is to be expected that in a New England town like Westford, great emphasis would be placed on individual development and such is the case. Great pride is taken in pointing to the graduates of our schools who have lived well, who have succeeded in life. This is all to the good and the emphasis along this line continues to be an important part of the school program. The program includes training in the knowledges, skills, habits, insights, appreciations, and attitudes which, if tied together into a "habitual vision of greatness", give a person standards by which to govern his life.

KNOWLEDGE AND SKILLS

Instruction in the following subjects is given in the elementary grades and Academy:

Reading

Instruction ranges from teaching the elements in Grade One to the study of Literature in Grade Eight.

Arithmetic

Teaching emphasis ranges from functional instruction in arithmetical concepts in Grade One to the practical application of arithmetical skills in Grade Eight.

Social Studies

In Grade One instruction is centered around concepts involving the home. In Grades Four, Five, and Six instruction is given in geography and history on a world and hemisphere basis. In Grade Eight instruction is concentrated on United States History.

Language

The titles of the language texts indicate the instructional emphasis:

515.		
Let's Talk	Grade	2
Making Words Work	Grade	3
Gaining Skill with Words	Grade	4
Sharing Experiences	Grade	5
Communicating Ideas	Grade	6
Making Meanings Clear	Grade	7
Expressing Ideas Clearly	Grade	8

Spelling

Instruction in spelling is given in all grades.

Writing

Instruction in cursive writing is carried on from Grade One through Grade Eight.

Science

Science instruction in the lower grades is informal. In Grades Five and Six the emphasis is on health. The work in Grades Seven and Eight is in general science preparatory to the Academy science program.

Music

Instruction is given in all grades where teachers are available.

Art

The emphasis on all grade levels is on creative expression. The teacher's task is to motivate the work. Paint, charcoal, clay and paper are the media used. No copying is allowed.

Physical education

Such instruction as we have is in directed playground activities and inter-school games.

^{1.} There must be a pupil enrollment of at least 10 before a class section in any subject will be formed.

The important thing in any program is the way and manner in which the instruction is given. In my 1944 report I outlined certain points of view concerning instruction in skills and knowledges which hold true today. At that time, I wrote:

"Knowledge and skills are not acquired by pupils at an even rate or with equal ease. Often instruction that has meaning and value to one child in Grade Three, for example, will be meaningless and valueless to another child until a later grade. Pupils often go through the motions, write the papers, do all the exercises, but never really know what they are doing. The following story illustrates the point: Several years ago an Eighth Grade boy was working with me building a table. He was told to measure a piece of lumber 32 3/8" long. Noticing that he was having trouble, I discovered that he did not know how to use the fractions of an inch in a functional way. I showed him how to use the carpenter's rule. His face lit up and he explained, "I never knew that was what fractions were." That boy could compute, add, subtract, and divide fractions but he did not understand fractions. Troubles of this sort could be avoided if our instruction was more functional and within the experience level of the pupil."

"Westford teachers are aware that we must take a pupil where he is educationally. The old excuse, "He should have learned that in Grade Three, Six, or Eight" no longer applies. Maybe he did have an opportunity then but if he did not learn the work there is only one thing an intelligent teacher can do and that is to teach it again. No longer can an upper grade teacher say, "That is Third Grade work. That is none of my business." No longer can high school teachers honestly say of the boy who reads poorly or who cannot spell, "That is the work of the grade school. I teach mathematics, or English, or Science." The thinking teacher no longer talks this way. She says, "What can I do to assist the pupil?" Then she puts in many hours trying to help him. There is no one place in the educational ladder where all pupils learn the same thing. As I said above, learning is a complicated process and the rate of learning is very uneven with different pupils."

"I believe that if we are to get greater mastery of abilities and knowledge we must first make our instruction more functional and secondly, recognize that pupils do not learn at the same rates. If we can accept this idea, we will no longer think in terms of passing Grade Seven, or chemistry, or senior English. We will think in terms of learning; that is, acquiring skills and knowledge useful in our everyday lives. If a pupil is too old to be assigned to Grade Eight, he should be placed in the Academy and given instruction in the skills and knowledges deemed best suited to his needs. If he is a poor reader, this means reading instruction. If he cannot think mathematically, this means instruction in arithmetic, not algebra."

"I hope no one is foolish enough to interpret the above to mean that instruction in advanced mathematics, languages, and sciences, should not be taught in the Academy. On the contrary, I'd like to have them taught more intensively but only to those pupils whose achievement warrants it. These pupils are the ones likely to go to colleges. But for those pupils who have not acquired proficiency in the fundamentals, I should like to see instruction in them required. I believe this is the only way we can get our pupils to acquire the skills and knowledges we believe they should have."

The acceptance of the above instructional point of view requires teachers in the Academy to face the problems of differentiating instruction, something which was not necessary years ago. Formerly only about four percent of the children of school age attended secondary school. Standards were set up and those unable to meet them were forced to drop out. Now, sixty percent of the children of school age attend the Academy and probably five percent of them definitely cannot meet a high academic standard. The State requires children to attend school until they are sixteen years of age, and only a differentiated program gives these pupils a chance. The teachers in the Academy are trying to meet the problem by a greater amount of individual attention and adopting the instruction to each individual child.

I believe we have been reasonably successful in our efforts. Fewer pupils leave school than in former years as is shown in the size of the graduating classes. More pupils are showing interest in additional schooling beyond the Academy. Twelve of the thirty-seven graduates last June were admitted to colleges or higher schools. These graduates were accepted at Harvard, Boston University, Massachusetts Institute of Technology, Columbia, Lowell State Teachers' College, Lowell Textile, Massachusetts State College, Norwich, Becker Junior College, Forsythe Dental School, Burbank Hospital, Anna Jacque Hospital, and Lowell Commercial College.

The standardized tests given each year indicate achievement. The Cooperative Tests in various subjects were given to all pupils in the Academy last June. We had pupils in the upper percentile

ranks in nearly every subject. Our best results were in the field of English where in each of the four classes fifty percent of the class were above the middle of the national group. Several pupils in each class were in the upper five percent of the national group.

There is no need for anyone in Westford to be ashamed of the achievement of our boys and girls but there should be no complacency. Efforts to improve the instruction should be encouraged in every way possible. One of the best ways is by in-service training of teachers.

ATTITUDES, INSIGHTS, APPRECIATIONS

The problem of providing for individual development includes not only differentiating the instruction on all grade levels but developing the will to do, the drive, or the "habitual vision of greatness," the desire to do one's best.

All the knowledge in the world is of little value, and may be dangerous, if the "vision" of how it can be used for good living is not a driving force in a person's life. Helping pupils develop this driving force, a "passionate desire for goodness," a desire to do one's best, is the big task of teaching. Westford teachers recognize this obligation.

I have observed literature classes in which the teacher used the characters and their actions in the books being read as a vehicle for teaching good and evil in living. Over and over in the social studies classes one finds personages, events, and movements being analyzed in terms of goodness. I have heard science teachers emphasize the social aspects of science, the need to use scientific knowledge for good and not evil. I have seen teachers concern themselves with the attitudes and appreciations of their pupils toward, and of, beauty, courage, and truth.

Our teachers are constantly becoming more concerned in developing the desire for "goodness" than they are in the usual concept of character as training in fair play and discipline. This is to be commended for only as character becomes an intellectual matter and not blind habit can pupils develop a "habitual vision of greatness."

CITIZENSHIP

I believe the training in citizenship being given our pupils is commendable. Each school is considered a miniature society in which the pupils get opportunities to practice citizenship. All schools

REPORT OF SCHOOL PHYSICIAN

Members of the School Committee:

The following is my report as School Physician for the year ending December 31, 1946.

The usual physical examinations were made on all of the children attending the public schools of Westford. A separate physical examination was made to recheck all the cases in which major physical defects were found, in order that the parents of the children could be notified as to what procedure would be needed for them to see that the children would get the needed medical or surgical care when major defects were found.

A special examination was made on the pupils of the Academy who were to play football and basketball, in order that they could carry Liability Insurance and to find out if they were in the right physical condition to enter in these sports.

A large number of pupils were treated at the Abbot Worsted Hospital for minor surgical and medical conditions. These cases came to me as emergency cases referred to me by the Principals of the different schools.

Cooperation by the Board of Health Nurse, teachers, and parents of the children was splendid as it has been in the past.

Respectfully submitted,

DR. DWIGHT W. COWLES

Mr. Chester V. Sweatt Superintendent of Schools Westford, Massachusetts

Dear Sir:

Following is the report of the School Nurse from January 1, to December 31, 1946:

Schools visited	352
First aid and dressings	72
Children examined for minor ailments	214
Children recommended for exclusion because contagious disease, skin infection or pediculosis	23
Assisted at clinic for mentally retarded children. Number of children seen.	3
Vaccinations checked.	

Weighed and measured school children.

Audiometer, loaned by State Department of Public Health, used to check hearing of all school children in grades 4 to 12.

Assisted school physician with physical examination of school children in Spring and Fall of 1946.

Respectfully submitted,

DOROTHY A. HEALY, R. N.

Mr. Chester V. Sweatt, Supt. Westford Public Schools Westford, Mass.

My dear Mr. Sweatt:

I am pleased to submit the following report on the Handwriting program in the Westford Schools for the school year 1945-46.

In the initial Handwriting tests administered in September, 1940, 20% of your elementary school pupils received a grade of "A" (Excellent); 8% received a grade of "B" (Good); and 72% of the pupils had a grade below "B". In the June, 1946 tests, 73% were graded "A" (Excellent); 22% were graded "B" (Good); and 5% were graded less than "B". Handwriting Certificates were awarded to 81% of the eighth grade and 85% of the High School graduates. These scores indicate that excellent progress has been made, and I wish to compliment the pupils and teachers for their achievement.

During the school year we graded approximately 5250 formal and 15,750 informal samples of Handwriting for the elementary school children, and 1200 formal and 2400 informal handwriting samples for the High School pupils.

We furnished the following supplies during the year:- monthly outlines for the teachers, pupil folder outlines, room motivation certificates, monthly and term envelopes, handedness tests, individual handwriting certificates for the eighth and high school pupils who qualified, diagnostic charts and seals, etc.

My supervisors join with me in expressing our appreciation of the splendid co-operation we have received from you and your teachers at all times.

We are very pleased with the results obtained in your schools.

Sincerely yours,

W. L. RINEHART

NO-SCHOOL SIGNAL

The No-School signal will be two blows of the fire alarm whistle repeated three times.

The above signal will be given at 7:10 A. M. unless icing conditions about that time, in which case the No-School signal may be blown as late as 7:45 A. M.

The No-School announcement will be broadcast over stations WEEI, WBZ, WLLH, and WLAW whenever possible.

It is the policy of the School Department to keep schools in sessions on all days during which it is safe for busses to be operated. On days when the weather condition is questionable parents are urged to exercise their own judgment as to the wisdom of sending their children to school.

ANNUAL REPORT

OF THE

J. V. FLETCHER LIBRARY

OF THE

Jown of Westford

For the Year Ending December 31,

1946

REPORT OF THE TRUSTEES OF THE J. V. FLETCHER LIBRARY

January 1, 1947

The trustees of the J. V. Fletcher Library respectfully submit their annual report for 1946, including the report of the Librarian and the list of books added in 1946.

This year because of the added appropriation it was possible to make several improvements by replacing the old toilet, resurfacing and waxing all the floors in the building and making some repairs on the roof.

For a long time it has seemed desirable to have a simple planting around the front and side of the building. Some yew arbor vitae and Euonymus were secured from the Bay State Nursery Co. and the planting was made by Anthony Solazzo who also pruned the shrubbery at the rear of the building. In doing all this work it was found necessary to remove the brick walls of the old well beside the front steps which once furnished the drinking water for the Bancroft-Wright home which stood on this site. A beautiful picture of this house hangs on the wall in the Conversation room of the Library.

Since the building is now fifty years old there are many repairs and improvements still needed and to meet these expenses and to carry on the increased work of the library and its branches the trustees ask for the following appropriation, viz:

- 1. The sum of thirty-three hundred (\$3,300.00) dollars.
- 2. The receipts from the dog licenses in 1946.

WILLIAM C. ROUDENBUSH, Chairman WILLIAM R. TAYLOR ALICE M. HOWARD, Secretary

REPORT OF THE LIBRARIAN

January 1, 1947

To the Trustees of the J. V. Fletcher Library:

The librarian herewith submits her twenty-ninth annual report in the eighty-eighth year since a public library was started in Westford by the gift to the town of the books from the Social Library formed in 1797. June marked the fiftieth anniversary of the dedication of the present building, tho it was not possible to have any celebration of the event at that time.

In April of this year all the floors of the building were sanded and refinished making them much lighter in color which has improved their appearance so that visitors have expressed their pleasure and approval. It was necessary to close for four library days while this work and the necessary cleaning up was being done. Books were taken to the Frost school once during this period. On several other days library hours had to be curtailed as the library was too cold due to the failure of the furnace motor.

When the high school opened this fall the principal, Mr. Cook, decided to allow the pupils who go in busses to come to the library during their free periods on Tuesdays and Thursdays instead of having books taken to them once in three weeks as formerly. This gives the pupils a chance to become acquainted with the library and form the habit of using it. Also they have a wider selection of books from which to choose the subjects which interest them. This has been appreciated and more books have circulated. The pupils in the English classes of Mr. Wyman came to the library for instruction in the use of the library.

The deposit station at Nabnassett which has been in the home of Mrs. Edgar S. Peterson for several years was closed due to little use. It was reopened in December at the post-office in charge of Mrs. Edna G. MacLeod who reports that the circulation has been good. While this shows the difference between the use of a deposit in a public and private building, the trustees and librarian appreciate the privilege of having had the deposit station in the home of Mrs Peterson.

The circulation at the main library increased by nearly 1,100 and the total circulation by 423, tho there was a slight decrease in the children's department as well as in the villages. 254 more nonfiction were used this year than last. There have been a number of new borrowers as well as more high school pupils. The history section leads again with 573 books, followed by travel with 558, biography with 466 and useful arts with 395.

Among the exhibits in the Frost museum case was a copy of the document signed by the Japanese when they surrendered loaned by W. Carroll Furbush, the Caldecott and Newbery medal books, and a collection of figurines and cards appropriate to Christmas.

Special thanks are due to Mrs. William K. Budge for the many flowers with which she has kept the library supplied. Other flowers have been given by Miss Marion F. Winnek, Arthur L. Hope, Miss Alice M. Howard, and Miss Carole Palmer.

The Librarian has had the privilege of attending several library meetings this year. The meeting of the American Library Association which was cancelled during the war, was held at Buffalo, New York in June. While the weather was unsatisfactory and the rooming situation difficult it was a pleasure to meet old friends and gain inspiration. The Massachusetts Library Association has held three meetings at Harvard College in February, at Worcester in May and at Swampscott in October.

The circulation of magazines has increased over that of last year. American Cookery has changed its name to that of Better Food. Several new magazines have been added to the list. All except current numbers may be borrowed for one week and the list for the coming year is as follows:

REGULATIONS

The J. V. Fletcher Library is open Tuesdays, Thursdays, and Saturdays (legal holidays excepted) from 1:30 till 5, and from 6:30 till 9:00 P. M.

The Nabnasset deposit station at the Post Office in charge of Mrs. Edna G. MacLeod is open daily.

The Forge Village deposit station at the Post Office in charge of Miss Josephine P. Connell is open daily.

New books of fiction can be kept only one week; but there may be one renewal. All other books may be kept four weeks. Renewals may be made by telephone or by postal.

No book shall be transferred, or acknowledged as returned, unless delivered to the librarian:

For each day that a book is kept beyond the prescribed time a fine of one cent is charged.

Borrowers finding books mutilated or defaced should report the fact to the librarian.
